Hasbro Gaming C3890

Hasbro Gaming Battleship with Planes Strategy Board Game

Model: C3890

Brand: Hasbro Gaming

Introduction

This exclusive edition of the Battleship game includes 2 planes in addition to ships, for exciting aircraft combat. In head to head battle, players search for the enemy’s fleet of ships and aircraft, and destroy them one by one. With convenient portable battle cases and realistic looking naval crafts and planes, the Battleship game puts players right in the middle of the action. Each player announces the coordinates of each strike, and then hopes that it hits. Position ships strategically to survive opponent's relentless strikes, and track hits and misses with red and white pegs on the ocean grid. No ship or aircraft is safe in this game of stealth and suspense.

Components

The Battleship with Planes game includes the following components:

- 2 portable battle cases
- 10 plastic ships (various sizes)
- 2 plastic planes
- 84 red "hit" pegs
- 168 white "miss" pegs
- Label sheet
- Instructions (this manual)

Setup

1. Each player takes one portable battle case. Open the case to reveal two grids: a lower grid for placing your fleet and an upper, transparent grid for tracking opponent's shots.
2. Carefully detach all plastic ships and planes from their sprues if they are not already separated.
3. Place your 10 plastic ships and 2 plastic planes on the lower grid of your battle case. Ships and planes can be placed horizontally or vertically, but not diagonally. Ensure no two ships or planes occupy the same space. They must fit entirely within the grid.
4. Separate the red "hit" pegs and white "miss" pegs into their designated storage areas within the battle case.
5. Close the battle cases so that each player's fleet is hidden from the opponent's view.

Operating (How to Play)

Battleship with Planes is a two-player strategy game. The objective is to be the first player to sink all of your opponent's ships and crash all of their planes.

Gameplay Turn:

1. Players take turns calling out a coordinate (e.g., "A-5") on the upper grid, attempting to hit an opponent's hidden ship or plane.
2. The opponent must respond with either "Hit!" or "Miss!" based on whether the called coordinate

corresponds to a space occupied by one of their fleet pieces.

3. If it's a "Hit!": The attacking player places a red peg in the corresponding hole on their upper (tracking) grid. The defending player places a red peg in the corresponding hole on their lower (fleet) grid, indicating a hit on one of their pieces.
4. If it's a "Miss!": The attacking player places a white peg in the corresponding hole on their upper (tracking) grid. The defending player places a white peg in the corresponding hole on their lower (fleet) grid.
5. When all spaces occupied by a single ship or plane have been hit, the defending player must announce, "You sunk my [name of ship/plane]!"
6. The game continues until one player has successfully sunk all of their opponent's ships and planes. That player is the winner.

Maintenance

To ensure the longevity of your Battleship with Planes game:

- **Cleaning:** Wipe down plastic components with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store all game pieces, including ships, planes, and pegs, securely within the portable battle cases when not in use. This prevents loss of small parts and keeps the game organized.
- **Handling:** Handle the plastic components with care to prevent breakage, especially the pegs and the smaller ship/plane pieces.

Troubleshooting

This game is mechanical and does not typically require complex troubleshooting. If you encounter issues such as missing pieces, please refer to the "Warranty and Support" section for assistance.

- **Missing Pegs/Pieces:** Double-check all compartments of the battle cases. If pieces are genuinely missing, contact Hasbro Gaming customer support.
- **Difficulty Inserting Pegs:** Ensure pegs are aligned correctly with the holes. Do not force pegs, as this may damage the grid.

Specifications

Feature	Detail
Product Dimensions	2.87 x 10.51 x 10.51 inches
Item Weight	10.9 ounces
Model Number	C3890
Manufacturer Recommended Age	7 years and up
Number of Players	2
Country of Origin	USA

Safety Information

WARNING: CHOKING HAZARD. Not for children under 3 years.

This product contains small parts which may pose a choking hazard to young children. Adult supervision is recommended during play, especially with younger children within the recommended age range.
