# Split-Ender Pro 2 Cordless Split End Hair Trimmer User Manual

Model: SEP2-B/US | Brand: Split-Ender

## 1. INTRODUCTION

The Split-Ender Pro 2 is a professional beauty tool designed to trim split ends from hair, promoting healthier and more vibrant hair without sacrificing length. This cordless device is suitable for various hair types and is intended for home use.

## 2. SAFETY INFORMATION

Please read all safety warnings and instructions before using this product to prevent potential hazards such as skin irritation or injury.

- Ensure the device is fully charged before use to ensure optimal performance.
- Use only on clean, dry, and tangle-free hair.
- Keep out of reach of children.
- Do not immerse the device in water or use it in wet environments.
- Avoid contact with eyes.

#### 4. SETUP

1. **Initial Charge:** Before first use, fully charge the device for 3 to 4 hours. The device can be used while plugged in or wirelessly.
2. **Hair Preparation:** Ensure your hair is clean, dry, and completely free of tangles. For frizzy or curly hair, it is recommended to straighten your hair before using the Split-Ender Pro 2 for optimal results.

## 5. OPERATING INSTRUCTIONS

Follow these steps for effective split end trimming:

1. **Prepare Hair:** Comb a small, thin section of hair to remove any tangles.
2. **Unlock & Position:** Slide the lock to the 'OFF' position. Select the arrow pointing downwards (for trimming). Place the prepared hair section onto the center of the hair plate.
3. **Trim:** Squeeze the handle to activate the device. Slowly glide the device from the root to the tip of the hair section. Repeat this process 3 times per section.
4. **Finish:** Continue section by section until all desired hair is treated. Observe the removed split ends through the transparent window.

## 6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Split-Ends Pro 2.

- **Cleaning:** After each use, open the hair chamber and use the provided cleaning brush to remove all trimmed hair. Ensure the blades are free of debris.
- **Storage:** Store the device in its carrying bag in a cool, dry place, away from direct sunlight and moisture.

## 7. TROUBLESHOOTING

- **Device Not Turning On:** Ensure the battery is fully charged. Connect the device to the power adapter and try again.
- **Poor Trimming Performance:** Make sure your hair is clean, dry, and detangled. Use small, thin sections of hair. Clean the hair chamber and blades thoroughly.
- **Hair Pulling:** This can occur if hair is not properly detangled or if sections are too large. Ensure hair is combed smooth and sections are small before inserting into the device.
