1. INTRODUCTION

Thank you for choosing the Leader Accessories LA0201025 Hydraulic Adjustable Swivel Bar Stool. This manual provides essential information for the safe assembly, operation, and maintenance of your new bar stools. Please read it thoroughly before use and retain it for future reference.

These modern bar stools feature a comfortable design with a durable chrome frame and faux leather upholstery. They are designed for versatility, offering adjustable height and 360-degree swivel functionality, making them suitable for various settings such as kitchens, home bars, or entertainment areas.

2. SAFETY INFORMATION

- **Important:** Before assembly, ensure to **remove the black cap on the gas lift mechanism**. Failure to do so will prevent the height adjustment feature from functioning correctly.
- Do not exceed the maximum weight limit of **250 lbs (113 kg)**. Exceeding this limit may compromise stability and lead to accidents or damage to the stool.
- Always ensure the stool is placed on a stable, flat surface to prevent tipping.
- Avoid standing on the stool. Use it only for sitting.
- Keep children and pets away from the stool during assembly and adjustment to prevent injury.
- Regularly check all screws and connections to ensure they are tight. Retighten as necessary.

3. ASSEMBLY INSTRUCTIONS

The Leader Accessories bar stools are designed for quick and easy assembly, typically taking 5 to 10 minutes per stool. Each set includes two bar stools and all necessary tools and instructions.

3.1 Package Contents

- 2 x Seat Cushions with Backrest
- 2 x Gas Lift Mechanisms
- 2 x Footrests
- 2 x Base Plates
- Hardware (screws, washers, Allen wrench)
- Instruction Guide

3.2 Step-by-Step Assembly

1. **Unpack Components:** Carefully remove all parts from the packaging. Ensure all components listed above are present.
2. **Prepare Gas Lift:** Locate the gas lift mechanism. **Crucially, remove the black protective cap from the top of the gas lift cylinder before proceeding.** This cap is for shipping protection only and must be removed for proper function.
3. **Attach Seat to Gas Lift:** Align the seat cushion with the top of the gas lift mechanism. Secure the seat to the gas lift using the provided screws and Allen wrench. Ensure all screws are tightened securely.
4. **Attach Footrest:** Slide the footrest ring over the gas lift mechanism. Ensure it is positioned correctly and securely.
5. **Connect Base:** Insert the bottom of the gas lift mechanism into the center hole of the base plate. The stool is now assembled.
6. **Test Functionality:** Gently sit on the stool and test the height adjustment lever and swivel function.

3.3 Assembly Video Guide

Your browser does not support the video tag.

Video: Step-by-step assembly of the bar stool, demonstrating how to connect the seat, gas lift, and base. (Note: Video shows green stools for illustrative purposes.)

4. OPERATING INSTRUCTIONS

4.1 Height Adjustment

Your bar stool features a hydraulic gas lift for easy height adjustment. To adjust the height:

- **To Raise:** While standing, pull the lever located under the seat upwards. The seat will automatically rise. Release the lever at your desired height.

- **To Lower:** While seated, pull the lever located under the seat upwards. The seat will lower under your weight. Release the lever at your desired height.

The stool can be adjusted from approximately 21.5 inches to 31.5 inches, accommodating various counter and bar heights.

4.2 Swivel Function

The seat of the bar stool is designed to rotate freely 360 degrees, allowing for easy movement and interaction in any direction.

4.3 Seating Comfort

The ergonomically designed seat and backrest provide high sitting comfort. Utilize the integrated footrest for optimal leg support and a relaxed sitting posture.

Video: Overview of the bar stool's features, including design, materials, and adjustability. (Note: Video shows green stools for illustrative purposes.)

5. MAINTENANCE

5.1 Cleaning

The faux leather upholstery and chrome base are easy to clean and maintain.

- For general cleaning, wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these can damage the finish and

upholstery.

- Promptly clean up spills to prevent staining.

5.2 Inspection

Periodically inspect the bar stool for any signs of wear or damage. Check the following:

- All screws and fasteners are tight.
- The gas lift mechanism operates smoothly.
- The base and footrest are stable and free from damage.
- The upholstery is intact and free from tears.

If any issues are found, discontinue use and contact customer support for assistance.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Stool does not adjust height.	The black protective cap on the gas lift mechanism was not removed during assembly.	Disassemble the stool, locate the gas lift mechanism, and carefully remove the black protective cap from its top. Reassemble the stool.
Stool feels wobbly or unstable.	Loose fasteners or uneven placement.	Ensure all assembly screws are securely tightened. Verify the stool is on a flat, even surface. Do not exceed the maximum weight capacity.
Difficulty swiveling.	Friction or obstruction in the swivel mechanism.	Check for any obstructions around the swivel mechanism. Ensure the base is clean and free of debris.

7. SPECIFICATIONS

Feature	Detail
Model Number	LA0201025
Brand	Leader Accessories
Product Dimensions (D x W x H)	15"D x 16"W x 21.5"-31.5"H (Adjustable)
