Jada Nano Metalfigs Marvel Spider-Man Pack 1 Instruction Manual

Brand: Jada | Model: 84436

1. INTRODUCTION

Welcome to the official instruction manual for your Jada Nano Metalfigs Marvel Spider-Man Pack 1. This set features highly detailed, 100% die-cast metal collectible figures, bringing your favorite Marvel characters to life in miniature form. This manual provides essential information for the proper handling, display, and care of your new figures.

2. PRODUCT OVERVIEW

Jada Nano Metalfigs are meticulously crafted die-cast figures, each standing approximately 4cm (1.65 inches) tall. They feature premium metallic paints for a high-quality appearance and enhanced durability. This particular set, Marvel Spider-Man Pack 1, includes the following characters:

- Spider-Man
- Symbiote Spider-Man
- Spider-Gwen
- Vulture
- Green Goblin

These figures are designed for both play and display, offering a robust construction suitable for various uses.

3. PACKAGE CONTENTS

Your Jada Nano Metalfigs Marvel Spider-Man Pack 1 contains:

- 5 x Nano Metal Figures (as listed in Product Overview)

4. SETUP AND DISPLAY

Your Nano Metalfigs are ready for display directly out of the packaging. Each figure is designed with a stable base to

stand upright on flat surfaces.

1. Carefully remove each figure from its packaging.
2. Place figures on a clean, flat, and stable surface to prevent accidental falls.
3. Arrange figures as desired for optimal visual appeal.

Consider displaying your figures in a location away from direct sunlight or extreme temperatures to preserve their paint finish and material integrity.

5. HANDLING AND CARE

To ensure the longevity and appearance of your Nano Metalfigs, follow these handling and care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. Avoid abrasive cleaners or harsh chemicals, as these can damage the metallic paint finish.
- **Handling:** While durable, avoid dropping figures on hard surfaces, which may cause paint chips or damage. Handle figures by their bases when possible.
- **Storage:** If storing figures, keep them in a cool, dry place, preferably in their original packaging or a protective container to prevent scratches and dust accumulation.

6. TROUBLESHOOTING

Nano Metalfigs are generally robust, but minor issues can occur:

- **Figure Instability:** Ensure the figure is placed on a completely flat surface. If a figure seems wobbly, gently adjust its position on its base.
- **Minor Paint Imperfections:** Due to the manufacturing process, very minor paint variations may occur. These are typically not considered defects.

For significant damage or manufacturing defects, please refer to the warranty information.
