# Retevis Two Way Radio Earpiece Instruction Manual

Model: FJ9118A10

## 1. PRODUCT OVERVIEW

---

This manual provides instructions for the Retevis K-head 2-pin earhook earpiece, designed for use with compatible two-way radios. These earpieces offer clear audio transmission and reception, featuring a comfortable C-type earhook design and an integrated Push-to-Talk (PTT) microphone.

## 2. SETUP AND COMPATIBILITY

The Retevis earhook earpiece features a K-head 2-pin connector for broad compatibility with various two-way radio models.

### 2.1 Compatible Radios

This earpiece is compatible with radios featuring a K-head 2-pin jack, including but not limited to:

- Retevis: RT22, RT21, RT68, RT68H, H777, H777H, RT27, RT86, RT86A, RT86S
- Pxtion
- Baofeng: BF-888S, BF-T26, UV-5R, UV-82
- Kenwood

## 2.2 Connecting the Earpiece

1. Locate the 2-pin audio jack on your compatible two-way radio.
2. Align the K-head 2-pin connector of the earpiece with the radio's jack.
3. Gently push the connector firmly into the radio's jack until it is securely seated. Do not force the connection.

### 3. OPERATING INSTRUCTIONS

The earpiece allows for hands-free communication with your two-way radio.

#### 3.1 Push-to-Talk (PTT) Button and Microphone

The earpiece features an inline PTT button and microphone. To transmit, press and hold the PTT button. Release the button to listen.

- **PTT Button:** Press and hold to transmit your voice. Release to receive.
- **Microphone:** Ensure the microphone is positioned clearly to pick up your voice. The remote clip allows you to attach it to your collar or clothing for optimal voice capture.

Image: A detailed view of the inline PTT button and microphone, indicating their functions.

### 3.2 Audio Quality

The earpiece is designed to deliver clear sound quality for effective communication.

## 4. MAINTENANCE AND CARE

Proper care will extend the lifespan of your earpiece.

- **Cleaning:** Wipe the earpiece and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the earpiece in a clean, dry place when not in use. Avoid extreme temperatures.
- **Cable Management:** Avoid sharp bends or excessive pulling on the cable to prevent internal damage. The tangle-free cable feature helps maintain its integrity.

## 5. TROUBLESHOOTING

If you encounter issues with your earpiece, try the following steps:

- **No Audio / Intermittent Audio:**

- Ensure the earpiece connector is fully and securely inserted into the radio's jack.
- Unplug the earpiece and plug it back in firmly.
- Check the radio's volume settings.
- Test the earpiece with another compatible radio, if available, to determine if the issue is with the earpiece or the radio.

- **Microphone Not Transmitting:**

- Ensure the PTT button is fully pressed when speaking.
- Verify the microphone is not obstructed and is positioned correctly.

- **Earpiece Discomfort:**

- Adjust the earhook for a more comfortable fit. The C-type design is flexible.

## 6. SPECIFICATIONS
