artnaturals Aromatherapy Essential Oil Diffuser - User Manual

Model: ANEA-0009

INTRODUCTION

Welcome to your artnaturals Aromatherapy Essential Oil Diffuser. This ultrasonic aroma humidifier is designed to enhance your home, office, or bedroom environment with soothing scents and calming mist. Please read this manual carefully before use to ensure proper operation and maintenance.

KEY FEATURES

- **Ultrasonic Cool Mist Technology:** Provides maximum vapor dispersal without heat, preserving the therapeutic properties of essential oils.
- **150ml Tank Capacity:** Allows for continuous operation for up to 4.5 hours.
- **Automatic Shut-Off:** For safety and peace of mind, the diffuser automatically turns off when the water tank is empty.
- **Timer Settings:** Offers optional 1-hour or 3-hour timer modes for customized diffusion.
- **Color-Changing LED Light:** Features a vibrant LED light that cycles through multiple colors, enhancing ambiance or serving as a gentle night light.
- **Adjustable Mist Levels:** Provides precise control over the intensity of the aromatherapy experience.
- **No-Heat Operation:** Ensures the potency and purity of your essential oils are maintained.
- **Special Tank Design:** Engineered to prevent residual water buildup.

essential oil diffuser

for stress reduction and relax

This image illustrates the key features of the artnaturals essential oil diffuser, highlighting its ultrasonic wave technology and adjustable mist levels for a personalized aromatherapy experience.

SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Place the diffuser on a flat, stable surface away from direct sunlight, heat sources, or air conditioning vents.
3. **Remove Cover:** Gently lift the top cover of the diffuser.
4. **Fill Water Tank:** Fill the 150ml water tank with clean tap water. Do not exceed the maximum fill line indicated inside the tank.

artnaturals®

safe use

automatic shut-off feature ensures peace of mind by turning off the device when it's not in use, enhancing safety and convenience

colorful rest

color-changing feature transforms your space into a visually enchanting oasis, enhancing both ambiance and relaxation

safe & stylish

This image shows the process of filling the diffuser's water tank with water, ensuring it does not exceed the maximum fill line.

5. **Add Essential Oil:** Add 5-7 drops of your preferred artnaturals essential oil directly into the water tank. Adjust the number of drops based on desired aroma intensity.
6. **Replace Cover:** Securely place the top cover back onto the diffuser, ensuring it is properly aligned.
7. **Connect Power:** Plug the power adapter into the diffuser's power port and then into a standard wall outlet.

OPERATING INSTRUCTIONS

Your artnaturals diffuser features two control buttons located on the front: **LIGHT** and **MIST**.

Mist Control

- Press the **MIST** button once to turn on continuous mist.
- Press the **MIST** button again to cycle through timer settings (1H for 1 hour, 3H for 3 hours).
- Press and hold the **MIST** button to turn off the mist function.

The diffuser will automatically shut off when the water level is too low, regardless of the timer setting.

Light Control

- Press the **LIGHT** button once to turn on the color-changing LED light. The light will cycle through various colors.
- Press the **LIGHT** button again to pause on your desired color.
- Press and hold the **LIGHT** button to turn off the light function.

This video demonstrates how to operate the artnaturals essential oil diffuser, including filling it with water and oil, and controlling the mist and color-changing light functions.

MAINTENANCE

Cleaning the Water Tank

1. Ensure the diffuser is unplugged before cleaning.
2. Empty any remaining water from the tank.
3. Wipe the inside of the water tank with a soft cloth or sponge.
4. For deeper cleaning, use a cotton swab dipped in white vinegar to gently clean the ultrasonic plate.
5. Rinse thoroughly with clean water, avoiding getting water into the air outlet.
6. Dry all parts completely before reassembling.

Storage

When not in use for an extended period, clean and dry the diffuser thoroughly and store it in a cool, dry place.

TROUBLESHOOTING

Issue	Solution
Diffuser not turning on.	Check power connection. Ensure water level is above the minimum mark.
No mist or weak mist.	Ensure enough water is in the tank. Clean the ultrasonic plate. Ensure the cover is properly aligned.
Unusual noise.	Ensure the diffuser is on a flat, stable surface. Check for foreign objects in the water tank.
