

Avalon A8CTBOTTLELESSWHT

Avalon A8CTBOTTLELESSWHT Countertop Self Cleaning Touchless Bottleless Cooler Dispenser Instruction Manual

Brand: Avalon | Model: A8CTBOTTLELESSWHT

INTRODUCTION

The Avalon A8CTBOTTLELESSWHT Countertop Water Cooler Dispenser provides convenient access to hot and cold filtered water directly from your water line. Featuring self-cleaning capabilities and a dual filtration system, this dispenser is designed for ease of use and maintenance, ensuring a continuous supply of great-tasting water.

Key features include:

- **Dual Filtration:** Patented Sediment (Avalon A5FILTER) and Carbon Block (Avalon A4FILTER) filters for clean water.
- **Hot & Cold Water Spouts:** Instant access to piping hot and crisp cold water.
- **Bottleless Design:** Connects directly to your water line, eliminating the need for water bottles.
- **Self-Cleaning Feature:** Sanitizes and purifies the dispenser automatically.
- **Built-in Nightlight:** Illuminates water spouts for visibility in low light.
- **Child Safety Lock:** Prevents accidental hot water dispensing.

SAFETY INFORMATION

Please read all instructions before using this appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Ensure the dispenser is plugged into a grounded outlet.
- Do not operate the dispenser if the power cord or plug is damaged.
- Keep the dispenser away from direct sunlight and heat sources.
- Do not immerse the dispenser, cord, or plug in water or other liquids.
- Supervise children when they are near the dispenser, especially when dispensing hot water.
- Always turn off the hot water heating switch when not in use for extended periods.

WHAT'S IN THE BOX

Your Avalon A8CTBOTTLELESSWHT package includes:

- Avalon A8CTBOTTLELESSWHT Water Cooler Dispenser
- Sediment Filter (Avalon A5FILTER)
- Carbon Block Filter (Avalon A4FILTER)
- Full Installation Kit (20' of 1/4" tubing, 3-way plastic 1/4" push connect adapter, under sink 3/8" adapter with shut off valve, filter flushing adapter)

SETUP AND INSTALLATION

Follow these steps for proper installation of your water cooler. It is recommended to watch the installation video for visual guidance.

1. Water Line Connection

The Avalon A8CTBOTTLELESSWHT connects directly to your cold water line. You can connect it either under your sink or to your refrigerator's water line.

Your browser does not support the video tag.

Official installation animation for the Avalon Countertop Water Cooler. This video demonstrates the step-by-step process of connecting the dispenser to your water supply, including under-sink and refrigerator line options, and filter flushing procedures.

Under the Sink Connection:

1. Locate your cold water supply underneath your sink.
2. Turn the cold water valve to the OFF position and disconnect the water supply line.
3. Take the metal adapter with valve (included in the installation kit) and connect it between the cold water supply line and the cold water valve.
4. Remove the nut from the metal adapter with valve. Insert the white PE tubing through the nut and onto the protruding part of the adapter. Secure the nut tightly.

Refrigerator Water Line Connection:

1. Locate your cold water supply for your refrigerator line.
2. Turn the cold water valves to the OFF position.
3. Cut the PE tubing that is currently inserted into the refrigerator.
4. Insert the 3-way plastic adapter between the cut tubing.
5. Insert the PE tubing supplied with the water cooler into the remaining opening of the 3-way plastic adapter.

2. Flushing Filters Prior to Use

It is crucial to flush both the Sediment and Carbon Block filters before installing them into the dispenser to remove any carbon fines.

1. Twist the Sediment filter into the provided filter flushing adapter by rotating it clockwise.
2. Take the open end of the PE tubing (now connected to your water supply) and insert it into the left inlet hole of the filter flushing adapter in the direction of the arrow.
3. Hold the filter in place over a sink or a bucket and turn on the water supply. Allow the water to flow through the adapter for approximately two minutes.
4. Repeat these steps with the Carbon Block filter.

The dual filtration system, including the Multi-Layer Sediment filter (Stage 1) and Carbon Block filter (Stage 2).

3. Finishing the Water Cooler Installation

1. Attach the two black mounting brackets to the back of the cooler by inserting the longer pegs upward into the slots of the condenser. Then click the shorter pegs into place.
2. Slide the two filter adapters into the mounting brackets and twist the Sediment filter into the left adapter and the Carbon filter into the right filter adapter.
3. Locate the valve and tube assembly and connect the tube to the left insert of the left filter adapter.
4. Connect the PE tubing from your water source to the open end of the valve and tube assembly.
5. Connect the smallest PE tubing to the inner outlets of both filters.
6. Remove the plug from the water inlet located on the back of the unit by pressing the push connect ring that is behind the plug.
7. Connect the remaining small PE tubing to the right side of the right filter adapter and insert the open end of the PE tubing into the water inlet.
8. Now turn on the valve located next to the left side of the filter.
9. Then turn both valves at the cold water source under your sink (or behind your refrigerator) back to the ON

position as well.

10. Plug the power cord into a grounded wall outlet and allow the water to fill in the tanks for about 10 to 15 minutes.
11. Next, dispense a drop of water from the hot and cold spouts to test if the inner tanks have filled.
12. Finally, activate the heating and cooling switches located on the back of your unit.

Front view of the Avalon A8CTBOTTLELESSWHT Water Cooler Dispenser, showing the hot and cold water spouts.

OPERATING INSTRUCTIONS

- **Dispensing Water:** Place your cup under the desired spout (red for hot, blue for cold) and press the paddle. The touchless dispensing feature allows for germ-free operation.
- **Hot Water Safety:** The hot water spout features a child safety lock. To dispense hot water, you must simultaneously push the safety button and press the hot water paddle.
- **Nightlight:** The built-in nightlight makes the water spouts clearly visible at night.

- **Filter Indicator:** A light will illuminate when the filter needs to be replaced.

The image shows a white and black Avalon water cooler. Dimensions are indicated with blue lines and text: 14.75" for the top width, 12" for the front width, and 19" for the height. The front panel features the Avalon logo, a 'Self Clean' button, and a 'Filter' indicator light. Below the controls are two touchless dispensing paddles, one red and one blue. To the right of the cooler, there are three circular icons: a UL logo, a thumbs up icon, and an NSF logo. Below each icon is a heading and a descriptive sentence.

UL Listed
We design & manufacture with your safety in mind.

Easy Installation
Installation kit for easy setup is included.

NSF Certified Filtration
(Listed as model Avalon A4FILTER, Avalon A5FILTER)
We meet strict standards for public health protection. Dual filtration conveniently located

Close-up of the touchless dispensing paddles on the Avalon water cooler.

MAINTENANCE

- **Filter Replacement:** The patented dual filters (Sediment and Carbon Block) should be replaced every 6 months or after 1500 gallons, whichever comes first. The filter indicator light will signal when replacement is due.
- **Self-Cleaning:** The dispenser features a self-cleaning function that sanitizes and purifies the internal components. Refer to the specific instructions in the full user manual for activating this feature.

TROUBLESHOOTING

If you experience issues with your dispenser, please refer to the following common troubleshooting steps:

- **No Water Dispensing:** Check if the water supply valve is fully open. Ensure the dispenser is properly plugged

in and powered on. Verify filters are correctly installed and not clogged.

- **Water Not Hot/Cold Enough:** Ensure the heating/cooling switches on the back of the unit are turned ON. Allow sufficient time for the water to reach the desired temperature (typically 15-30 minutes after initial setup or prolonged inactivity).
- **Leaking:** Check all water line connections for tightness. Ensure filters are securely twisted into their adapters.
- **Unusual Noise:** Some operational noise is normal as the compressor and heating elements work. Excessive or unusual noise may indicate an issue; consult the full user manual or customer support.

SPECIFICATIONS

Feature	Detail
Color	White
Material	Plastic
Capacity	6 Cubic Feet
Product Dimensions	12"D x 15"W x 19"H
Wattage	520 watts
Installation Type	Countertop
Upper Temperature Rating	185 Degrees Fahrenheit
Voltage	115 Volts
Item Weight	30 pounds

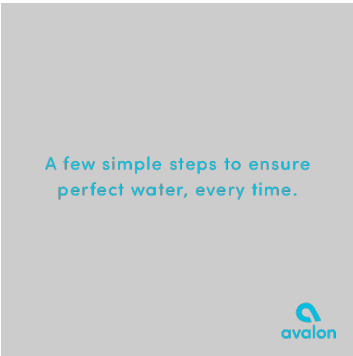

WARRANTY AND SUPPORT

For detailed warranty information and customer support, please refer to the official Avalon website or the full user manual provided with your product. You can also find the full user manual in PDF format [here](#).

Quelques pas très simples pour garantir une eau parfaite, à n'importe quel moment.

[illegible][illegible]

This Limited Warranty does not apply to used, refurbished, renewed, floor model or "demo" products, or to products sold by unauthorized resellers, including without limitation, unauthorized third-party websites, including, without limitation, Craigslist, eBay, Amazon, etc. This Limited Warranty is not "binding" for the purpose of the Magnuson-Moss Warranty Act. If the purchaser has not bought this product, the purchaser takes the product "AS IS," with all faults and without warranty. Amazon reserves the right to require a valid product number located on your product to submit a valid claim under this Limited Warranty. Products whose serial number has been removed or evidence showing the removal or altered removal of the serial number label will not be eligible to make a claim under this Limited Warranty. IF THE PURCHASE OF THIS PRODUCT WAS NOT DIRECTLY FROM AMAZON, PROOF OF PURCHASE WILL BE REQUIRED TO DEMONSTRATE THAT PURCHASER IS THE ORIGINAL PURCHASER AND THE PRODUCT WAS PURCHASED FROM AN AUTHORIZED RETAILER, AND ELIGIBLE TO MAKE A CLAIM.

Your purchase date is established from the date of your sales receipt. Austin may require the purchaser to provide proof of the quality and condition of the water cooler. If the purchaser makes a claim under this Limited Warranty, Austin reserves the right to investigate the claim. If the investigation discloses that the claim is not a valid claim, the Limited Warranty is voided. It is the responsibility of the water cooler's dealer to provide the purchaser with a copy of this Limited Warranty. This warranty does not apply if the product was damaged or failed because of an accident, improper handling or operation, relocation, abuse, misuse, unauthorized repairs made or attempted, or improper installation or maintenance. Under this Limited Warranty, products are required to be plugged directly into a grounded wall outlet. Plugging a product into an extension cord or surge protector will be considered an unauthorized repair. If a claim is made under this warranty, Austin may require the purchaser to provide proof of the purchase date to Austin within the first 30 days from the original purchase date to be eligible to make a claim under this Limited Warranty. Shipping damage reported to Austin outside of the first 30 days from the original purchase date will not be eligible for a valid claim under this Limited Warranty.

To submit a claim of a claim under this Limited Warranty, troubleshooting the product with an Avonix Customer Success Expert is required. If troubleshooting the product is initiated by the Purchaser, Avonix reserves the right to deny the Limited Warranty Claim. In the event a part is necessary to correct the problem with a Product, Avonix will provide the part to cost to the original purchaser under this Limited Warranty. Replacing parts or attempting to correct an issue with the Product is required prior to submitting a claim for a replacement product under this Limited Warranty. Instructions for troubleshooting a Product or replacing a part will be provided by Avonix. Troubleshooting, repairs, part replacement, maintenance, and proper maintenance are the responsibility of the Purchaser. Instructions for proper installation and maintenance will be provided in the user manual.

Installation, maintenance, or repairs of the Product is the responsibility of the Purchaser. The Purchaser reserves the right to use a Third Party for installation, maintenance and repair of their own risk. Aelon is not responsible for any additional cost incurred for installation, maintenance, or repair of the Product including but not limited to additional material needed for installation or the cost of a Third Party. Damage or failure of the Product due to improper installation, maintenance, or repair caused by a Third Party or the Purchaser and the responsibility of Aelon and will not be covered under this Limited Warranty. Instructions for proper installation and maintenance will be provided in the user manual.

ANY AND ALL WARRANTIES, EXPRESSED OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY), LAST ONE YEAR FROM THE DATE OF ORIGINAL PURCHASE OF UNITS, THE ORIGINAL PURCHASER OF THE PRODUCT SELLS OR TRANSFERS THE PRODUCT, WHOEVER FIRST OCCURS, IN NO EVENT SHALL ANYONE'S LIABILITY UNDER ANY EXPRESS OR IMPLIED WARRANTY INCLUDE (I) INCIDENTAL OR CONSEQUENTIAL DAMAGES FROM ANY CAUSE WHATSOEVER, INCLUDING BUT NOT LIMITED TO ELECTRICAL OR WATER DAMAGE, OR (II) DEATH, INJURY OR DAMAGE TO PERSONS OR PROPERTY. THIS WARRANTY IS VOID WHERE PROHIBITED BY LAW.

THE COMPANY, IN NO EVENT SHALL JAVACH'S LIABILITY UNDER ANY EXPRESS OR IMPLIED WARRANTY EXCEED THE PURCHASE PRICE OF THE PRODUCT AND ANY SUCH LIABILITY SHALL TERMINATE UPON THE EXPIRATION OF THE WARRANTY PERIOD.

Except as otherwise provided, Javach will not charge Original Purchaser to repair or replace the purchaser's Product if it is deemed defective during the length of this Limited Warranty, but any transportation costs associated with repairs or replacements are Purchaser's responsibility. The new warranty is provided with a replacement product. The warranty for the replacement product runs from the date of the original purchase of the original product. In the event that repair is necessary, such repair will be at no charge to the Purchaser except for transportation costs associated with such repair or replacement of a product in compliance with the terms of this Limited Warranty.

In the event, a warranty claim is filed and a warranty replacement is deemed necessary, the purchaser will be required to surrender the original product to Avanti at the time of replacement.
