Lenovo 65W USB Type-C AC Adapter Instruction Manual

Model: 4X20M26268

IMPORTANT SAFETY INFORMATION

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in electric shock, fire, or damage to the product or connected devices.

- Ensure the adapter is compatible with your device's power requirements. Refer to your device's manual for specifications.
- Use only with compatible Lenovo notebooks and tablets that feature a USB Type-C connection.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to disassemble or repair the adapter. Contact authorized service personnel for assistance.
- Keep out of reach of children.

PRODUCT OVERVIEW

The Lenovo 65W USB Type-C AC Adapter (Part Number 4X20M26268) provides efficient power delivery for compatible Lenovo devices. It is designed for use at home, in the office, or while traveling.

Package Contents

- Lenovo 65W USB Type-C AC Adapter
- USA 110V 2-Prong Wall Cord / Power Cord

Product Components

Image 1: The Lenovo 65W USB Type-C AC Adapter, showing the main adapter unit with the attached USB Type-C cable and the separate 2-prong power cord connection port.

Image 2: A top-down view of the Lenovo 65W USB Type-C AC Adapter, highlighting its compact design and the integrated USB Type-C cable.

SETUP

Follow these steps to properly connect and begin using your AC adapter:

- 1. Connect the Power Cord:** Insert the 2-prong power cord firmly into the AC input port on the adapter unit.
- 2. Plug into Wall Outlet:** Insert the other end of the 2-prong power cord into a standard 110V AC wall outlet.
- 3. Connect to Device:** Plug the USB Type-C connector from the adapter into the USB Type-C charging port on your compatible Lenovo notebook or tablet.
- 4. Verify Connection:** Ensure all connections are secure. Your device should indicate that it is receiving power or charging.

OPERATING INSTRUCTIONS

Once connected, the adapter will automatically begin charging your compatible device. The 65W output ensures fast and efficient charging.

- The adapter is designed to provide optimal power to your device. It may also be compatible with other USB Type-C devices that support power delivery, such as smartphones, but charging speed may vary.
- For best performance, ensure your device's battery is not completely depleted before connecting the charger.
- Disconnect the adapter from the wall outlet when not in use for extended periods.

MAINTENANCE

Proper care will extend the life of your AC adapter:

- **Cleaning:** Use a soft, dry cloth to clean the adapter. Do not use liquid cleaners or aerosols.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tightly winding the cables to prevent damage.
- **Cable Care:** Regularly inspect the cables for any signs of fraying, cuts, or damage. If damage is found, discontinue use and replace the adapter.

TROUBLESHOOTING

If you encounter issues with your adapter, refer to the following table:

| Issue | Possible Solution |
|-------|-------------------|
|-------|-------------------|

| Issue | Possible Solution |
|-------------------------|--|
| Device is not charging. | <p>Ensure all cables are securely connected.</p> <p>Try a different wall outlet.</p> <p>Verify the device's USB Type-C port is clean and free of debris.</p> <p>Confirm the adapter is compatible with your specific device model.</p> |
| Charging is slow. | <p>Ensure no other power-intensive tasks are running on the device.</p> <p>Check if the device is in use while charging; charging will be slower.</p> <p>Verify the adapter is providing the correct wattage (65W).</p> |
| Adapter feels hot. | <p>It is normal for the adapter to become warm during operation.</p> <p>Ensure adequate ventilation around the adapter. Do not cover it.</p> <p>If it becomes excessively hot or emits smoke/odor, disconnect immediately and cease use.</p> |

SPECIFICATIONS

| Feature | Value |
|---------------------|--|
| Brand | Lenovo |
| Model Number | 4X20M26268 |
| Wattage | 65 watts |
| Input Voltage | 110 Volts |
| Connector Type | USB Type-C |
| Compatible Devices | Lenovo USB-C enabled Notebooks and Tablets (e.g., X1 Carbon 5th/6th Gen, P51s) |
| Product Dimensions | 4.3 x 1.8 x 1.1 inches |
