SETUP AND USAGE

Connecting Your Headphones

To use your boAt BassHeads 100 headphones, simply plug the 3.5mm audio jack into the compatible port on your device. These headphones are compatible with a wide range of devices, including:

- Android smartphones and tablets
- iOS devices (e.g., older iPhone models with 3.5mm jack, iPads)
- Gaming controllers with a 3.5mm audio port
- Laptops and desktop computers

Using the Multi-functional Button

- **Single Press:** Play/Pause music, Answer/End calls.
- **Double Press:** Skip to the next track.
- **Triple Press:** Go back to the previous track.
- **Long Press:** Activate your device's voice assistant (e.g., Google Assistant, Siri).

Item Weight	13 Grams

MAINTENANCE

To ensure the longevity and optimal performance of your boAt BassHeads 100 headphones, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in the provided carry pouch to prevent tangling and damage.
- **Avoid Moisture:** These headphones are not water-resistant. Keep them away from water, sweat, and high humidity to prevent damage.
- **Handle with Care:** Avoid pulling the cable forcefully or bending the 3.5mm jack at sharp angles, as this can damage the internal wiring.
- **Earbud Replacement:** If the earbuds become worn or lost, use the additional earbuds provided in the package to maintain a comfortable and secure fit.

TROUBLESHOOTING

If you encounter any issues with your boAt BassHeads 100 headphones, please refer to the following common solutions:

- **No Sound:**

  - Ensure the 3.5mm jack is fully inserted into your device's audio port.
  - Check your device's volume settings.
  - Test the headphones with another device to rule out a device-specific issue.

- **Poor Sound Quality:**

  - Ensure the earbuds are clean and free from debris.
  - Try different sized earbuds to ensure a proper seal in your ear.
  - Check the audio source for quality issues.

- **Microphone Not Working:**

  - Ensure the microphone is not obstructed.
  - Check your device's microphone input settings.
  - Test with another device to confirm functionality.

- **Controls Not Responding:**

  - Ensure the headphones are securely connected.
  - Some older devices may have limited compatibility with in-line controls.
