Britax B071YP8LPS

Britax Infant Car Seat Stroller Adapter User Manual

Model: B071YP8LPS

INTRODUCTION

This manual provides instructions for the safe and proper use of the Britax Infant Car Seat Stroller Adapter. This adapter allows for the creation of a customized travel system by connecting compatible infant car seats to Britax single strollers. Please read all instructions carefully before installation and use.

COMPATIBILITY

Car Seat Compatibility:

- Maxi Cosi (Mico AP, Mico 30, Mico Max 30)
- Nuna (Pipa, Pipa Lite)
- Cybex (Aton 2, Aton Q, Cloud Q) car seats

Stroller Compatibility (Britax Single Strollers Only):

- B-Agile
- B-Free
- B-Ready
- Pathway
- Affinity Strollers

Note: This adapter is not designed for Britax double strollers.

SETUP AND INSTALLATION

Follow these steps to properly attach the infant car seat adapter to your Britax single stroller and then secure a compatible infant car seat.

Step 1: Attach Britax Stroller Adapters

First, attach the Britax stroller adapters included with your stroller. These are the base adapters that connect to the stroller frame.

Figure 1: Britax stroller with the initial Britax adapters attached to the frame.

Step 2: Attach Car Seat Adapters

Next, attach the specific car seat adapters (this product) onto the previously installed Britax stroller adapters. Ensure they click securely into place.

Figure 2: Close-up view of the car seat adapter being attached to the Britax stroller adapter.

Figure 3: The car seat adapter fully installed on the Britax stroller.

Step 3: Click in Your Car Seat

Finally, place your compatible infant car seat onto the installed adapters. Listen for an audible "click" to confirm that the car seat is securely locked into the adapters. Always perform a pull test to ensure the car seat is firmly attached before use.

OPERATING INSTRUCTIONS

Once the infant car seat is securely attached to the stroller via the adapters, the travel system is ready for use. Always ensure the car seat is properly latched before moving the stroller.

- **Secure Attachment:** Before each use, verify that the infant car seat is firmly clicked into the adapters and does not wobble excessively.
- **Removal:** To remove the car seat, locate the release levers on the car seat or adapters (refer to your car seat manual for specific instructions) and lift the car seat upwards.
- **Stroller Operation:** Operate the stroller as per its own instruction manual. The adapter does not alter the stroller's folding mechanism or other features.

CARE AND MAINTENANCE

Proper care ensures the longevity and safety of your adapter.

- **Cleaning:** Clean the adapters with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Inspection:** Regularly inspect the adapters for any signs of wear, damage, or loose parts. Discontinue use if any damage is found.
- **Storage:** Store the adapters in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

If you encounter issues with the adapter, refer to the following common solutions:

- **Car Seat Not Clicking Securely:**
 - Ensure both the Britax stroller adapters and the car seat adapters are correctly installed and fully engaged.
 - Verify that your car seat model is listed as compatible.
 - Check for any obstructions preventing a full connection.
- **Excessive Wobble:**
 - A slight amount of movement is normal, but excessive wobble indicates an improper connection. Re-check all attachment points.
 - Ensure the car seat is centered and fully seated on the adapters.
- **Difficulty Removing Car Seat:**
 - Ensure release levers on the car seat are fully activated.
 - Do not force removal; gently wiggle and lift.

If problems persist, contact Britax customer support.

SPECIFICATIONS

Feature	Detail
Brand	Britax
Model Number	B071YP8LPS
Material Type	Plastic
Item Weight	0.6 Pounds
Item Dimensions (D x W x H)	7.1"D x 4.4"W x 1.18"H
Maximum Weight Recommendation	35 Pounds (for car seat used with adapter)
