PARFUMS DE MARLY Delina 2.5 Fl Oz (Pack of 1) - Instruction Manual

Brand: PARFUMS DE MARLY | Model: PM0006PV

Product Overview

The PARFUMS DE MARLY Delina fragrance is sculpted around a floral accord, dominated by Turkish rose, complemented by facets of lily of the valley and peony. This creates a sensual bouquet revolving around these exquisite flowers.

Benefits: Blended with the highest quality of rare and luxurious ingredients sourced from around the world, ensuring a rich and lasting scent experience.

Image: The Delina perfume bottle, a soft pink color with intricate detailing, stands next to its matching pink packaging box. The bottle features a silver cap and decorative tassels.

Setup

Your PARFUMS DE MARLY Delina fragrance comes ready for immediate use. No assembly or complex setup is required.

1. **Unboxing:** Carefully remove the perfume bottle from its packaging. Retain the original box for storage or travel, as it provides protection for the bottle.
2. **Initial Inspection:** Before first use, inspect the bottle for any signs of damage during transit. Ensure the cap is securely fastened.

Operating Instructions

To achieve the best and most lasting fragrance experience, follow these application guidelines:

- **Pulse Points:** Apply the fragrance to pulse points where the body heat helps to diffuse the scent. Common pulse points include the wrists, neck, behind the ears, and inner elbows.
- **Spraying Distance:** Hold the bottle approximately 5-7 inches (12-18 cm) away from your skin when spraying to ensure an even distribution of the mist.
- **Do Not Rub:** After applying, avoid rubbing your wrists together or rubbing the fragrance into your skin. This can break down the fragrance molecules and alter the scent's development.
- **Layering (Optional):** For a more intense and longer-lasting scent, consider layering with complementary scented body lotions or oils from the same fragrance line, if available.
- **Suggested Use:** Apply product as desired for long-lasting results.

Fragrance Notes

Delina Fragrance Profile

Category	Notes
Top Notes	Pear, Litchi, Grapefruit
Heart Notes	Rosa Damascena, Incense, Vetiver
Base Notes	Vanilla, Musk, Evernyl

These notes combine to create the unique and captivating aroma of Delina.

Maintenance

Proper care and storage will help preserve the quality and longevity of your fragrance.

- **Storage:** Store the perfume bottle in a cool, dark place, away from direct sunlight and extreme temperature fluctuations. Heat and light can degrade the fragrance over time.
- **Cap Security:** Always ensure the cap is tightly closed after each use to prevent evaporation and exposure to air, which can also affect the scent's integrity.
- **Cleaning:** If the bottle becomes dusty, gently wipe it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

Troubleshooting

If you encounter any issues with your Delina fragrance, consider the following common solutions:

- **Scent Fades Quickly:**
  - Ensure you are applying to pulse points.
  - Consider moisturizing your skin before application, as fragrance tends to last longer on hydrated skin.
  - Review storage conditions; improper storage can lead to faster degradation.
- **Scent Smells Different:**
  - Fragrance can react differently with individual body chemistry.
  - Check the storage conditions. Exposure to light or heat can alter the scent profile.
  - Ensure the product is not expired. While perfumes don't typically "expire" like food, their scent can change over several years.

- **Sprayer Malfunction:**
  - If the sprayer is clogged, gently wipe the nozzle with a damp cloth. Do not attempt to force or disassemble the sprayer.
  - If the issue persists, contact customer support.
