

Accessory USA ONIPSK2

Accessory USA AC DC Adapter for ONN ONIPSK2 Alarm Clock Radio Dock - User Manual

Model: ONIPSK2

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Accessory USA AC DC Adapter. This power supply cord is designed to provide reliable power to compatible devices, specifically the ONN ONIPSK2 Alarm Clock FM Radio Dock. Please read this manual thoroughly before use and retain it for future reference.

Figure 1: The Accessory USA AC DC Adapter. This image displays the black power adapter unit with a standard two-prong US plug and an attached black power cord coiled neatly. The adapter unit has a textured surface for grip.

2. SAFETY INFORMATION

To ensure safe operation and prevent damage, observe the following safety guidelines:

- Our products are CE / FCC / RoHS certified, tested by the manufacturer to match and/or exceed OEM specifications.
- Features OVP (Over Voltage output Protection), OCP (Over Current output Protection), and SCP (Short Circuit output Protection) for enhanced safety.
- Always verify that the voltage and current requirements of your device match the adapter's output specifications before connecting.
- Do not expose the adapter to water, moisture, or extreme temperatures.

- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to open or modify the adapter. There are no user-serviceable parts inside.
- Keep out of reach of children.
- Disconnect the adapter from the power outlet when not in use for extended periods.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm (Proposition 65 Warning).

3. SETUP

1. **Verify Compatibility:** Before connecting, ensure your device is the ONN ONIPSK2 Alarm Clock FM Radio Dock. This adapter is specifically designed for this model.
2. **Connect to Device:** Insert the adapter's output connector firmly into the power input port of your ONN ONIPSK2 device.
3. **Connect to Power Outlet:** Plug the adapter's two-prong plug into a standard wall AC power outlet (100-240V AC, 50/60Hz).
4. **Power On:** Once connected, your ONN ONIPSK2 device should receive power. Refer to your device's manual for specific power-on procedures.

4. OPERATING INSTRUCTIONS

The Accessory USA AC DC Adapter operates automatically once connected to a compatible device and a power source. It converts the AC wall current to the appropriate DC voltage and current required by your ONN ONIPSK2 Alarm Clock FM Radio Dock.

- Ensure the adapter is securely plugged into both the wall outlet and your device.
- The adapter is designed for continuous use within its specified operating parameters.
- If the adapter feels excessively hot to the touch, disconnect it immediately and check for potential issues such as overloaded circuits or device malfunction.

5. MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your adapter:

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture. Avoid tightly coiling the cable to prevent damage.
- **Inspection:** Periodically inspect the adapter and cable for any signs of damage, such as frayed wires, bent prongs, or cracks in the casing. If damage is observed, discontinue use and replace the adapter.

6. TROUBLESHOOTING

If you encounter issues with your adapter, consider the following:

- **No Power to Device:**
 - Ensure the adapter is fully plugged into both the wall outlet and the ONN ONIPSK2 device.
 - Test the wall outlet with another device to confirm it is functional.
 - Verify that the ONN ONIPSK2 device itself is functioning correctly with its original power supply (if available).

- Check for any visible damage to the adapter or cable.
- **Adapter Overheating:**
 - Disconnect the adapter immediately.
 - Ensure the adapter is not covered or in an enclosed space that restricts airflow.
 - Confirm the connected device is not drawing excessive power or experiencing a fault.
- If troubleshooting steps do not resolve the issue, discontinue use and contact the seller for assistance.

7. SPECIFICATIONS

Brand	Accessory USA
Model Compatibility	ONN ONIPSK2 Alarm Clock FM Radio Dock
Input Voltage	AC 100-240V, 50/60Hz (Standard US Wall Outlet)
Output	<i>(Specific output voltage/current not provided in source, general adapter function)</i>
Safety Certifications	CE / FCC / RoHS
Protection Features	OVP (Over Voltage output Protection), OCP (Over Current output Protection), SCP (Short Circuit output Protection)
UPC	769043456563

Note: Specific output voltage and current details should be verified on the adapter label itself for precise information.

8. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation provided at the time of purchase or contact the seller directly. Accessory USA provides products that are tested to match and/or exceed OEM specifications.

For further assistance, please contact your retailer or the manufacturer.
