3. Operating Instructions (Creative Play)

The LEGO City Town People Pack – Fun at The Beach set is designed for imaginative play. Once assembled, the various figures and accessories can be arranged to create countless beach-themed stories and scenarios. Here are some ideas for engaging with your set:

- **Water Sports:** Use the windsurfing board and kayak figures to simulate water activities. The dolphin figure can accompany the kayaker for an ocean adventure.
- **Beach Games:** Set up the volleyball net and ball for a game with the minifigures.
- **Relaxation:** Position minifigures on the hammock under the palm trees or enjoying ice cream from the stand.
- **Exploration:** Utilize the metal detector accessory for treasure hunting scenarios.
- **Safety:** Place the lifeguard minifigure in the lifeguard tower to oversee the beach activities.

4. Maintenance

4.1 Cleaning Your LEGO Bricks

To keep your LEGO elements clean, follow these guidelines:

- Use a mild soap solution and lukewarm water (not exceeding 40°C or 104°F).
- Gently wipe the bricks with a soft cloth or sponge.
- Rinse thoroughly with clear water to remove all soap residue.
- Air dry the bricks at room temperature. Avoid direct sunlight or high heat, as this can deform the plastic.
- Do not use harsh chemicals, abrasive cleaners, or dishwashers, as these can damage the plastic.

4.2 Storage

Store your LEGO set in a cool, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping of the plastic elements. Keeping the pieces in a designated container can help prevent loss and damage.

5. Troubleshooting

5.1 Missing Pieces

If you find that any pieces are missing from your new LEGO set, please contact LEGO Customer Service directly. They can assist you with obtaining replacement parts.

5.2 Difficulty Connecting Pieces

Ensure that you are aligning the studs and holes correctly. LEGO bricks are designed to fit together with a firm but not excessive amount of pressure. If a piece is difficult to connect, check for any obstructions or debris in the connection points. Avoid forcing pieces together, as this can cause damage.
