# BANDAI Hobby Mega Size 1/48 Unicorn Gundam [Destroy Mode] Model Kit Instruction Manual

Brand: BANDAI | Model: BAN216742

## 1. INTRODUCTION

This instruction manual provides detailed guidance for assembling your BANDAI Hobby Mega Size 1/48 Unicorn Gundam [Destroy Mode] model kit. This impressive model, standing over 17 inches tall, replicates the iconic Unicorn Gundam from the 'Gundam Unicorn' series. It features clear red internal parts for the psycho frame components and specially molded armor parts designed to create a shading effect at key points. Please read all instructions carefully before beginning assembly.

## 2. WHAT'S IN THE BOX

Your model kit package contains the following components:

- Unicorn Gundam model kit parts (24 runners)
- Beam Magnum x1
- Shield x1
- Beam Sabers x2
- Sticker sheet x1
- Instruction manual x1 (this document)

### 3. ASSEMBLY INSTRUCTIONS

The assembly of this model kit requires careful attention to detail. Please refer to the included printed instruction manual for step-by-step diagrams and specific part identification. Below are general guidelines to ensure a smooth assembly process:

1. **Preparation:** Lay out all runners and identify the parts according to the manual. Use a hobby nipper to carefully remove parts from the runners. Avoid pulling or twisting parts, as this may cause damage.

2. **Cleaning Nubs:** After cutting, use a hobby knife or file to gently clean any remaining nubs or excess plastic from the parts. This ensures a clean fit and a professional finish.
3. **Assembly Sequence:** Follow the numerical sequence provided in the manual. Assemble sections (e.g., head, torso, arms, legs) individually before combining them into the full model.
4. **Psycho Frame:** The clear red internal parts for the psycho frame should be handled with care. Ensure they are correctly aligned before snapping armor pieces over them.
5. **Weapons:** Assemble the Beam Magnum, shield, and beam sabers as indicated. These can be attached to the finished model for various display poses.
6. **Stickers:** Apply the included stickers to add detail and markings as shown in the manual. Use tweezers for precise placement.
