Octopus T00300-TAV2S2

Octopus Print Head Cleaning Kit for Epson Printers (500 ml)

Brand: Octopus

Model: T00300-TAV2S2

INTRODUCTION

This instruction manual provides detailed guidance for using the Octopus Print Head Cleaning Kit, specifically designed for cleaning Epson printer heads. The kit helps to dissolve dried ink and clear blockages, restoring print quality.

Kit Contents:

- 1 x Octopus Print Head Cleaning Fluid (500 ml)
- 1 x Luer Lock Syringe (60 ml)
- 2 x Hose Adapters for Print Head Cleaning
- 1 x Accessory Set (includes additional hose, gloves, and swab)

SAFETY INFORMATION

Please read and understand all safety precautions before using this product.

- Keep out of reach of children and pets.
- Avoid contact with eyes and skin. In case of contact, rinse immediately with plenty of water.
- Use in a well-ventilated area.
- Do not ingest the cleaning fluid. If swallowed, seek immediate medical attention.
- Dispose of used cleaning fluid and materials according to local regulations.

SETUP

1. **Prepare the Printer:** Move the printer head to the cartridge change position.
2. **Disconnect Power:** Unplug the printer from the power source to prevent accidental operation.
3. **Protect Work Surface:** Place kitchen paper or an absorbent cloth directly under the print head to catch any excess cleaning fluid.
4. **Remove Cartridges:** Carefully remove all ink cartridges from the printer.

OPERATING INSTRUCTIONS (CLEANING PROCESS)

1. **Attach Hose Adapter:** Select the appropriate hose adapter and securely attach it to the ink inlet of the print head you wish to clean.
2. **Fill Syringe:** Draw approximately 20-30 ml of the Octopus cleaning fluid into the Luer Lock syringe.
3. **Apply Cleaning Fluid:** Slowly inject a portion of the cleaning fluid into the hose adapter.
4. **Dissolve Blockages:** Gently perform pumping movements with the syringe to help dissolve ink residues and crusts within the print head.
5. **Soak for Stubborn Blockages:** For more stubborn blockages, allow the cleaning fluid to sit in the print head for a longer duration. If necessary, let it act overnight.
6. **Reinstall Cartridges:** After the cleaning process, remove the hose adapter and carefully reinsert all ink cartridges.
7. **Print Test Page:** Connect the printer to power and print several test pages until the cleaning fluid is flushed out and normal print quality is restored.

MAINTENANCE

Regular cleaning of your printer heads can prevent severe blockages and maintain optimal print quality. Consider performing this cleaning procedure periodically, especially if the printer is used infrequently or if print quality begins to degrade.

TROUBLESHOOTING AND LIMITATIONS

While the Octopus Print Head Cleaning Kit is highly effective, it may not resolve all types of print head issues. Please note the following limitations:

- **Severe Blockages:** The kit may be ineffective on print heads with extremely heavy blockages or those caused by insoluble materials.
- **Very Old Print Heads:** Very old print heads may not respond to cleaning or may experience further clogging shortly after cleaning.
- **Defective Print Heads:** This kit cannot repair physically damaged or defective print heads.
- **Cartridge Compatibility:** Not suitable for Epson 24, 26, and 33 cartridges.
- **Hose-Connected Print Heads:** Not suitable for print heads where cartridges are connected to the print head via hoses.

SPECIFICATIONS

Feature	Detail
Brand	Octopus
Model Number	T00300-TAV2S2
Product Volume	500 ml
Manufacturer	Octopus Concept GmbH
Compatibility	Designed for Epson printer heads (see troubleshooting for exclusions)

WARRANTY AND SUPPORT

For warranty information or technical support, please contact Octopus customer service directly. Refer to the product packaging or the manufacturer's official website for contact details.

ASK A QUESTION ABOUT THIS MANUAL
