Redragon RED-S101-BA-2

Redragon S101-3 Wired RGB Gaming Combo Instruction Manual

Model: **RED-S101-BA-2** | Brand: **Redragon**

Introduction

This manual provides detailed instructions for the Redragon S101-3 Wired RGB Gaming Combo. This all-in-one bundle includes an RGB backlit gaming keyboard, an RGB backlit gaming mouse, a gaming headset, and a mouse pad. Please read this manual carefully to ensure proper setup, operation, and maintenance of your new gaming peripherals.

Setup

Follow these steps to connect your Redragon S101-3 Gaming Combo to your PC:

1. **Keyboard Connection:** Plug the USB-A connector of the keyboard into an available USB port on your computer. The keyboard's RGB backlighting should illuminate.
2. **Mouse Connection:** Plug the USB-A connector of the mouse into another available USB port on your computer. The mouse's RGB backlighting should illuminate.
3. **Headset Connection:** The headset features both a 3.5mm audio jack (for audio and microphone) and a USB-A connector (for RGB lighting).
    - For audio and microphone functionality, plug the 3.5mm jack into your computer's audio output and microphone input ports.
    - For RGB lighting on the headset, plug the USB-A connector into an available USB port.
4. **Mouse Pad Placement:** Place the gaming mouse pad on a flat surface where you intend to use your mouse.
5. **Driver Installation:** Your operating system (Windows 10, 8, 7, Vista, XP) should automatically detect and install the necessary drivers. No manual driver installation is typically required.
6. **Software Installation (Optional):** For advanced customization, including macro programming and detailed lighting control, download the official Redragon software from redragon.com.

Operating Instructions

Keyboard

- **RGB Backlighting:** The keyboard features 6 different RGB lighting modes and effects, 4 backlight brightness levels, and adjustable breathing speed. Use the dedicated function keys (FN + Insert, Home, End, Page Up, Page Down) to cycle through modes, colors, and adjust brightness/speed.
- **Multimedia Keys:** The keyboard includes 10 dedicated multimedia keys and 12 additional FN+ multimedia keys (total 114 keys) for quick access to media controls.
- **Anti-Ghosting:** Enjoy 26 conflict-free (n-Key Rollover) keys for precise tactile feedback during intense gaming

sessions.

- **Programmable Keys:** Utilize the Redragon software to customize key functions and create macros for enhanced gaming performance. The WIN key can be disabled for gaming to prevent accidental interruptions.

Mouse

- **Adjustable DPI:** The ergonomic gaming mouse offers user-adjustable DPI settings from 800 to 7200 DPI (800/1200/1600/2400/7200 DPI). Use the dedicated DPI button to cycle through sensitivity levels.
- **Programmable Buttons:** All 6 buttons on the mouse are programmable via the Redragon software, allowing for custom commands and macros.
- **Backlight Effects:** The mouse features multiple backlight effects and 10 Chroma lighting effects, which can be customized through the software.
- **Weight Tuning:** The mouse includes a weight tuning set to adjust its feel and balance to your preference.

Headset

- **Audio Quality:** The lightweight stereo gaming headset features 40mm directional drivers for extreme audio accuracy and 114dB sensitivity.
- **Noise-Canceling:** Closed-back ear cups provide noise isolation for immersive gaming.
- **Microphone:** An adjustable microphone is included for clear communication.
- **Comfort:** The adjustable headband and padded ear cups ensure ultimate comfort during long gaming sessions.

Mouse Pad

- **Surface:** The large size mouse pad offers a smooth surface for precise mouse movements.

- **Durability:** Designed to be waterproof and non-slip for stable gaming.

Maintenance

- **Cleaning:** Use a soft, damp cloth to clean the surfaces of the keyboard, mouse, and headset. Avoid harsh chemicals or abrasive materials.
- **Keyboard Keycaps:** For deeper cleaning, keycaps can be carefully removed and cleaned. Ensure the keyboard is unplugged before attempting this.
- **Cable Management:** Keep cables organized to prevent tangling and damage.

Troubleshooting

- **Device Not Detected:** Try plugging the device into a different USB port. Ensure all cables are securely connected.
- **Lighting Issues:** If RGB lighting is not working, check the function key combinations (e.g., FN + specific keys) for lighting control. Ensure the USB connector for the headset's RGB is plugged in.
- **Keys/Buttons Not Responding:** Ensure the device is properly connected. If using customization software, check for any conflicting settings or driver issues.
- **Audio/Microphone Issues:** Verify the 3.5mm audio jack is fully inserted into the correct ports. Check your computer's sound settings to ensure the headset is selected as the default input/output device.

Specifications

Feature	Detail
Brand	Redragon
Model Number	RED-S101-BA-2
