INFINITIPRO BY CONAIR 2-in-1 Styler User Manual

Model: B071R49CS9

Brand: Conair

INTRODUCTION

The INFINITIPRO BY CONAIR 2-in-1 Styler is a versatile hair styling tool designed to create both straight and curly hairstyles. This device combines the functionality of a flat iron and a curling iron, featuring stainless steel outer barrels and black titanium ceramic-coated plates. It is equipped with advanced heating technology and an ion generator to help achieve smooth, shiny, and frizz-free results.

KEY FEATURES

- **2-in-1 Functionality:** Designed to curl, wave, or straighten hair with a single tool.
- **Adjustable Heat Settings:** Features 5 LED heat settings, reaching up to 400°F (204.4°C), suitable for various hair types.
- **Fast Heat-Up:** Advanced ceramic heater allows for a 30-second heat-up time.
- **Ion Generator:** Helps condition and smooth hair cuticles, reducing static electricity, frizz, and flyaways while enhancing shine.
- **Durable Construction:** Warp-resistant stainless housing ensures plate alignment and longevity.
- **Extra-Long Plates:** 1-inch extra-long black titanium ceramic-coated plates provide better hair contact for faster styling.
- **Safety Features:** Includes an auto-off function for peace of mind and 2 removable silicone cool tips for heat protection.
- **Professional Cord:** Equipped with a 6 ft. professional power swivel cord for ease of use.

SAFETY INFORMATION

WARNING: To reduce the risk of burns, electrocution, fire, or injury to persons:

- Surfaces get extremely hot during use. Avoid direct contact with skin.
- Keep away from water. Do not use near bathtubs, sinks, or other water sources.
- Unplug when not in use. Do not leave unattended when plugged in.
- Keep out of reach of children.
- Do not use if the cord or plug is damaged.
- Do not block the air openings or place on a soft surface where the openings may be blocked.

SETUP

1. Unpack the styler and ensure all components are present.
2. Remove any protective packaging or labels.
3. Ensure your hair is clean, dry, and free of tangles before use.
4. Plug the styler into a standard electrical outlet.
5. Press the "ON/OFF" button to turn on the device.
6. Select your desired heat setting using the "+" and "-" buttons. The LED indicators will show the selected temperature.
7. Allow the styler to heat up for approximately 30 seconds until the indicator light stops blinking.

OPERATING INSTRUCTIONS

Straightening Hair

For best results, work with small sections of hair. The 1-inch extra-long floating plates ensure optimal contact for efficient straightening.

1. Ensure the styler is heated to your desired temperature.
2. Take a small section of hair (approximately 1-2 inches wide).
3. Place the hair section between the ceramic plates, close to the roots.
4. Gently clamp the plates together and glide the styler slowly and evenly down the hair section to the ends.
5. Release the hair and repeat the process on other sections until all desired hair is straightened.

STRAIGHTEN

Video: Official product video demonstrating how to use the INFINITIPRO BY CONAIR 2-in-1 Styler for both curling and straightening.

Curling or Waving Hair

The stainless steel outer barrel heats up to 265°F (129.4°C) to help set curls and waves. The removable silicone cool tips provide a safe grip.

1. Ensure the styler is heated to your desired temperature.
2. Take a small section of hair.
3. Open the styler and place the hair section between the plates, close to the roots.
4. Close the plates and wrap the hair section around the heated stainless steel outer barrel.
5. Hold for a few seconds (adjusting time for desired curl tightness).
6. Gently release the hair and repeat on other sections.

CURL

Pro Tips

- Use the flat iron plates to create S-waves by gently clamping and twisting the styler as you glide down the hair.
- Easily wrap hair around the barrel for loose waves. The lock feature helps maintain the barrel shape.

PRO TIP #1
USE THE FLAT
IRON TO CREATE
S-WAVES

MAINTENANCE

To ensure optimal performance and longevity of your styler, follow these cleaning instructions:

- Always unplug the styler and allow it to cool completely before cleaning.
- Wipe the exterior surfaces with a damp cloth.
- Do not use abrasive cleaners or solvents.
- Ensure the styler is completely dry before storing or next use.
- The removable silicone cool tips can be cleaned with mild soap and water. Ensure they are dry before reattaching.

TROUBLESHOOTING

- **Styler not heating up:** Ensure the device is properly plugged into a working outlet and the "ON/OFF" button has been pressed. Check the heat setting.
- **Hair not styling as desired:** Ensure hair is completely dry before use. Adjust the heat setting

according to your hair type and desired style. Work with smaller sections of hair.

- **Frizz or static:** The ion generator is designed to reduce frizz. Ensure the styler is clean and free of product buildup. Consider using a heat protectant spray.
- **Device making a soft clicking sound:** This is normal operation and indicates the ion generator is active.

SPECIFICATIONS

- **Product Benefits:** Curling, Frizz Control
- **Shape:** Flat
- **Material:** Titanium
- **Color:** Black
- **Hair Type:** All
- **Resulting Hair Type:** Curly, Straight
- **UPC:** 074108369864
- **Unit Count:** 1 Count
- **Item Dimensions L x W:** 13.88"L x 2.38"W
- **Power Source:** Corded Electric
- **Max Temperature Setting:** 204.4 Degrees Celsius (400 Degrees Fahrenheit)
- **Heater Surface Material:** Titanium
