## GreenYi GreenYi-131

# GreenYi 5G WiFi Wireless Backup Camera User Manual

MODEL: GREENYI-131

*Enhancing Your Driving Safety and Convenience*

## 1. INTRODUCTION

---

The GreenYi 5G WiFi Wireless Backup Camera provides a high-definition, stable, and convenient solution for vehicle rear and front view assistance. Utilizing 5G high-speed transmission technology, it offers faster connection speeds and more stable signal transmission compared to 2.4G WiFi cameras, minimizing image freeze.

### Key Features:

- **5G High-Speed Transmission:** Faster connection and stable video feed.
- **720P HD Resolution:** Clear 1280x720p video quality with a 130-degree viewing angle.
- **IP68 Waterproof:** Durable design for various weather conditions.
- **Dual View Capability:** Can be used as both front and rear view camera with image flip function.
- **Adjustable Guidelines:** Customize parking lines (width, height, position) via the app.
- **Smart Device Compatibility:** Connects to iPhone, iPad, Android smartphones, and tablets supporting Dual Band WiFi (2.4Ghz and 5Ghz).
- **Intelligent Voice Control:** Launch the app using voice commands on compatible devices.
- **Photo & Video Recording:** Capture and save images or videos directly to your smart device.

## 2. WHAT'S IN THE BOX

---
