# ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls User Manual

Model: 37802650003

## INTRODUCTION

---

This manual provides comprehensive instructions for the proper use, care, and storage of your ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls. These rolls are designed for use with compatible vacuum sealing machines to preserve food freshness and extend shelf life.

Image: ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls. The image shows two rolls of the vacuum sealing foil, along with examples of food items (candies, vegetables) that have been successfully vacuum-sealed, demonstrating the product's application.

## SETUP

---

### Unpacking

Carefully remove the ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls from their packaging. Inspect the rolls for any signs of damage. If any damage is found, do not use the product and contact customer support.

### Preparing the Rolls

The rolls are ready for immediate use with your vacuum sealing machine. Ensure your vacuum sealer is clean and in good working order before proceeding.

## OPERATING INSTRUCTIONS

---

Follow these steps to create custom-sized vacuum seal bags from your ORBEGOZO EV 3300 foil rolls:

1. **Cutting the Roll:** Unroll the desired length of foil. Use scissors or the integrated cutter on your vacuum sealer (if available) to cut the foil straight across. Remember to leave extra length for sealing both ends and for the food item.
2. **Sealing One End:** Place one end of the cut foil into the sealing bar of your vacuum sealer. Activate the seal function according to your machine's instructions. This will create the bottom seal of your custom bag.

3. **Filling the Bag:** Open the newly formed bag and place the food item inside. Ensure there is at least 5-10 cm (2-4 inches) of empty space between the food and the open end of the bag to allow for proper vacuuming and sealing. Avoid overfilling.
4. **Vacuum Sealing:** Place the open end of the bag into the vacuum channel of your vacuum sealer. Close the lid and activate the vacuum and seal function. The machine will remove air from the bag and then create a strong, airtight seal.
5. **Inspection:** After sealing, inspect the seal to ensure it is complete and free of wrinkles or gaps. A good seal will appear clear and uniform.

For best results, always refer to your specific vacuum sealer machine's instruction manual for detailed operating procedures.

## CARE AND STORAGE

---

To maintain the quality and effectiveness of your ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls:

- Store unused rolls in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep the rolls in their original packaging or a protective container to prevent dust and damage.
- Avoid creasing or folding the foil, as this can compromise its sealing integrity.

## TROUBLESHOOTING

---

If you encounter issues while using your ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls, consider the following common problems and solutions:

### Poor Seal or Incomplete Seal

- **Issue:** The seal is not complete or appears wrinkled.
- **Solution:**
  - Ensure the end of the bag is clean and dry before sealing. Moisture or food particles can prevent a proper seal.
  - Check that the bag is placed flat and smoothly across the sealing bar of your machine.
  - Verify that your vacuum sealer's sealing strip is clean and not worn out.
  - Allow the sealing bar of your machine to cool down between seals if making multiple bags consecutively.

### Air Leaks After Sealing

- **Issue:** Air re-enters the bag after sealing.
- **Solution:**
  - Inspect the bag for punctures or small holes, especially around sharp food items. Consider using a double seal or a thicker bag if available.
  - Ensure enough space was left between the food and the seal. Overfilling can stress the seal.
  - Check the integrity of the seal itself. If it looks weak or incomplete, re-seal the bag or use a new piece of foil.
  - For moist foods, consider pre-freezing or using the "moist" setting on your vacuum sealer if it has one.

## PRODUCT SPECIFICATIONS

---

<b>Brand</b>	Orbegozo
<b>Model Number</b>	37802650003
<b>Product Type</b>	Vacuum Sealer Foil Rolls
<b>Roll Dimensions (approx.)</b>	22 cm (width) x 600 cm (length) per roll
<b>Quantity</b>	2 Rolls per box
<b>Color</b>	Transparent / Black (as per product title "Noir")
<b>Package Dimensions</b>	20 x 20 x 20 cm
<b>Package Weight</b>	200 grams

## WARRANTY AND SUPPORT

---

Specific warranty information for the ORBEGOZO EV 3300 Vacuum Sealer Foil Rolls is not provided in this manual. For details regarding warranty coverage, product support, or to inquire about replacement parts, please contact Orbegozo customer service directly or refer to the official Orbegozo website.

Please retain your proof of purchase for any warranty claims.
