Sluban M38-B0371

Sluban M38-B0371 Aviation Blocks Plane Bricks Toy Instruction Manual

1. Product Overview

The Sluban M38-B0371 Aviation Blocks Plane Bricks Toy is a construction set designed for building an air freighter aircraft and associated ground support vehicles and figures. This set provides a detailed building experience, resulting in a model with interactive features.
Key features of this set include:

- **Total Pieces:** 383 individual building blocks.
- **Main Model:** One Aviation Plane (Air Freighter).
- **Additional Models:** One car, one set of goods, and one stair climbing vehicle.
- **Figures:** Four Sluban dolls with articulated heads, wrists (15-degree rotation), and waists (360-degree rotation).
- **Realistic Wheels:** Simulation rubber wheels for enhanced realism on vehicles.

2. Package Contents

Upon opening the package, verify that all components are present. The set includes the following items:

- 383 ABS Plastic building blocks.
- Full-color glossy instruction manual for assembly.
- Mini figures (Sluban Dolls).
- Components to build one plane, one car, one set of goods, and one stair climbing vehicle.

Figure 2.1: All components included in the Sluban M38-B0371 set. This includes the main airplane model, a small car, a set of cargo blocks, passenger steps, and four articulated Sluban figures.

3. Assembly Instructions

Follow the detailed, full-color glossy instruction manual provided within the package for step-by-step assembly. It is recommended to sort the blocks by color and shape before beginning construction.

1. **Unpack Components:** Carefully open the packaging and remove all plastic bags containing the building blocks.
2. **Organize Blocks:** For easier assembly, sort the blocks into groups based on their color, size, or type.
3. **Consult Manual:** Refer to the included instruction booklet. Each step is illustrated to guide you through the construction process.
4. **Follow Sequence:** Build the models in the order presented in the manual to ensure correct structural integrity.
5. **Secure Connections:** Ensure all blocks are firmly pressed together to create stable connections.

Figure 3.1: Assembled Sluban M38-B0371 air freighter, demonstrating the opening cargo bay for loading and unloading operations.

4. Operating Instructions

Once assembled, the Sluban M38-B0371 set offers several interactive features:

- **Aircraft Movement:** The plane features functional wheels, allowing it to be rolled across smooth surfaces.
- **Cargo Bay Access:** The air freighter includes an opening cargo bay. This allows for the loading and unloading of the included 'goods' blocks or other small accessories.
- **Dolls Articulation:** The four Sluban dolls have movable heads and wrists (15-degree rotation) and waists (360-degree rotation), enabling various poses and interactions with the vehicles.
- **Ground Vehicles:** The car and stair climbing vehicle can be moved independently and used in conjunction with the plane for imaginative play scenarios.

5. Maintenance

Proper care will ensure the longevity of your Sluban building block set.

- **Cleaning:** To clean the blocks, wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.
- **Storage:** Store the assembled models or loose blocks in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic.
- **Disassembly:** If disassembling, do so carefully to avoid stressing or breaking the plastic connectors.

6. Troubleshooting

Should you encounter any issues during assembly or use, consider the following:

- **Missing Pieces:** Double-check all packaging and sorting areas. If a piece is genuinely missing, refer to the manufacturer's support information (if available) for replacement parts.
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply firm, even pressure. Avoid forcing blocks together if they do not fit, as this may indicate an incorrect piece or orientation.
- **Model Instability:** Review the assembly steps in the instruction manual to ensure all connections are secure and no steps were missed.

7. Specifications

Attribute	Detail
Model Number	M38-B0371
Brand	Sluban
Material	ABS Plastic
Number of Pieces	383
Item Dimensions (Plane)	Approximately 15.5 inches (Length)
Overall Item Dimensions	33 x 30.5 x 5.1 Centimeters (Packaging/Box)
Item Weight	748 g
Assembly Required	Yes (User Assembly)
GTIN / UPC	793585906712
