# GOURMETmaxx 01644 Air Fryer Grill Basket Instruction Manual

Model: 01644 | Brand: GOURMETmaxx

## 1. INTRODUCTION

This manual provides instructions for the proper use and maintenance of your GOURMETmaxx 01644 Air Fryer Grill Basket. Please read these instructions carefully before first use and retain them for future reference.

The GOURMETmaxx Air Fryer Grill Basket is designed for fat-reduced cooking in your oven, allowing hot air to circulate around food for crispy results. Its non-stick coating prevents food from sticking and simplifies cleaning. It is suitable for preparing items such as fries, chicken nuggets, and other oven-ready foods.

## 2. SAFETY INSTRUCTIONS

- Always use oven mitts or heat-resistant gloves when handling the hot grill basket.
- Ensure the basket is placed on a stable oven rack.
- Always place a baking sheet or drip tray directly underneath the grill basket to catch any dripping fat or food particles. This helps keep your oven clean.
- Do not use abrasive cleaners, metal scouring pads, or sharp objects on the non-stick coating to avoid damage.
- Keep the product out of reach of children.
- This product is intended for household use only.

## 3. PRODUCT COMPONENTS

The GOURMETmaxx 01644 Air Fryer Grill Basket includes:

## 4. SETUP AND FIRST USE

---

1. **Unpack:** Carefully remove the grill basket from its packaging.
2. **Initial Cleaning:** Before first use, wash the basket thoroughly with warm soapy water and a soft sponge. Rinse well and dry completely.
3. **Oven Placement:** Place the grill basket on an oven rack inside your oven. Ensure a baking sheet or drip tray is positioned directly underneath the basket to collect any drippings during cooking. This is crucial for maintaining oven cleanliness.

## 5. OPERATING INSTRUCTIONS

---

The GOURMETmaxx Air Fryer Grill Basket is designed to promote even cooking and crispiness by allowing 360° hot air circulation around your food.

1. **Preheat Oven:** Preheat your oven to the temperature recommended for the food item you are preparing.
2. **Load Food:** Arrange your food items (e.g., pre-fried fries, chicken nuggets, vegetables) evenly in a single layer within the grill basket. Avoid overcrowding to ensure optimal hot air circulation.
3. **Insert into Oven:** Using oven mitts, carefully slide the loaded grill basket into the preheated oven. Confirm that the drip tray is correctly positioned underneath.
4. **Cooking Process:** Cook for the recommended duration for your specific food. The mesh design facilitates hot air reaching all sides of the food, which helps achieve even cooking and a crispy texture.

without the need for frequent turning.

5. **Removal:** Once cooking is complete, use oven mitts to carefully remove the hot grill basket from the oven.

## 6. CLEANING AND MAINTENANCE

Proper cleaning and maintenance will help preserve the non-stick properties and extend the lifespan of your GOURMETmaxx Air Fryer Grill Basket.

- **Cool Down:** Always allow the basket to cool completely after use before attempting to clean it.
- **Hand Washing:** For best results and to prolong the non-stick coating, hand wash with warm, soapy water and a soft sponge or cloth.
- **Dishwasher Safe:** The grill basket is designed to be dishwasher safe for your convenience.
- **Drying:** Ensure the basket is thoroughly dry before storing to prevent water spots or rust.
- **Storage:** Store in a dry place, away from direct heat or moisture.

## 7. TROUBLESHOOTING

If you encounter any issues while using your GOURMETmaxx Air Fryer Grill Basket, consider the following common solutions:

- **Food Not Crispy Enough:**
  - Ensure your oven is preheated to the correct temperature.
  - Avoid overcrowding the basket; food should be in a single layer for optimal air circulation.
  - For best results, use an oven with a convection (fan-assisted) setting, as this enhances hot air distribution.
- **Food Sticking to the Basket:**
  - While the basket features a non-stick coating, some foods, especially those with high sugar content or certain marinades, may still benefit from a light spray of cooking oil before placement.
  - Ensure the basket is clean and free of old food residues before each use.
- **Difficulty Cleaning Stubborn Residue:**
  - Soak the basket in warm, soapy water for a period before attempting to clean. This will help loosen any baked-on food.
  - Use a soft brush or sponge; avoid abrasive materials.
