ILIFE V3s Pro

ILIFE V3s Pro Robot Vacuum Cleaner User Manual

Model: V3s Pro | Brand: ILIFE

Introduction

The ILIFE V3s Pro Robot Vacuum Cleaner is designed for efficient and automatic floor cleaning, particularly effective for pet hair on hard floors and low-pile carpets. Its slim design allows it to clean under furniture, and it features automatic self-charging and intelligent obstacle avoidance.

What's in the Box

Ensure all components are present before setup:

- Robot Vacuum (x1)
- User Manual (x1)
- Remote Control (x1)
- Extra HEPA Filter (x2)
- Extra Side Brush (x2)
- Cleaning Brush (x1)
- AC Adapter (x1)
- Charging Dock (x1)

Setup

1. Initial Charging

Place the charging dock against a wall in an open area, ensuring there are no obstacles within 1 meter (3 feet) to the sides and 2 meters (6.5 feet) in front. Connect the AC adapter to the charging dock and a power outlet. Place the robot vacuum on the charging dock to fully charge before first use. The indicator lights will show charging status.

Figure 2: Robot vacuum automatically returning to its charging dock.

2. Remote Control Setup

Insert batteries into the remote control. The remote allows for easy operation, including setting daily cleaning schedules and selecting cleaning modes.

Operating Instructions

1. Cleaning Modes

The V3s Pro offers multiple cleaning modes:

- **Automatic Mode:** The robot cleans automatically based on a preset schedule.
- **Spot Mode:** Focuses cleaning on a specific area.
- **Edge Mode:** Cleans along walls and furniture edges.
- **Programming Mode:** Allows setting a specific start time for daily cleaning.

Figure 4: Illustration of the three primary cleaning modes.

2. Starting Cleaning

Press the "CLEAN" button on the robot or use the remote control to start a cleaning cycle. The robot will automatically return to its charging dock when the battery is low.

Figure 5: Scheduling a cleaning plan using the remote control.

3. Obstacle Avoidance

Built-in infrared sensors help the vacuum identify steps and obstacles, preventing falls and collisions. Its slim profile (3 inches high) allows it to clean under most furniture.

Figure 6: The 70mm slim body design enables cleaning under furniture.

Maintenance

Regular maintenance ensures optimal performance and longevity of your ILIFE V3s Pro.

1. Dustbin and Filter

Empty the dustbin and clean the filter after each use. Replace the filter every month to maintain suction efficiency.

2. Side Brushes

Regularly check and clean the side brushes for tangled hair or debris. Replace worn brushes as needed.

Figure 7: The V3s Pro is ideal for picking up pet hair with its tangle-free suction.

Troubleshooting

If your robot vacuum encounters issues, refer to the following common solutions:

- **Robot not charging:** Ensure the charging dock is properly connected to power and the robot is correctly aligned on the dock.
- **Reduced suction:** Check and empty the dustbin, clean or replace the filter. Ensure no blockages in the suction path.
- **Robot getting stuck frequently:** Clear obstacles like loose cables, thick rugs, or small objects from the cleaning area.
- **Unusual noise:** Check the side brushes and main suction port for any foreign objects or tangled hair.

For more detailed troubleshooting, please consult the Troubleshooting Guide (PDF) or the User Manual (PDF).

Specifications

Feature	Detail
Brand	ILIFE
Model Name	V3s Pro Robotic Vacuum
Special Feature	Cordless, Pet Hair Care, Tangle-free
Color	Pearl White
Product Dimensions	11.8"L x 11.8"W x 3"H
Filter Type	Cloth
Battery Life	90-100 minutes runtime per charge
Voltage	110 Volts
Capacity	300 Milliliters (Dust Bucket)
Control Method	Remote
Item Weight	4.5 pounds

Warranty and Support

The ILIFE V3s Pro comes with a 12-month warranty. For any product-related inquiries or support, please contact the U.S. customer service team. Note that renewed versions of the product are provided with a 3-month product warranty only. Additional resources:
