ZINUS OLB-QLBS-4K

ZINUS Quick Lock Metal Smart Box Spring Instruction Manual

Brand: ZINUS

PRODUCT OVERVIEW

The ZINUS Quick Lock Metal Smart Box Spring is engineered to provide outstanding stability and support for your mattress. Its robust steel frame and innovative Quick Lock assembly system ensure a hassle-free setup. Designed to accommodate latex, memory foam, or spring mattresses, this foundation offers a durable and comfortable base for years of restful sleep. The included fabric cover provides a clean, traditional box spring appearance, ensuring the metal structure remains discreetly hidden.

SETUP

Assembly of the ZINUS Quick Lock Metal Smart Box Spring is designed to be straightforward and efficient. All necessary parts, tools, and clear instructions are included in one compact package. The Quick Lock system minimizes the need for excessive bolts, allowing for quick and intuitive setup. Typically, one person can assemble the unit in approximately 30 minutes.

Assembly Steps:

1. Unpack all components and verify against the parts list in the included instruction sheet.
2. Assemble the main frame sections using the provided bolts and the included ratchet tool. Ensure all connections are secure.
3. Insert the metal slats into their designated U-shaped slots along the frame. Apply gentle force to ensure they are fully seated.
4. Once the frame is fully assembled and stable, carefully place the fabric cover over the frame. The cover is designed to fit like a fitted sheet and zips securely around the frame.
5. Position the assembled box spring onto your existing bed frame or platform bed.

OPERATING YOUR SMART BOX SPRING

The ZINUS Quick Lock Metal Smart Box Spring functions as a foundational support for your mattress. Its primary purpose is to provide a firm, even surface that extends the life and comfort of your mattress. The closely spaced steel slats ensure consistent support, preventing mattress sagging and promoting proper spinal alignment. This 4-inch low-profile design is ideal for those who prefer a lower bed height or have taller mattresses.

Bed frame not included

CARE AND MAINTENANCE

Maintaining your ZINUS Quick Lock Metal Smart Box Spring is simple. The poly jacquard fabric cover is machine washable, allowing for easy cleaning and hygiene. To clean, simply unzip and remove the cover from the metal frame. Wash the cover in cold water on a gentle cycle and tumble dry on low heat. Do not bleach. Ensure the cover is completely dry before reattaching it to the frame.

TROUBLESHOOTING

While the ZINUS Quick Lock Metal Smart Box Spring is designed for durability and ease of use, here are some common troubleshooting tips:

- **Noise/Squeaking:** If you experience any noise, ensure all bolts are securely tightened. Over time, connections may loosen slightly. Re-tightening all bolts, especially those connecting the main frame and central support beam, can resolve most noise issues.
- **Instability:** Verify that the box spring is placed on a flat, level surface and that your bed frame provides adequate support. Ensure all slats are properly seated in their U-shaped brackets.
- **Assembly Difficulty:** Refer to the detailed instruction manual provided with your product. Ensure all parts are correctly oriented before tightening bolts. Do not force components; if they don't fit easily, re-check the instructions.

PRODUCT SPECIFICATIONS

Feature	Detail
Product Dimensions (King)	79 x 75 x 4 inches
Item Weight	57.6 pounds
Item Model Number	OLB-QLBS-4K
Manufacturer	Zinus
Fabric Type	Steel Interior Frame With Steel Slats and a Poly Jacquard Cover
