# Hermitshell Hard Travel Case User Manual

Model: 4326194364

## 1. INTRODUCTION

This manual provides essential information for the proper use and care of your Hermitshell Hard Travel Case. This case is designed to provide robust protection for compatible GETIHU portable chargers, specifically the 10000mAh LED Display and 13000mAh models.

The case offers a secure and organized solution for transporting your power bank and small accessories, safeguarding them from physical damage during travel or storage.

## 2. KEY FEATURES

- **Durable Construction:** Made from high-quality EVA material to protect against bumps, dents, and scratches.
- **Custom Fit:** Specifically designed to securely hold GETIHU Portable Charger LED Display 10000mAh Power Bank and GETIHU 13000 mAh Power Bank.
- **Internal Storage:** Features an internal mesh pocket for organizing small accessories like charging cables or USB adapters.
- **Compact and Portable:** Lightweight design with an integrated D-ring for easy attachment to bags or straps.
- **Secure Closure:** Equipped with a reliable zipper closure to keep contents safe.

## 3. SETUP AND INITIAL USE

The Hermitshell Hard Travel Case requires minimal setup. Follow these steps to prepare your case for use:

1. **Unpack the Case:** Remove the case from its packaging.
2. **Open the Case:** Unzip the case completely to reveal the interior compartments.
3. **Insert Power Bank:** Carefully place your compatible GETIHU portable charger into the main compartment of the case. Ensure it sits snugly.
4. **Store Accessories:** Use the mesh pocket on the lid to store small items such as charging cables, earbuds, or small adapters.

5. **Close the Case:** Zip the case closed securely. Ensure no items are protruding that could obstruct the zipper.

## 4. OPERATING INSTRUCTIONS

Using your Hermitshell Hard Travel Case is straightforward:

- **Protection:** Keep your power bank and accessories inside the closed case when not in use or during transport to protect them from impacts, dust, and moisture.
- **Portability:** The compact design allows for easy storage in backpacks, luggage, or handbags. The integrated D-ring can be used to attach the case to a carabiner or strap for convenient carrying.

## 5. CARE AND MAINTENANCE

To ensure the longevity and effectiveness of your Hermitshell Hard Travel Case, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth.
- **Drying:** Allow the case to air dry completely before storing any electronic devices inside, especially after cleaning. Do not use direct heat sources for drying.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the EVA material and fabric.
- **Zipper Care:** If the zipper becomes stiff, apply a small amount of zipper lubricant or rub a graphite pencil lead along the zipper teeth to improve smoothness.
- **Storage:** Store the case in a cool, dry place away from direct sunlight when not in use.

## 6. TROUBLESHOOTING

If you encounter any issues with your Hermitshell Hard Travel Case, refer to the following common problems and solutions:

- **Problem:** My power bank does not fit inside the case.  
**Solution:** Ensure your power bank is a GETIHU 10000mAh LED Display or 13000mAh model. The internal dimensions of the case are approximately 6.6" x 3.3" x 0.7". If your device exceeds these dimensions, it may not fit.
- **Problem:** The zipper is difficult to open or close.  
**Solution:** Check for any fabric or debris caught in the zipper teeth. If clear, apply a small amount of zipper lubricant or rub a graphite pencil along the teeth to help it glide more smoothly.
- **Problem:** The case has an unusual odor.  
**Solution:** New EVA products may have a slight odor initially. Air out the case in a well-ventilated area for 24-48 hours. The odor should dissipate.
