4. SETUP

4.1. Charging the Earphones

Before first use, fully charge your EOZ One earphones. A full charge takes less than 90 minutes.

1. Connect the small end of the provided USB charging cable to the charging port on the inline remote of your earphones.
2. Connect the larger end of the USB cable to a USB power source (e.g., computer USB port, USB wall adapter).
3. The LED indicator on the remote will illuminate during charging and change color or turn off when charging is complete.

4.2. Bluetooth Pairing

To connect your EOZ One earphones to a Bluetooth-enabled device:

1. Ensure the earphones are turned off.
2. Press and hold the multi-function button on the inline remote until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "EOZ One" from the list of found devices.
5. Once connected, the LED indicator on the earphones will flash blue periodically or turn solid blue.

5. OPERATING THE EARPHONES

5.1. Wearing the Earphones

For optimal sound quality and comfort, ensure the earphones are worn correctly with the ear hooks positioned over your ears.

Image: A woman wearing the EOZ One earphones, showing the back profile and the cable routing.

Experiment with the different sizes of memory foam and silicon ear tips to find the best fit for your ears. A proper seal is crucial for bass response and noise isolation.

5.2. Inline Remote Controls

The inline remote provides convenient control over your audio and calls.

Button/Action	Function
Multi-function Button (Center)	<ul style="list-style-type: none">• Press once: Play/Pause music, Answer/End call• Press twice: Next track• Press three times: Previous track• Press and hold (2s): Activate voice assistant (Siri, Google Assistant)• Press and hold (5s, from off): Enter pairing mode
Volume +	Press once: Increase volume
Volume -	Press once: Decrease volume

6. MAINTENANCE

6.1. Cleaning

Regular cleaning helps maintain the performance and hygiene of your earphones.

- Wipe the earphones and inline remote with a soft, dry, lint-free cloth.
- For ear tips, remove them from the earphones and clean with a mild soap solution if necessary, then rinse thoroughly and allow to air dry completely before reattaching.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

6.2. Storage

When not in use, store your EOZ One earphones in the provided leather carrying pouch to protect them from dust, scratches, and tangles.

7. TROUBLESHOOTING

If you encounter issues with your EOZ One earphones, refer to the following common solutions:

Problem	Possible Solution
No power/Won't turn on	Charge the earphones fully. Ensure the charging cable is securely connected.
Cannot pair with device	Ensure earphones are in pairing mode (flashing blue/red). Turn off and on Bluetooth on your device. Move earphones closer to the device. Clear previous Bluetooth connections on your device.
No sound/Low volume	Increase volume on both earphones and connected device. Ensure earphones are properly paired. Check ear tip fit for a good seal.
Sound cuts out/Intermittent connection	Move closer to the connected device. Avoid obstacles between earphones and device. Reduce interference from other wireless devices.
Microphone not working	Ensure earphones are connected for calls. Check microphone settings on your device.

If the issue persists after trying these solutions, please contact customer support.
