King Kong (2005) 4K Ultra HD + Blu-ray Disc Set User Manual

Model: B071WF7MPP

Introduction Setup Operating Maintenance Troubleshooting Specifications Support

1. Introduction

This manual provides essential information for the proper use and care of your King Kong (2005) 4K Ultra HD and Blu-ray disc set. This product includes two discs: one 4K Ultra HD disc and one Blu-ray disc, featuring the film directed by Peter Jackson. Please read these instructions carefully to ensure optimal viewing experience and disc longevity.

Image 1.1: Front cover of the King Kong (2005) 4K Ultra HD + Blu-ray disc set. The cover features a large image of King Kong roaring, with the title "KING KONG" prominently displayed. Logos for "4K ULTRA HD + BLU-RAY" and "HDR HIGH DYNAMIC RANGE" are visible, along with the FSK age rating of 12.

2. Setup

To enjoy the King Kong (2005) disc set, ensure you have the following equipment:

- **4K Ultra HD Disc Playback:** A compatible 4K Ultra HD Blu-ray player and a 4K Ultra HD television with HDR support are required for the 4K disc.

- **Blu-ray Disc Playback:** A standard Blu-ray player and a high-definition television are required for the Blu-ray disc.
- **Audio System:** An audio receiver and speakers compatible with DTS 5.1 Surround Sound are recommended for an immersive audio experience.
- **Cables:** High-speed HDMI cables are recommended for optimal video and audio transmission.

Connect your player to your television and audio system according to their respective instruction manuals.

3. Operating Instructions

3.1. Disc Insertion

1. Gently remove the desired disc (4K Ultra HD or Blu-ray) from its case by pressing the center hub. Avoid touching the playback surface.
2. Insert the disc into your compatible player with the label side facing up.

3.2. Playback

- Once the disc is inserted, your player should automatically load the disc menu.
- Use your player's remote control to navigate the menu. Options typically include "Play Movie," "Scene Selection," "Audio Settings," and "Subtitles."
- Select "Play Movie" to begin watching the film.

3.3. Special Features

The Blu-ray disc includes bonus material. Navigate to the "Special Features" or "Bonus Content" section on the disc menu to access:

- "Reconstruction of the Eighth Wonder: The Making-of King Kong" (over 3 hours of behind-the-scenes information).
- Production Diaries (featuring Peter Jackson, Naomi Watts, Jack Black, Adrien Brody).
- Post-Production Diaries (approx. 3 hours).
- Unreleased Scenes with an introduction by Peter Jackson.
- Additional features such as "The Eighth Misstep of the World," "The Making-of a Shoot: The T-Rex Fight," "Skull Island: A Natural History," "Kong's New York, 1933," "A Night at the Vaudeville," "A Homage to King Kong," and Pre-visualization Animatic.

Image 3.1: Back cover of the King Kong (2005) 4K Ultra HD + Blu-ray disc set. This image details the film's synopsis, cast, and a comprehensive list of bonus features available on the Blu-ray disc. It also provides technical specifications for both 4K UHD and Blu-ray formats, including aspect ratio, audio tracks, and subtitle options.

4. Maintenance

4.1. Disc Handling

- Always hold discs by their edges or the center hole to avoid fingerprints and scratches on the playback surface.
- Store discs in their original cases when not in use to protect them from dust and damage.
- Avoid exposing discs to direct sunlight, high temperatures, or excessive humidity.

4.2. Cleaning

- If a disc becomes dirty, gently wipe the playback surface with a soft, lint-free cloth. Wipe from the center of the disc outwards in a straight line, not in a circular motion.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the disc.

5. Troubleshooting

If you encounter issues during playback, consider the following:

Problem	Possible Cause	Solution
Disc does not play or loads slowly.	Disc is dirty or scratched; player is incompatible; player firmware is outdated.	Clean the disc. Ensure your player is compatible (4K player for 4K disc). Update player firmware.
No video or distorted video.	Incorrect input selected on TV; faulty HDMI cable; TV not 4K/HDR compatible for 4K disc.	Select correct TV input. Check HDMI cable connection. Ensure TV supports 4K/HDR for 4K content.
No audio or distorted audio.	Audio settings incorrect on player/TV/receiver; faulty audio cable.	Check audio output settings on your player, TV, and audio receiver. Ensure cables are securely connected.
Cannot access special features.	Attempting to access Blu-ray features on the 4K disc; navigation error.	Ensure you are using the Blu-ray disc for special features. Re-navigate the disc menu.
