SereneLife PHSPAMT24HT

SereneLife Bubble Bath Mat

MODEL: PHSPAMT24HT

User Instruction Manual

1. Introduction

Thank you for choosing the SereneLife Bubble Bath Mat. This product is designed to transform your standard bathtub into a relaxing spa experience, providing a soothing bubble massage. Please read this manual thoroughly before use to ensure proper setup, operation, and maintenance for optimal performance and safety.

2. Important Safety Instructions

WARNING: To reduce the risk of burns, electrocution, fire, or injury to persons, read all instructions before using this appliance.

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.

- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Contact customer service for examination and repair.
- Keep the cord away from heated surfaces.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep air openings free of lint, hair, and the like.
- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not use outdoors.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- To disconnect, turn all controls to the off position, then remove plug from outlet.
- This appliance is for household use only.
- Do not stand on the mat. Always sit or lie down gently.

3. Package Contents

Please check the box for the following items:

- Bubble Bath Mat
- Motorized Air Pump
- Air Hose
- Wireless Remote Control
- Aroma Clip (for essential oils)
- Power Cable

Image 3.1: All components included in the SereneLife Bubble Bath Mat package.

4. Setup Instructions

Follow these steps to set up your SereneLife Bubble Bath Mat:

1. **Prepare the Bathtub:** Ensure your bathtub is clean and dry before placing the mat.
2. **Place the Mat:** Lay the bubble bath mat flat on the bottom of your bathtub. The mat features suction cups on the underside. Press firmly on the mat to secure the suction cups to the tub surface. *Note: Suction cups may not hold effectively on textured or anti-slip surfaces.*
3. **Position the Air Pump:** Place the motorized air pump on a stable, flat surface outside the bathtub. Ensure it is far enough away from the tub to prevent accidental contact with water, but close enough for the air hose to reach the mat comfortably.
4. **Connect the Air Hose:** Attach one end of the air hose securely to the air outlet on the motorized pump. Connect the other end of the air hose to the inlet on the bubble bath mat. Ensure both connections are firm.
5. **Power Connection:** Plug the power cable of the motorized air pump into a standard electrical outlet. Ensure your

hands are dry when handling the plug.

6. **Optional Aroma Clip:** If desired, open the aroma clip and insert a few drops of your preferred essential oil onto the pad inside. Close the clip and attach it to the air pump's air intake vent.

Image 4.2: Detail of the mat's suction cups for secure placement.

5. Operating Instructions

Once the mat is set up and the tub is filled with water to your desired level, you can begin your spa experience:

1. **Power On:** Press the power button on the wireless remote control to turn on the motorized air pump. Bubbles will begin to emerge from the mat.
2. **Adjust Bubble Intensity:** Use the intensity control buttons on the remote to cycle through different bubble intensity levels (e.g., gentle, medium, invigorating). Select the setting that best suits your preference.
3. **Aroma Diffusion:** If you have used the aroma clip, the air pump will diffuse the essential oil scent into the bath along with the bubbles.
4. **Automatic Shut-off:** The unit is equipped with an automatic timer that will turn off the bubble function after approximately 20 minutes for your convenience and safety. You can restart it if you wish to continue.
5. **Water Temperature Note:** It is normal for the water temperature to drop slightly during operation as the air bubbles mix with cooler ambient air. You may add more hot water if needed.

6. **Power Off:** When you are finished, press the power button on the remote control to turn off the unit.

6. Maintenance

Proper care will ensure the longevity of your SereneLife Bubble Bath Mat:

- **Cleaning the Mat:** After each use, drain the bathtub. Rinse the mat thoroughly with clean water to remove any soap residue or bath oils. You can wipe it down with a soft cloth.
- **Drying the Mat:** Allow the mat to air dry completely before storing. You can hang it or lay it flat in a well-ventilated area. Ensure no water is trapped inside the mat.
- **Cleaning the Air Pump:** Wipe the exterior of the motorized air pump with a dry or slightly damp cloth. Do not immerse the air pump in water or any other liquid.
- **Aroma Clip:** Clean the aroma clip and replace the essential oil pad as needed.
- **Storage:** Store the mat and pump in a cool, dry place away from direct sunlight when not in use. Ensure the mat is completely dry to prevent mold or mildew growth.

7. Troubleshooting

Problem	Possible Cause	Solution
No bubbles or weak bubbles	• Power cord not plugged in • Air hose not securely connected • Air pump not turned on • Air intake blocked	• Ensure power cord is firmly plugged into an outlet. • Check that the air hose is securely attached to both the pump and the mat. • Press the power button on the remote control. • Ensure the air intake on the pump is clear of obstructions.
Mat does not stay in place	• Suction cups not properly adhered • Bathtub surface is textured or not smooth	• Press firmly on the mat to ensure suction cups are fully engaged. • Ensure the tub surface is clean and free of soap scum. • Note that suction cups may not work on all textured surfaces.
Remote control not working	• Batteries are dead or incorrectly inserted • Remote is too far from the pump	• Replace batteries in the remote control, ensuring correct polarity. • Move closer to the air pump.
Pump is noisy	• Normal operating noise • Pump not on a stable surface	• A certain level of motor noise is normal for air pumps. • Ensure the pump is on a flat, stable surface to minimize vibrations.

8. Specifications

- **Model Number:** PHSPAMT24HT
- **Mat Dimensions (L x W):** 47 inches x 14.2 inches
- **Mat Thickness:** 0.25 inches
- **Mat Material:** Polypropylene (PP)
- **Color:** Teal
- **Item Weight:** Approximately 3.6 pounds
- **Power:** Standard AC (specific voltage/wattage not provided, refer to product label)
- **Auto Shut-off Timer:** 20 minutes

9. Warranty and Support

This SereneLife product comes with a manufacturer's warranty. Please refer to the warranty information provided at the time of purchase or contact SereneLife customer service for details regarding warranty coverage and terms.
For technical support, troubleshooting assistance, or to inquire about replacement parts, please contact SereneLife customer service. SereneLife is committed to providing quality products and support to its valued customers.
