Eurofase Vaughan 31783-019 LED Chandelier Instruction Manual

Model: 31783-019 | Brand: Eurofase

INTRODUCTION

This manual provides comprehensive instructions for the safe installation, operation, and maintenance of your Eurofase Vaughan 31783-019 LED Chandelier. The Vaughan chandelier features bronze metal waves with gold leaf details and integrated LED lighting. Please read this manual thoroughly before proceeding with installation or use.

Image 1: The Eurofase Vaughan 31783-019 LED Chandelier, showcasing its bronze metal waves and gold leaf interior. This chandelier is designed for indoor use and provides both downlight and uplight illumination.

SAFETY INFORMATION

WARNING: To reduce the risk of electric shock, fire, or injury to persons, read and follow all instructions carefully.

- Always disconnect power at the main circuit breaker before installation or maintenance.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections are made in accordance with local codes and ordinances.
- Do not install this fixture in wet or damp locations. It is designed for indoor use only.

- Handle the fixture with care to prevent damage to the LED components or glass elements.

WHAT'S IN THE BOX

Verify that all components are present before beginning installation:

- Chandelier Fixture (1)
- Integrated LED Light Bulb (1) - *Note: LED is integrated and not user-replaceable in most cases.*
- Mounting Hardware (various screws, wire nuts, canopy)
- Instruction Manual (this document)

SETUP AND INSTALLATION

The Eurofase Vaughan Chandelier is designed for semi-flush mount ceiling installation. Professional installation by a licensed electrician is highly recommended.

1. Prepare for Installation:

- Turn off power at the circuit breaker.
- Unpack the fixture and inspect for any damage. Retain all packaging materials until installation is complete.
- Ensure you have all necessary tools (screwdriver, wire strippers, ladder, etc.).

2. Mounting the Fixture:

- Attach the mounting bracket to the junction box in the ceiling using the provided screws. Ensure it is securely fastened.
- Connect the fixture's ground wire to the ground wire from the junction box (usually bare copper or green).
- Connect the fixture's neutral wire (usually white) to the neutral wire from the junction box.
- Connect the fixture's hot wire (usually black) to the hot wire from the junction box.
- Secure all wire connections with wire nuts and wrap with electrical tape for added safety.

3. Securing the Chandelier:

- Carefully lift the chandelier and attach it to the mounting bracket, ensuring all wires are tucked safely into the junction box.
- Secure the canopy to the ceiling using the decorative nuts or screws provided.
- Adjust the height of the chandelier if it features an adjustable height mechanism, ensuring it is level and at the desired position.

4. Final Check:

- Verify all connections are tight and secure.
- Restore power at the circuit breaker.
- Test the chandelier's functionality.

OPERATING INSTRUCTIONS

The Eurofase Vaughan Chandelier features integrated LED lighting and is dimmable. It is controlled via a remote control (if included) or a compatible wall dimmer switch.

- **Power On/Off:** Use the wall switch or the remote control to turn the chandelier on or off.
- **Dimming:** If connected to a compatible dimmer switch, adjust the dimmer to achieve the desired light intensity. If a remote control is provided, use its dedicated dimming buttons.

- **Adjustable Lighting:** The fixture provides both downlight and uplight illumination. The overall brightness is 7020 lumens with a color temperature of 3000 Kelvin.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your chandelier.

- **Cleaning:**
 - Ensure the power is off before cleaning.
 - Wipe the metal surfaces with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the finish.
 - For glass components, use a mild glass cleaner applied to a cloth, then wipe the glass. Avoid spraying cleaner directly onto the fixture.
- **LED Care:** The integrated LED light source is designed for long life and typically does not require replacement. If the LED fails, contact Eurofase customer support.

TROUBLESHOOTING

If you encounter issues with your chandelier, refer to the following common problems and solutions:

- **Light Does Not Turn On:**
 - Check the circuit breaker to ensure power is supplied to the fixture.
 - Verify that the wall switch is in the "ON" position.
 - Ensure all wire connections are secure. If unsure, consult a qualified electrician.
- **Light Flickers or Dims Incorrectly:**
 - Ensure the dimmer switch (if used) is compatible with LED lighting.
 - Check for loose wire connections.
 - If using a remote control, ensure batteries are functional.
- **Physical Damage:**
 - If any part of the fixture is damaged, discontinue use and contact Eurofase customer support for assistance.

For issues not resolved by these steps, contact a qualified electrician or Eurofase customer support.

SPECIFICATIONS

Brand	Eurofase
Model Number	31783-019
Product Name	Vaughan Metal Waves LED Chandelier
Color/Finish	Bronze with Gold Leaf Details
Material	Metal, Glass
Product Dimensions	24"L x 24"W x 5.5"H
Item Weight	15.43 Pounds
