3. SETUP

1. **Driver Installation:**

   - Insert the provided Installation CD into your computer's CD-ROM drive. Follow the on-screen instructions to install the tablet driver.
   - Alternatively, download the latest driver from the official HUION website (www.huion.com) for your specific operating system (Windows 7 or later, macOS 10.11 or later).
   - Ensure any previous tablet drivers are uninstalled before installing the HUION driver.

2. **Connecting the Tablet:**

   - **Wireless Connection:** Plug the Wireless Receiver into an available USB port on your computer. Turn on the tablet using the power switch. The tablet will automatically connect.
   - **Wired Connection:** Connect the Micro USB Cable from the tablet to an available USB port on your computer.

3. **Pen Setup:**

- The PF150 pen is rechargeable. Connect the Pen Charging Cable to the pen and a USB power source to charge it before first use.
- To replace a nib, use the built-in nib extractor by unscrewing the pen stand.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the tablet surface. Avoid using harsh chemicals or abrasive materials.
- **Pen Nibs:** Replace pen nibs when they show signs of wear to maintain optimal performance. Extra nibs are provided in the pen stand.
- **Battery Care:** Charge the pen and tablet regularly to prolong battery life. Avoid completely draining the battery frequently.

6. TROUBLESHOOTING

- **No Pen Response:**

  - Ensure the tablet is powered on and the wireless receiver is properly connected, or the USB cable is securely plugged in.
  - Check if the pen battery is charged.
  - Verify that the driver is correctly installed and running.

- **Driver Issues:**

  - If you experience unexpected behavior, try reinstalling the latest driver from the HUION website.
  - Ensure no other tablet drivers are conflicting with the HUION driver.

- **Connection Problems:**

  - For wireless connection, try a different USB port for the receiver or move closer to the computer to reduce interference.
  - For wired connection, ensure the Micro USB cable is not damaged and is firmly connected.
