Jazwares Pixar Cars 3 Lightning McQueen Rusteze 98366 1:24 Scale Die-Cast Model Instruction Manual

Model: 98366

Introduction

This manual provides essential information for the Jazwares Pixar Cars 3 Lightning McQueen Rusteze 98366 1:24 Scale Die-Cast Model. It covers setup, operation, maintenance, troubleshooting, and product specifications to ensure proper handling and enjoyment of your collectible model.
The Lightning McQueen Rusteze model is a high-quality metal die-cast replica from the film Cars 3, designed for display and light play. It is suitable for fans and collectors aged 8 years and up.

Setup

The Jazwares Lightning McQueen Rusteze die-cast model comes fully assembled and ready for immediate use or display. No additional assembly or battery installation is required.

1. **Unboxing:** Carefully remove the model from its packaging. Retain packaging for future storage or reference if desired.
2. **Inspection:** Inspect the model for any visible damage or manufacturing defects upon removal from the box.
3. **Placement:** Place the model on a stable, flat surface for display, or prepare for play in an appropriate area.

Operating Instructions

This die-cast model is designed for both display and imaginative play. It does not feature electronic components or remote control functionality.

- **Display:** Position the model on a shelf, desk, or in a display case to showcase its detailed design. Ensure the surface is level to prevent accidental falls.
- **Play:** The model can be manually rolled on smooth surfaces. Avoid excessive force or impact to prevent damage to the paint finish or structural integrity.
- **Handling:** Always handle the model by its main body to avoid bending or breaking smaller, delicate parts such as spoilers or mirrors.

Maintenance

Proper care will help preserve the appearance and condition of your die-cast model for years to come.

- **Cleaning:**
  - For light dust, use a soft, dry brush or a microfiber cloth to gently wipe the surface.
  - For more stubborn dirt, slightly dampen a soft cloth with water. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paint or decals.
- **Storage:** Store the model in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. Prolonged exposure to sunlight can cause paint fading.
- **Protection:** Consider storing the model in its original packaging or a display case to protect it from dust and accidental

damage.

Troubleshooting

While die-cast models are generally robust, minor issues can occur. Here are some common concerns and solutions:

Issue	Possible Cause	Solution
Paint Chipping/Scratching	Rough handling, impact with hard surfaces, abrasive cleaning.	Handle with care. Avoid dropping or bumping the model. Use only soft cloths for cleaning. Minor chips may be touched up with model paint, but this is not officially recommended.
Loose or Broken Parts	Excessive force during play or handling, manufacturing defect.	For minor loose parts, a small amount of model-safe adhesive may be used. For significant breakage or manufacturing defects, contact Jazwares customer support.
Wheels Not Rolling Smoothly	Dust or debris in the axle, bent axle.	Gently clean around the wheels and axles with a soft brush. If an axle is bent, avoid forcing it; contact customer support if it significantly impacts functionality.

If you encounter an issue not listed here or require further assistance, please contact Jazwares customer support.

Specifications

- **Model Name:** Lightning McQueen Rusteze
- **Model Number:** 98366
- **Scale:** 1:24
- **Brand:** Jazwares
