## Seville Classics OFF42630

# Seville Classics Airlift Adjustable Sit-Stand Desk

Model: OFF42630 | Brand: Seville Classics

## INTRODUCTION

---

The Seville Classics Airlift Adjustable Sit-Stand Desk is designed to provide a versatile and ergonomic workspace. This portable desk allows users to easily transition between sitting and standing positions, promoting better posture and comfort throughout the day. Its compact design and mobility make it suitable for various environments, including homes, offices, and educational settings.

## IMPORTANT SAFETY WARNINGS

---

To ensure safe operation and prevent injury, please observe the following warnings:

- Always use the table with care, especially when adjusting its height or moving it.
- Ensure the desk is on a stable, level surface before placing items on it or adjusting its height.
- Do not overload the desk. Refer to the Specifications section for weight capacity.

- Keep hands and fingers clear of moving parts during height adjustment to avoid pinching.
- Lock the casters when the desk is in a desired position to prevent unintended movement.

## PACKAGE CONTENTS

---

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Desk Top (Maple finish)
- Main Support Column with Pneumatic Lift Mechanism
- Base Frame (H-shaped)
- Casters (x4, two with locking mechanism)
- Assembly Hardware (screws, wrench)

## ASSEMBLY INSTRUCTIONS

---

Assembly of the Seville Classics Airlift Desk is straightforward and typically requires minimal tools, often included in the package. Follow these steps for proper setup:

1. **Attach Casters to Base:** Carefully insert the four casters into the designated holes at the ends of the H-shaped base frame. Ensure they are securely seated. Two of the casters include a locking mechanism.

Figure 2: Close-up view of a caster wheel, showing the locking mechanism for stability.

2. **Secure Support Column to Base:** Align the main support column with the central mounting point on the assembled base frame. Use the provided screws and wrench to firmly attach the column to the base.
3. **Attach Desk Top to Support Column:** Position the desk top onto the top of the support column, ensuring the pneumatic lever mechanism is accessible. Secure the desk top to the column using the remaining screws.

Figure 3: Detailed view of the pneumatic lift lever mechanism located beneath the desk top.

4. **Test Stability:** Once assembled, gently shake the desk to ensure all connections are secure and stable.

## OPERATING INSTRUCTIONS

---

### Height Adjustment

The Airlift desk features a pneumatic gas spring system for smooth and effortless height adjustment. The desk can be adjusted from approximately 74.4 cm (29.3 inches) to 110.4 cm (43.5 inches) high.

1. **To Raise the Desk:** Gently lift the pneumatic lever located under the right side of the desk top. The desk will automatically rise. Release the lever at your desired height.
2. **To Lower the Desk:** Gently lift the pneumatic lever while applying slight downward pressure on the desk top. The

desk will smoothly lower. Release the lever at your desired height.

Figure 4: A hand demonstrating the use of the pneumatic lever to adjust the desk's height.

Figure 5: Visual representation of the desk's adjustable height range, illustrating its versatility for sitting and standing.

### **Mobility and Stability**

The desk is equipped with four casters for easy movement. Two of these casters have locking mechanisms to secure the desk in place.

- **To Move the Desk:** Unlock the two locking casters by pressing down on their levers. Gently push or pull the desk to its desired location.
- **To Secure the Desk:** Once the desk is in position, press down on the levers of the two locking casters until they

click into place. This will prevent the desk from rolling.

## MAINTENANCE AND CARE

---

Proper care will extend the life and appearance of your Seville Classics Airlift Desk:

- **Cleaning the Surface:** The maple print tabletop is waterproof. Wipe the surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Frame Care:** The dark brown epoxy-coated steel frame can be cleaned with a damp cloth.
- **Caster Maintenance:** Periodically check the casters for any debris (e.g., hair, lint) that might impede their movement. Clean as necessary.
- **Pneumatic Mechanism:** The pneumatic lift mechanism is designed for long-term use and generally requires no special maintenance. Avoid applying excessive force or attempting to disassemble it.

## TROUBLESHOOTING

---

If you encounter issues with your desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk wobbles	Uneven floor; loose connections; heavy monitor/items.	Ensure all assembly screws are tightened. Place the desk against a wall for added stability. Distribute weight evenly.
Desk does not adjust height smoothly	Lever not fully engaged; mechanism obstruction.	Ensure the lever is fully lifted or pressed. Check for any obstructions around the column. Do not force the mechanism.
Casters do not roll freely	Casters locked; debris in wheels.	Unlock the casters. Remove any hair, lint, or debris from the wheels.

## PRODUCT SPECIFICATIONS
