ASSEMBLY INSTRUCTIONS

The nanoblock Pichu kit is rated at a Level 2 difficulty, suitable for ages 8 and up. Assembly involves connecting micro-sized blocks, some as small as 4mm x 4mm x 5mm. Patience and attention to detail are key.

1. **Unpack Components:** Carefully open the packaging and lay out all nanoblock pieces. It is recommended to sort pieces by color and size to facilitate assembly.
2. **Follow Step-by-Step Guide:** Refer to the included detailed instruction sheet. Each step illustrates the placement of specific blocks.
3. **Secure Connections:** Ensure each block is firmly pressed into place. The small size requires precise alignment.
4. **Build Layer by Layer:** nanoblock models are typically built in layers. Pay close attention to the orientation of each block as shown in the instructions.
5. **Final Touches:** Once all blocks are assembled according to the instructions, double-check for any loose pieces or misalignments.

Video: A time-lapse demonstration of assembling a nanoblock Pokémon kit, providing a visual guide to the building process. This video features a Pikachu model, but the assembly principles apply to the Pichu kit.

PRODUCT CARE AND MAINTENANCE

- **Cleaning:** To clean your nanoblock model, gently wipe it with a dry, soft cloth. For stubborn dust, a soft brush or compressed air can be used. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store your assembled model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or material degradation.
- **Handling:** Handle the model carefully to avoid accidental disassembly, especially with smaller components.

TROUBLESHOOTING

- **Missing Pieces:** In the rare event of missing pieces, please contact nanoblock customer support. Ensure you have thoroughly checked all packaging materials.
- **Difficulty Assembling:** If you encounter difficulty, re-examine the instruction sheet closely. Sometimes a slight misalignment can prevent blocks from fitting correctly. Ensure blocks are pressed firmly.
- **Loose Connections:** If blocks feel loose, ensure they are fully seated onto the studs of the adjacent blocks.

SPECIFICATIONS

Brand	nanoblock
Model Number	NAN20720
