ToysBuggy Cogo Army Action Block Set 3007-1 User Manual

Model: 3007-1 (Part Number: LBS008)

1. Introduction

This manual provides instructions for the assembly and use of the ToysBuggy Cogo Army Action Block Set 3007-1. This set includes 93 pieces designed for building various army action models, fostering creative thinking and imagination.

2. Important Safety Information

- **WARNING: CHOKING HAZARD** – Small parts. Not suitable for children under 3 years.
- This product is made of high-quality, durable, non-toxic ABS plastic material.
- Adult supervision is recommended during assembly and play.
- Ensure all pieces are securely connected to prevent detachment during play.

3. Package Contents

Verify that all components are present in the box:

- 93 x Cogo Army Action Building Blocks
- 1 x Instruction Sheet (for detailed assembly diagrams)

4. Setup and Assembly

The Cogo Army Action Block Set allows for the construction of three different models from a single pack. Follow the included instruction sheet for detailed step-by-step assembly.

1. **Unpack Components:** Carefully remove all block pieces from the packaging.
2. **Review Instructions:** Refer to the separate instruction sheet provided in the box for specific model assembly

diagrams.

3. **Assemble Model:** Connect the blocks according to the diagrams to build your desired army action vehicle. Ensure all connections are firm.

6. Maintenance and Care

- **Cleaning:** Wipe blocks with a damp cloth and mild soap if necessary. Do not submerge in water.
- **Storage:** Store blocks in a dry, cool place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check for any damaged or broken pieces. Discard damaged pieces to prevent injury.

7. Troubleshooting

- **Missing Pieces:** If you believe pieces are missing, carefully check the packaging and surrounding area. Contact customer support if pieces are genuinely absent.
- **Difficulty Assembling:** Refer to the instruction sheet. Ensure blocks are oriented correctly and sufficient force is applied for connection. Some connections may require a firm push.
- **Model Instability:** Verify all connections are secure. Incorrectly placed blocks can lead to instability. Re-check the assembly steps.
