# mDesign Fabric 8-Section Divider Drawer Organizer Bin User Manual

Model: 7627MDB | Brand: mDesign

## 1. INTRODUCTION

---

This user manual provides comprehensive instructions for the mDesign Fabric 8-Section Divider Drawer Organizer Bin. Designed for efficient organization, this product helps keep various items neatly separated and easily accessible within drawers, closets, and changing tables. Its collapsible design allows for convenient storage when not in use.

## 2. PRODUCT OVERVIEW

---

The mDesign Fabric 8-Section Divider Drawer Organizer Bin is a versatile storage solution crafted from durable fabric. Each bin features eight individual compartments, ideal for sorting small items. The product is sold as a 2-pack, offering ample organizational capacity. Its lightweight and collapsible nature makes it suitable for various spaces, including baby nurseries, dressers, and closets.

Image: Detailed dimensions of the organizer, indicating its length, width, and height for proper fit in drawers.

### 3. SETUP INSTRUCTIONS

The mDesign Fabric Organizer Bin is designed for quick and easy setup. It arrives in a collapsed state for compact packaging.

1. **Unfold the Bin:** Carefully remove the organizer from its packaging. Gently unfold the fabric bin, allowing its sides to stand upright.
2. **Insert Base Support:** Locate the rigid base insert, typically found folded at the bottom of the collapsed bin. Place this insert firmly into the bottom of the unfolded bin to provide stability and maintain its shape. Ensure it lies flat.
3. **Shape the Dividers:** The internal fabric dividers will naturally expand as the bin takes shape. Gently push down on the bottom of each compartment to ensure they are fully extended and ready for use.

Your organizer is now ready for use. To collapse for storage, remove the base insert and fold the bin flat.

## 4. OPERATING (USAGE)

---

These organizer bins are highly versatile and can be used in various settings to maintain order.

- **Nursery Organization:** Ideal for baby clothes (onesies, socks, bibs), diapers, wipes, small toys, and baby care products.
- **Dresser Drawers:** Perfect for organizing socks, underwear, ties, scarves, and other small apparel items.
- **Closet Shelves:** Use on shelves to keep accessories, small bags, or folded garments tidy.
- **Craft Supplies:** Store small craft items like beads, threads, or tools.
- **Office Supplies:** Organize pens, notepads, clips, and other desk essentials.

## 5. MAINTENANCE AND CARE

---

To ensure the longevity and cleanliness of your mDesign Fabric Organizer Bins, follow these care instructions:

- **Spot Clean Only:** For minor spills or dirt, use a damp cloth with mild soap to gently spot clean the affected area.
- **Air Dry:** Allow the organizer to air dry completely before reuse or storage. Do not machine wash or tumble dry, as this may damage the fabric and structural integrity.
- **Avoid Harsh Chemicals:** Do not use bleach or abrasive cleaners, as these can discolor or damage the fabric.
- **Dust Regularly:** Periodically wipe down the exterior with a dry cloth to remove dust.

## 6. TROUBLESHOOTING

---

While the mDesign Fabric Organizer Bins are designed for simplicity, here are solutions to common concerns:

- **Bin Does Not Hold Shape:** Ensure the rigid base insert is fully and correctly placed at the bottom of the bin. If the base is missing, the bin will not maintain its structure.
- **Items Fall Between Compartments:** The dividers are designed to separate items within their respective sections. For very small or thin items, some shifting may occur. Consider placing smaller items in mesh bags or smaller containers within the compartments if this is a concern.
- **Odor from New Product:** A slight fabric odor may be present upon unboxing. This is normal and will dissipate quickly. Air out the bins in a well-ventilated area for a few hours before use.

## 7. SPECIFICATIONS

|                                  |  |
