Brother BT5000Y

Brother BT5000Y Yellow Ink Bottle User Manual

Model: BT5000Y

1. INTRODUCTION

This manual provides instructions for the proper use and handling of the Brother BT5000Y Yellow Ink Bottle. This ink bottle is designed for use with compatible Brother DCP, HL, and MFC series inkjet printers, offering a yield of approximately 5,000 pages. Adhering to these instructions will help ensure optimal print quality and prolong the life of your printer.

2. SAFETY INFORMATION

Please read and follow these safety precautions to prevent injury or damage to your product and printer:

- Keep ink bottles out of reach of children.

- Do not ingest ink. If swallowed, seek medical attention immediately.
- Avoid contact with eyes. If ink gets into eyes, flush immediately with water and seek medical attention.
- Avoid prolonged contact with skin. Wash hands thoroughly after handling ink.
- Store ink bottles upright in a cool, dark place, away from direct sunlight and extreme temperatures.
- Do not attempt to disassemble or modify the ink bottle.
- Use only genuine Brother ink bottles to ensure optimal performance and prevent damage to your printer.

3. PACKAGE CONTENTS

The Brother BT5000Y Yellow Ink Bottle package typically includes:

- One (1) Brother BT5000Y Yellow Ink Bottle (48.8ml)

4. SETUP AND INSTALLATION

Follow these steps to refill the yellow ink tank in your compatible Brother inkjet printer.

4.1. Preparing the Printer

1. Ensure your printer is powered on.
2. Open the ink tank cover on your printer. This cover typically provides access to the individual ink tanks.
3. Locate the yellow ink tank. It is usually labeled with a "Y" for Yellow.
4. Carefully open the cap of the yellow ink tank.

4.2. Refilling the Ink Tank

5. Unscrew the cap from the Brother BT5000Y Yellow Ink Bottle.
6. Insert the nozzle of the ink bottle firmly into the yellow ink tank's refill port. The bottle is designed to fit securely and prevent spills.
7. Allow the ink to drain completely into the tank. Do not squeeze the bottle. The ink will stop flowing automatically once the tank is full.
8. Once the ink has stopped flowing, carefully remove the ink bottle from the tank.

9. Replace the cap on the yellow ink tank securely.
10. Close the ink tank cover on your printer.

5. OPERATING INSTRUCTIONS

After refilling the ink tank, your printer is ready for use. The printer's internal system will automatically detect the new ink level. If you experience any issues with print quality, refer to your printer's user manual for instructions on performing print head cleaning or alignment.

6. MAINTENANCE

- Always keep the ink bottle cap securely closed when not in use to prevent ink from drying out or contamination.
- Store unused ink bottles in their original packaging until needed.
- Do not expose ink bottles to extreme temperatures or direct sunlight.
- Ensure the printer's ink tank caps are properly closed after refilling to prevent evaporation and maintain print quality.

7. TROUBLESHOOTING

If you encounter issues related to ink, consider the following:

- **Low Ink Warning:** If your printer displays a low ink warning after refilling, ensure the ink tank cap was properly closed and the ink bottle was fully drained. Some printers may require a few print cycles to recalibrate ink levels.
- **Poor Print Quality (Yellow):** If yellow prints appear faded or streaky, check if the yellow ink tank is sufficiently filled. If the tank is full, refer to your printer's manual for instructions on performing a print head cleaning or nozzle check.
- **Ink Spills:** In case of an ink spill, wipe immediately with a damp cloth. For stubborn stains, use a mild detergent.
- **Printer Not Recognizing Ink:** Ensure you are using a genuine Brother ink bottle. If the issue persists, consult your printer's user manual or Brother customer support.

8. SPECIFICATIONS

Model Name	BT5000Y
Brand	Brother

Ink Colour	Yellow
Page Yield	Up to 5,000 pages (based on Brother Original Methodology with test patterns ISO/IEC 24712)
