Vileda 170512

Vileda Ultramat Complete Set Instruction Manual
Model: 170512

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Vileda Ultramat Complete Set. Please read these instructions carefully before first use and retain them for future reference.

PRODUCT OVERVIEW

The Vileda Ultramat Complete Set is designed for efficient floor cleaning. It includes the following components:

- UltraMat Flat Mop with a three-part telescopic handle
- 2-in-1 Microfiber Mop Cover
- UltraMat Bucket with Power Press wringing mechanism

SETUP INSTRUCTIONS

1. **Assemble the Mop Handle:** Connect the three sections of the telescopic handle by twisting them together until secure. Adjust the handle length to a comfortable height.

2. **Attach the Mop Cover:** Lay the microfiber mop cover flat on the floor. Align the mop head with the cover and press down firmly until the cover is securely attached to the hook-and-loop fasteners on the mop head.

3. **Prepare the Bucket:** Fill the UltraMat bucket with water. For optimal cleaning, use warm water. Add a small amount of floor cleaner if desired, following the cleaner's instructions.

OPERATING INSTRUCTIONS

1. **Wet the Mop:** Dip the mop head into the water in the bucket, ensuring the entire microfiber cover is saturated.

2. **Wring the Mop:** Place the wet mop head into the Power Press wringer. Use your foot to press down on the wringer pedal (if applicable) or manually press the mop head into the wringer to remove excess water. Wring until the desired dampness is achieved for your floor type.

Image: A graphic emphasizing the "2in1 Microfiber" technology for clean and streak-free cleaning results.

MAINTENANCE

- **Mop Cover Cleaning:** The microfiber mop cover can be machine washed at up to 60°C (140°F). Do not use fabric softener or bleach, as these can damage the microfiber properties. Air dry or tumble dry on low heat.
- **Bucket Cleaning:** Rinse the bucket thoroughly with clean water after each use. Allow it to air dry to prevent mildew.
- **Handle Care:** Wipe the handle clean with a damp cloth as needed.
- **Storage:** Store the Vileda Ultramat Complete Set in a dry place.

TROUBLESHOOTING

Mop head not wringing effectively:
Ensure the mop head is fully inserted into the Power Press wringer. Apply firm, consistent pressure when wringing. Check if the microfiber cover is properly attached and not bunched up.

Mop cover not attaching securely:

Verify that the hook-and-loop fasteners on both the mop head and the cover are clean and free of debris. Press the mop head firmly onto the cover to ensure full contact.

Streaks on floor:
Ensure the mop is adequately wrung out for your floor type. Too much water can cause streaks. If using a cleaning solution, ensure it is diluted correctly and suitable for your floor. Clean the mop cover thoroughly after each use.

SPECIFICATIONS

|	
Model Number	170512
Product Dimensions	11.02 x 9.92 x 14.37 inches (28 x 25.2 x 36.5 cm)
Item Weight	2.2 Pounds (1 kg)
Material	Microfiber (mop head), Plastic (bucket, handle)
Handle Type	Telescopic
Manufacturer	Vileda
