Philips Hue 915005236601

Philips Hue Muscari Smart Ceiling Light User Manual

Model: 915005236601 | Brand: Philips Hue

1. INTRODUCTION

The Philips Hue Muscari Smart Round Ceiling Light is designed to provide versatile lighting for your living spaces, offering a range of white light from warm to cool daylight. This smart luminaire integrates seamlessly into the Philips Hue ecosystem, allowing for control via the included dimmer switch, the Philips Hue app, and popular voice assistants.

2. SAFETY INFORMATION

WARNING: Risk of electric shock. Installation should only be performed by a qualified electrician in accordance with local electrical codes.

- Ensure power is disconnected at the circuit breaker before installation, maintenance, or removal.
- Do not attempt to modify the product.
- This product is designed for indoor use only.
- Keep away from water and damp environments.

3. PACKAGE CONTENTS

Verify that all components are present in the package:

- Philips Hue Muscari Smart Ceiling Light
- Philips Hue Dimmer Switch
- Power Plug
- Installation Guide

4. SETUP

4.1. Installation of the Ceiling Light

Due to the nature of electrical wiring, professional installation by a qualified electrician is highly recommended. Ensure the serial number of the light is noted before installation, as it may be required for adding the device to the Philips Hue system.

1. Turn off power to the existing light fixture at the circuit breaker.
2. Carefully remove the old fixture.
3. Follow the detailed wiring instructions provided in the separate installation guide included with the product.
4. Securely mount the Philips Hue Muscari Smart Ceiling Light to the ceiling.
5. Restore power at the circuit breaker.

4.2. Connecting to Philips Hue System (Optional)

For full smart features, connect the light to a Philips Hue Bridge (sold separately).

1. Ensure your Philips Hue Bridge is set up and connected to your home network.
2. Open the Philips Hue app on your smartphone or tablet.
3. Navigate to Settings > Lights > Add Light.
4. The app will search for new lights. If prompted, enter the serial number of the Muscari light.
5. Once detected, you can assign the light to a room and customize its settings.

Image 2: The Philips Hue Muscari Smart Round Ceiling Light displayed alongside the 'hue personal wireless lighting' logo, indicating its integration into the Philips Hue smart home ecosystem.

5. OPERATING

5.1. Using the Hue Dimmer Switch

The included Hue Dimmer Switch allows for direct control of the light without the need for a Hue Bridge or app.

- **On/Off Button:** Press the 'I' button to turn the light on, and the 'O' button to turn it off.
- **Dimming Buttons:** Use the '+' button to brighten the light and the '-' button to dim it.
- **Hue Button:** Press the Hue button to cycle through pre-set light scenes (e.g., Energize, Concentrate, Read, Relax).

5.2. Using the Philips Hue App

When connected to a Philips Hue Bridge, the app unlocks advanced functionalities:

- **Color Temperature Control:** Adjust the white light from warm (2200K) to cool daylight.
- **Scene Selection:** Choose from a wide range of pre-defined scenes or create your own.
- **Scheduling:** Set timers for the light to turn on/off or change scenes automatically.
- **Automation:** Create routines for personalized lighting experiences.
- **Out-of-Home Control:** Control your light from anywhere with an internet connection.

5.3. Voice Control

The Philips Hue Muscari light is compatible with major voice assistants:

- **Amazon Alexa:** Link your Philips Hue account in the Alexa app to control the light with voice commands (e.g., "Alexa, turn on the ceiling light").
- **Apple HomeKit:** Add the Hue Bridge to your HomeKit setup to control the light via Siri.
- **Google Assistant:** Link your Philips Hue account in the Google Home app to use voice commands.

6. MAINTENANCE

To maintain the appearance and performance of your Philips Hue Muscari Smart Ceiling Light:

- Ensure the power is off before cleaning.
- Wipe the light fixture with a soft, slightly damp cloth. Do not use abrasive cleaners or solvents.
- Do not immerse the light in water.
- Regularly check for any loose connections or damage. If damage is found, discontinue use and contact support.

7. TROUBLESHOOTING

7.1. Light Not Turning On

- Check if the circuit breaker is on.

- Ensure the light is properly installed and wired.
- Verify the dimmer switch has working batteries and is paired correctly.

7.2. Dimmer Switch Not Responding

- Replace the battery in the dimmer switch.
- Ensure the dimmer switch is within range of the light.
- If the light is connected to a Hue Bridge, the dimmer switch might need to be re-paired through the Hue app.

7.3. Connectivity Issues with Hue App/Bridge

- Ensure the Hue Bridge is powered on and connected to your router.
- Restart the Hue Bridge and your router.
- Check if the light is within range of the Hue Bridge.
- Update the firmware of the light and Hue Bridge via the Philips Hue app.
