5. STORAGE AND HANDLING

To maintain the quality and efficacy of NuBest Collagen Collagen Peptides, store it properly.

- Store in a cool, dry place.
- Keep the bottle tightly closed when not in use.
- Protect from direct sunlight and excessive heat.

6. TROUBLESHOOTING

While NuBest Collagen Collagen Peptides is generally well-tolerated, consider the following if you experience any issues:

- **Allergic Reactions:** If you experience any signs of an allergic reaction (e.g., rash, itching, swelling, severe dizziness, difficulty breathing), discontinue use immediately and seek medical attention. Review the ingredient list carefully for known allergens.
- **Digestive Discomfort:** Some individuals may experience mild digestive upset when first taking new supplements. If discomfort persists, try taking the capsules with a larger meal or consult your healthcare provider.
- **No Visible Results:** Dietary supplements require consistent use over time to show effects. Ensure you are taking the recommended dose daily. Results may vary among individuals. Consider maintaining a healthy diet and lifestyle alongside supplementation.
- **Product Integrity:** If the product appears compromised (e.g., broken seal, unusual odor, discoloration), do not consume it. Contact NuBest customer support for assistance.

8. MANUFACTURER INFORMATION

NuBest, Inc. is committed to providing high-quality dietary supplements. The NuBest Collagen Collagen Peptides product is proudly made in the USA under strict quality control procedures, including Current Good Manufacturing Practice (GMP) certification.

WHY TAKE COLLAGEN?

With age, our natural collagen production starts to slow, leading to saggy skin, thinner hair, brittle nails, joint pain, and more. Without proper collagen intake, our bodies cannot replenish the collagen loss. As our diets are not always perfect, taking collagen supplements can be a helpful way to maintain a healthy and vibrant look!
