

Altec Lansing MZW101-BLK

Altec Lansing MZW101-BLK Bluetooth Earphones User Manual

Model: MZW101-BLK | Brand: Altec Lansing

INTRODUCTION

The Altec Lansing MZW101-BLK Bluetooth Earphones are designed to provide high-quality audio in a durable, waterproof form factor. These in-ear earbuds feature a 9mm dynamic driver for clear sound and are built for active lifestyles, including running and gym workouts. With an IPX7 rating, they can withstand immersion in water up to 1 meter for 30 minutes. The earphones include an on-board microphone and integrated controls for managing music and calls efficiently.

Key Features:

- High-caliber performance audio with 9mm dynamic drivers.
- IPX7 waterproof rating, submersible up to 1 meter for 30 minutes.
- Integrated on-board microphone for hands-free calls.
- Convenient song navigation and telephony buttons.
- Up to 6 hours of battery life.
- 33-foot wireless Bluetooth range.

WHAT'S IN THE BOX

Upon opening your Altec Lansing MZW101-BLK package, you should find the following items:

- Altec Lansing MZW101-BLK Bluetooth Earphones
- USB Charge Cable
- Additional Earbud Tips (various sizes)

Image: The Altec Lansing MZW101-BLK Bluetooth Earphones, featuring the black earbuds with ear hooks, an inline remote control on the left cable, and a rectangular battery pack on the right cable, all connected by a flat black cable.

SETUP

1. Charging the Earphones

Before first use, fully charge your earphones. Locate the USB charging port, typically covered by a rubber flap for water resistance. Connect the included USB charge cable to the earphones and to a standard USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status (e.g., red for charging, blue for fully charged). A full charge provides up to 6 hours of playback.

2. Bluetooth Pairing

1. **Power On:** Press and hold the power button on the inline remote control until the LED indicator flashes, usually alternating red and blue, indicating pairing mode.

2. **Activate Bluetooth:** On your smartphone, tablet, or other Bluetooth-enabled device, go to the Bluetooth settings and ensure Bluetooth is turned on.
3. **Select Device:** Look for "MZW101-BLK" or "Altec Lansing MZW101" in the list of available devices. Select it to initiate pairing.
4. **Confirm Connection:** Once successfully paired, the LED indicator on the earphones will typically turn solid blue or flash slowly, and your device will confirm the connection.

Note: If prompted for a passcode, enter "0000". The earphones will automatically attempt to reconnect to the last paired device when powered on.

3. Fitting the Earphones

Proper fit is crucial for sound quality and comfort. Experiment with the different sizes of earbud tips provided to find the best seal for your ear canal. The earphones also feature ear hooks designed to secure them during physical activity. Gently insert the earbud into your ear and adjust the ear hook to rest comfortably and securely within your outer ear.

OPERATING INSTRUCTIONS

Controls Overview

The inline remote control provides access to various functions:

- **Power Button (Multi-function Button):**
 - Press and hold to Power On/Off.
 - Press once to Play/Pause music.
 - Press once to Answer/End calls.
 - Press and hold to Reject calls.
- **Volume Up (+) Button:**
 - Press once to increase volume.
 - Press and hold to skip to the next track.
- **Volume Down (-) Button:**
 - Press once to decrease volume.
 - Press and hold to go to the previous track.

Music Playback

Once paired, you can control your music directly from the earphones:

- **Play/Pause:** Press the Power/Multi-function button once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.
- **Volume Adjustment:** Press the Volume Up (+) or Volume Down (-) buttons briefly.

Making and Receiving Calls

The built-in microphone allows for hands-free calling:

- **Answer Call:** Press the Power/Multi-function button once when a call comes in.
- **End Call:** Press the Power/Multi-function button once during a call.
- **Reject Call:** Press and hold the Power/Multi-function button when a call comes in.

- **Redial Last Number:** Double-press the Power/Multi-function button (functionality may vary by device).

Waterproof Functionality (IPX7)

The MZW101-BLK earphones are rated IPX7, meaning they are protected against immersion in water up to 1 meter (3.3 feet) for up to 30 minutes. This makes them suitable for use during workouts, in light rain, or accidental splashes. **Do not** intentionally submerge the earphones for extended periods or use them for swimming. Ensure the charging port cover is securely closed before exposure to water.

MAINTENANCE

Cleaning

To maintain optimal performance and hygiene:

- Regularly wipe the earbuds and cables with a soft, dry, lint-free cloth.
- For earwax buildup on the earbud tips, gently remove the tips and clean them with a mild soap solution and water. Ensure they are completely dry before reattaching.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

Storage

When not in use, store your earphones in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid tangling the cables to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earphones do not power on.	Low battery.	Charge the earphones fully using the provided USB cable.
Cannot pair with device.	Earphones not in pairing mode; Bluetooth off on device; device too far.	Ensure earphones are in pairing mode (flashing red/blue). Turn Bluetooth on your device. Move device closer (within 33 ft). Forget device on your phone and re-pair.
No sound or low volume.	Volume too low on earphones or device; not properly connected.	Increase volume on both earphones and connected device. Ensure earphones are properly paired and connected.
Sound cutting in and out.	Interference; device out of range; low battery.
