GORILLA Clear Grip Contact Adhesive 3oz Instruction Manual

1. PRODUCT OVERVIEW

GORILLA Clear Grip Contact Adhesive is a flexible, fast-setting, crystal clear adhesive designed to create a strong, permanent bond. This adhesive is paintable and waterproof, making it suitable for both indoor and outdoor projects. It bonds a variety of materials including metal, glass, fabric, wood, ceramic, leather, paper, and plastic.

Image 1: Front view of the Gorilla Clear Grip Contact Adhesive packaging, highlighting its crystal clear, waterproof, and fast-holding properties.

2. SAFETY INFORMATION

DANGER: VAPOR HARMFUL. FLAMMABLE. IRRITANT.

Read all cautions on the back of the tube before use. Use only in a well-ventilated area. Do not swallow. Do not get in eyes. Do not get on skin or clothing. Keep out of reach of children and animals.

First Aid Treatment:

- **If swallowed:** Call a poison control center or doctor immediately. Do not induce vomiting.
- **If in eyes:** Rinse with water for 15 minutes. If on skin, rinse well with water.
- **If inhaled:** Move person into fresh air. For medical emergencies, call 800-420-7186.

WARNING: This product contains a chemical known to the State of California to cause birth defects and reproductive harm.

Gorilla® Clear Grip™ is a 100% waterproof contact adhesive that provides a permanent bond and holds in just seconds. This flexible adhesive dries crystal clear and can be used on a variety of surfaces, making it the perfect all-purpose adhesive for your next project.

BONDS: Metal, Glass, Fabric, Wood, Ceramic, Leather, Paper, Rubber, Plastic* and More!

Directions:

All surfaces should be clean and free of dirt, grease and oil. Best if used between 50°F and 90°F.

1. Apply adhesive to each surface to be bonded.
2. To maximize bond strength: Wait approximately two minutes for adhesive to partially dry before joining surfaces.
3. Press surfaces firmly together. **NOTE:** Bond forms immediately and can be difficult to reposition.

CURE TIME: Allow a minimum of 24 hours for full cure. Cure time may increase with lower temperatures and when used on non-porous surfaces.

STORAGE: After each use, wipe nozzle with a dry cloth and tightly replace cap. Store in a cool, dry location.

Tip: For easier re-opening, apply a thin coat of petroleum jelly to the threads before replacing cap. Store away from children and animals.

CLEAN-UP: Wipe uncured adhesive with a dry cloth and clean with acetone, isopropyl alcohol, or citrus based solvents according to manufacturer's instructions. Cured adhesive may be removed by scraping from surface.

PAINTABLE: When fully cured.

***NOTE:** Not recommended for use on polystyrene, polypropylene or polyethylene products. Not for use on food contact surfaces. Do not dry clean. May cause damage to finished surfaces.

DANGER: VAPOR HARMFUL, FLAMMABLE, SKIN IRRITANT. Do not swallow. Do not breathe fumes. Do not use near heat, sparks, flames, or while smoking. Do not get in eyes. Do not get on skin or clothing. **KEEP OUT OF REACH OF CHILDREN.** Wear safety glasses and chemical resistant gloves. Use only in a well-ventilated area. Contains: Toluene. **FIRST AID TREATMENT:** If swallowed, call a poison control center or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for 15 minutes. If on skin, rinse well with water. If breathed in, move person into fresh air. For medical emergencies only, call 800-420-7186.

WARNING: This product contains a chemical known to the State of California to cause birth defects and reproductive harm.

PELIGRO: VAPOR DANINO, INFLAMABLE, IRRITA LA PIEL. No ingerir. Evite respirar el vapor. No lo use cerca de calor, chispas, llamas o mientras fuma. Evite el contacto con los ojos. Evite el contacto con la piel o la ropa. **MANTENGA LEJOS DEL ALCANCE DE LOS NIÑOS.** Use lentes de seguridad y guantes resistentes a los químicos. Utilice solamente en un área bien ventilada. Contiene: Tolueno. **TRATAMIENTO DE PRIMEROS AUXILIOS:** Si hay ingestión, llame de inmediato al Centro de toxicología o al médico. No induzca el vómito. Si hay contacto con los ojos, enjuague con agua por 15 minutos. Si hay contacto con la piel, enjuague bien con agua. Si se inhaló, traslade a la persona al aire fresco. Llame al 800-420-7186 en caso de emergencias médicas únicamente.

ADVERTENCIA: Este producto contiene una sustancia química que el estado de California reconoce que pueden causar malformaciones congénitas y daño reproductivo.

Image 2: Rear view of the Gorilla Clear Grip Contact Adhesive packaging, detailing safety warnings, first aid, and application instructions.

3. SETUP AND PREPARATION

1. Ensure all surfaces to be bonded are clean and free of dirt, grease, and oil.
2. For optimal performance, use the adhesive between 50°F and 90°F (10°C and 32°C).

4. OPERATING INSTRUCTIONS

Application Steps:

1. Apply adhesive to each surface that will be bonded.
2. For maximum bond strength, allow approximately two minutes for the adhesive to partially dry before joining the surfaces. This allows for a 'fast grab' that holds in seconds.
3. Press the surfaces firmly together.

Cure Time:

Allow a minimum of 24 hours for full cure. Cure time may increase with lower temperatures and when used on non-porous surfaces.

5. MAINTENANCE AND CLEANUP

Storage:

After each use, wipe the nozzle with a dry cloth and tightly replace the cap. Store the adhesive in a cool, dry location. To facilitate easier re-opening, apply a thin coat of petroleum jelly to the threads before replacing the cap.

Cleanup:

- **Uncured Adhesive:** Wipe uncured adhesive with a dry cloth and clean with acetone, isopropyl alcohol, or citrus-based solvents according to the manufacturer's instructions.
- **Cured Adhesive:** Cured adhesive may be removed by scraping from the surface.

Paintability:

The adhesive is paintable once fully cured. It can be painted with water and oil-based paints, including spray paint.

Note: Not recommended for use on polystyrene, polypropylene, or polyethylene products. Do not use on food contact surfaces. Do not dry clean. May cause damage to finished surfaces.

Image 5: Close-up back view of the Gorilla Clear Grip Contact Adhesive tube, displaying detailed safety warnings and usage instructions.

6. TROUBLESHOOTING

If the adhesive does not bond effectively, consider the following:

- Ensure surfaces were clean and dry before application.
- Verify that the adhesive was applied within the recommended temperature range (50°F to 90°F).
- Confirm that sufficient pressure was applied to the bonded surfaces.
- Allow adequate cure time (minimum 24 hours) for full bond strength, especially on non-porous surfaces or in cooler temperatures.

For further assistance, refer to the manufacturer's contact information.

7. SPECIFICATIONS

Feature	Detail
---------	--------

Brand	GORILLA
Model Number	8040002
Item Form	Liquid (Spray is incorrect, based on images it's a tube/gel)
Special Feature	Fast Drying, Strong
Color	Clear
Item Volume	3 Fluid Ounces (88 mL)
Viscosity	High Viscosity
Full Cure Time	24 Hours
Water Resistance Level	Waterproof
UPC	052427000316
Item Weight	1.76 pounds
Product Dimensions	11.2 x 3.75 x 8 inches (packaging)
Specific Uses	Craft, Flooring, Painting, Repair, Tile Repair, Wall Art, Woodworking
