

## Italeri 3930

# Italeri 3930 Scania R730 Streamline Chimera Model Kit Instruction Manual

1:24 Scale Plastic Model Kit

## INTRODUCTION

This manual provides detailed instructions for the assembly, painting, and care of your Italeri 3930 Scania R730 Streamline Chimera 1:24 scale model kit. Designed for enthusiasts aged 10 and up, this kit allows you to construct a highly detailed replica of the Scania R730 Streamline truck. Please read all instructions carefully before beginning assembly.

Art. Nr.	Bezeichnung
510003990	ITALERI Plastikklebstoff m. Pinsel 15ml
510050814	Italeri Präzisions Pinzette, gerade (1)
510050815	Italeri Werkzeug-Set Plastik-Modellbau
510050822	Profi-Bastelmesser mit Klängen (6)
510050825	Ersatzklingen spitz (5) #50822
510050826	Maskierfilm-Rolle 3mm x 18m (2)
510050827	Maskierfilm-Rolle 6mm x 18m (2)
510050829	Schneidunterlage Mat A 230x160mm
510050831	Handbohrer mit 5 Bohrer

**Klebstoffe / Cement:**

Figure 3: Recommended tools such as tweezers, cutters, and modeling knives, along with suitable plastic cement for assembly.

**Decal Sheets**

The kit includes multiple decal sheets to add intricate markings and livery to your model. Apply decals after painting and allow paint to fully cure.

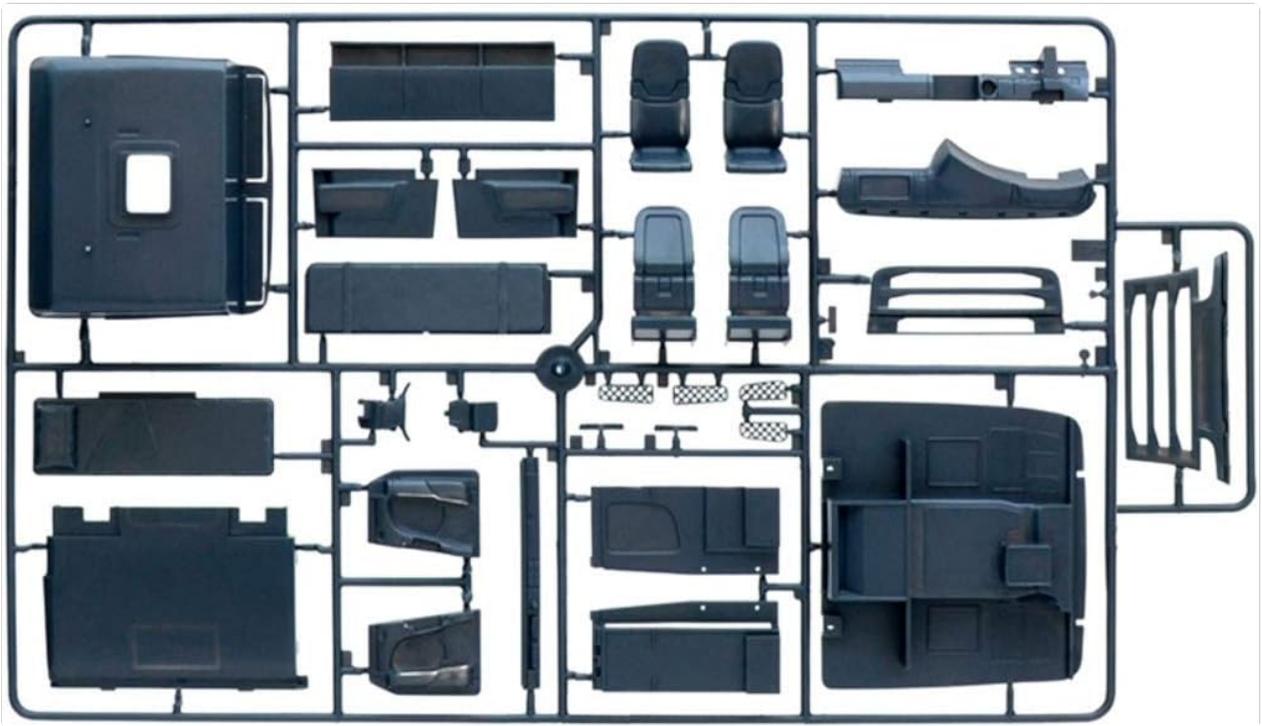

Figure 6: Sprue containing interior and cab components, such as seats, dashboard, and inner panels.

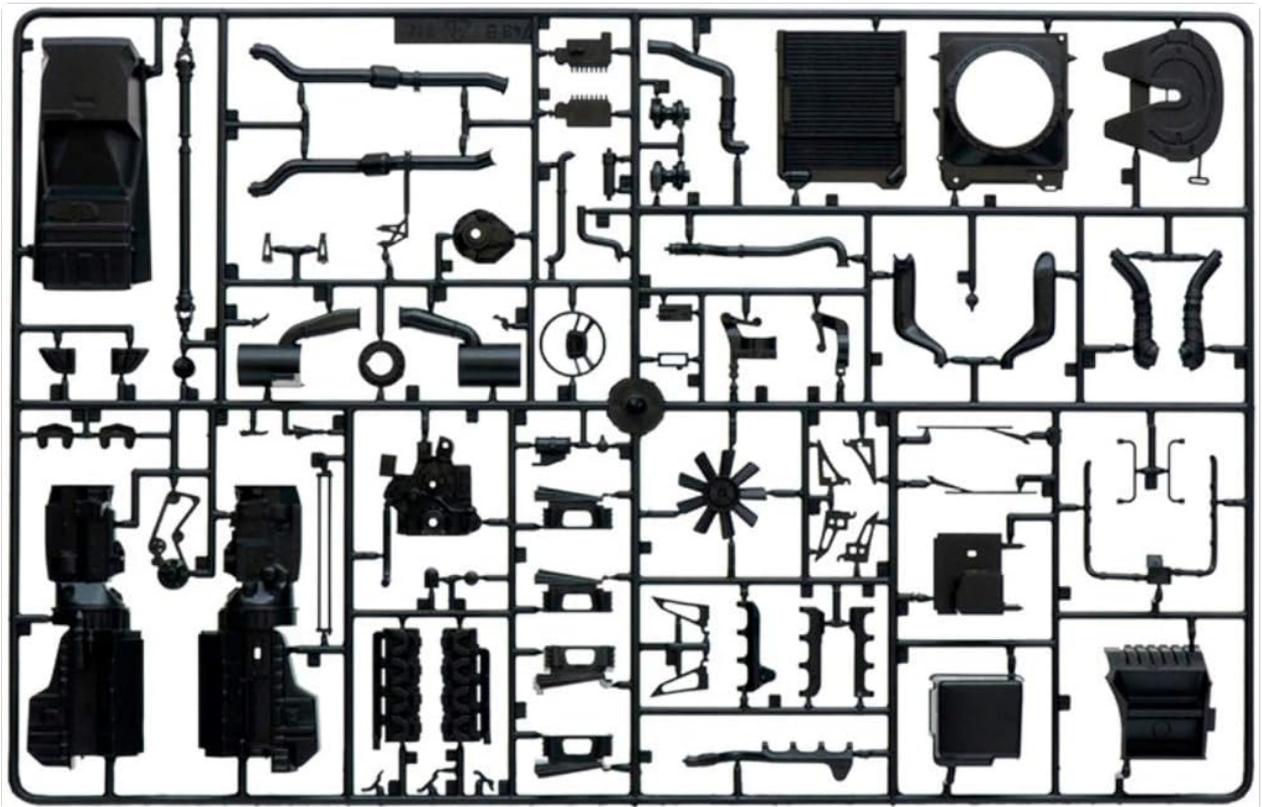

Figure 7: Sprue with engine block, exhaust system, and various chassis components.

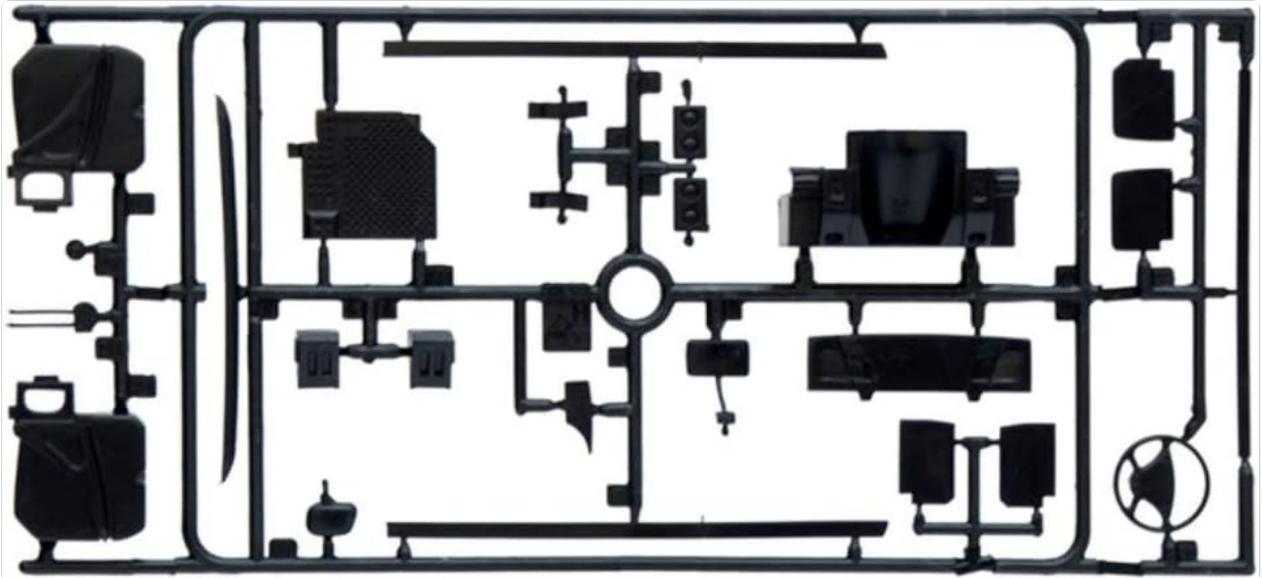

Figure 8: Sprue featuring smaller, detailed parts for the chassis and engine assembly.

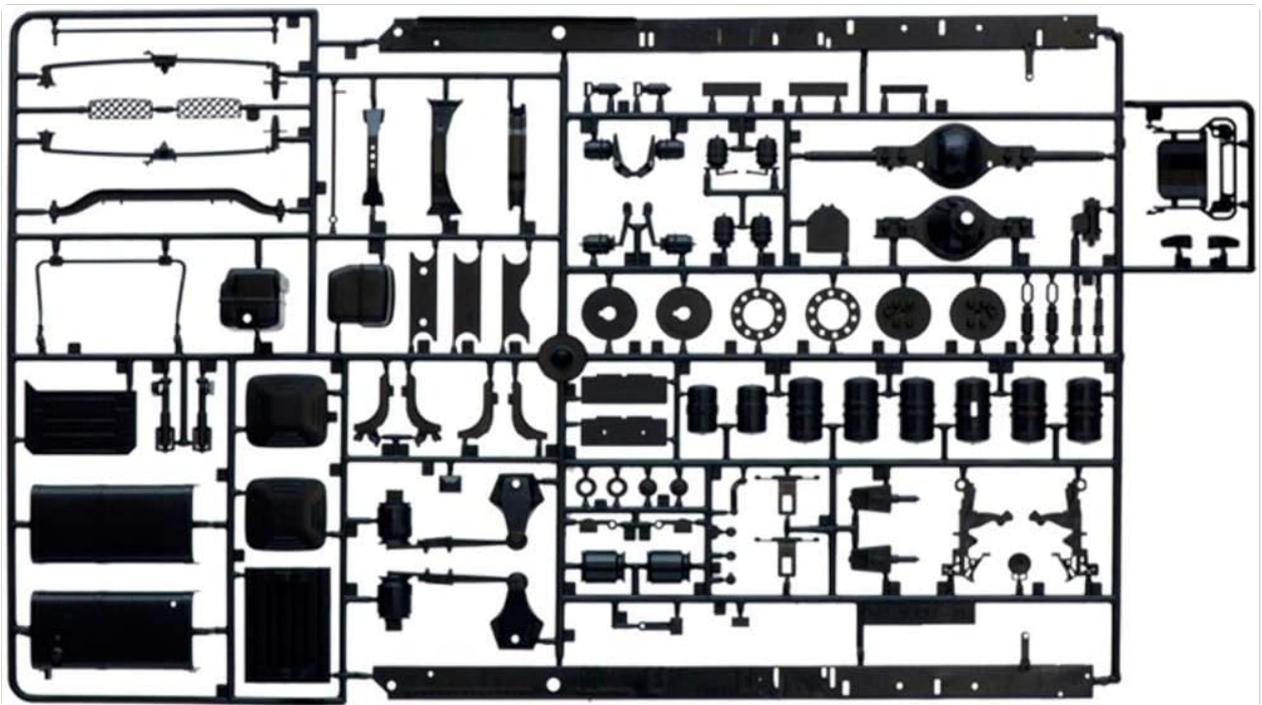

Figure 9: Sprue containing frame rails, suspension components, and other structural elements.

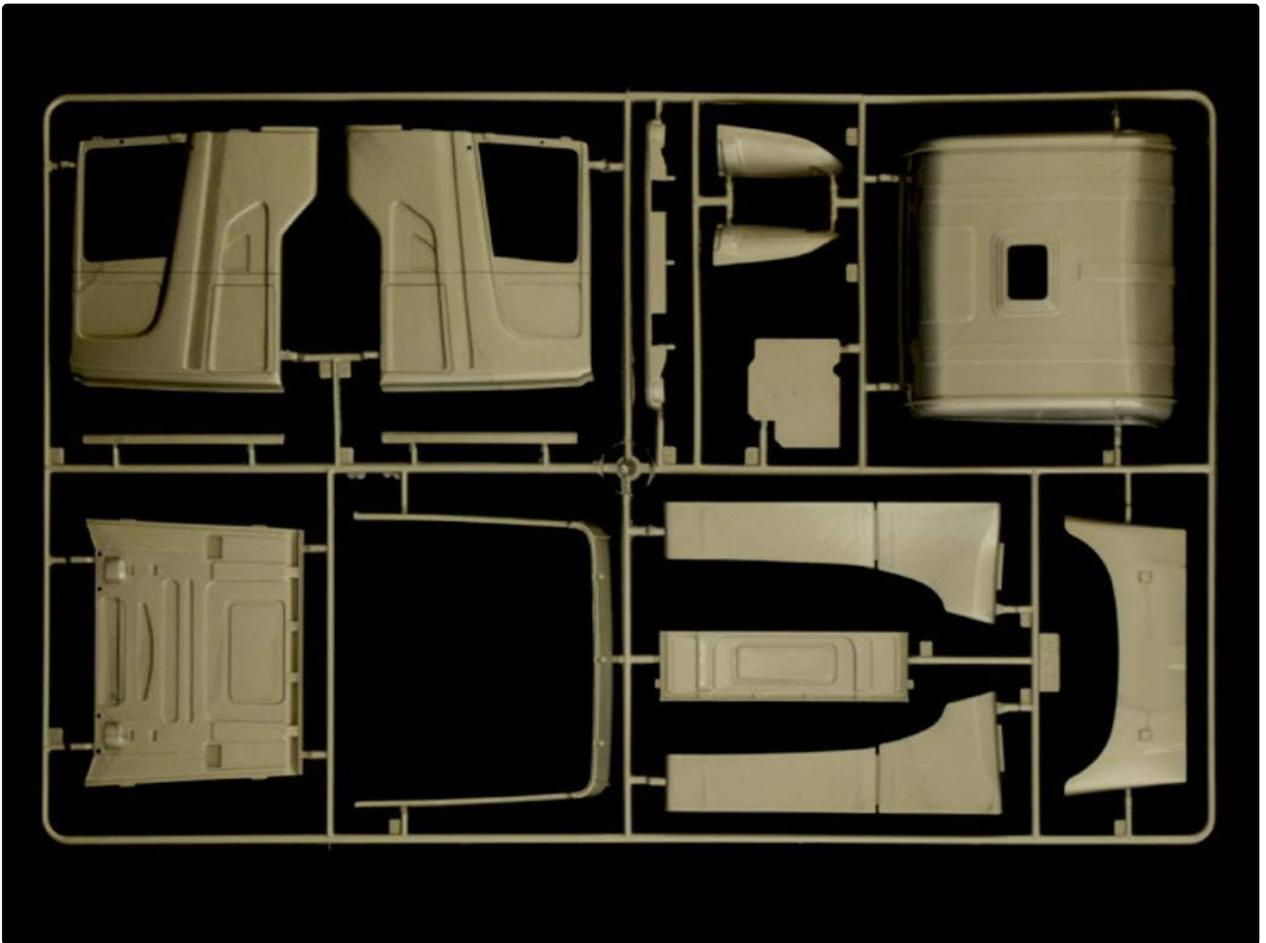

Figure 10: Sprue with major cab exterior panels and bodywork.

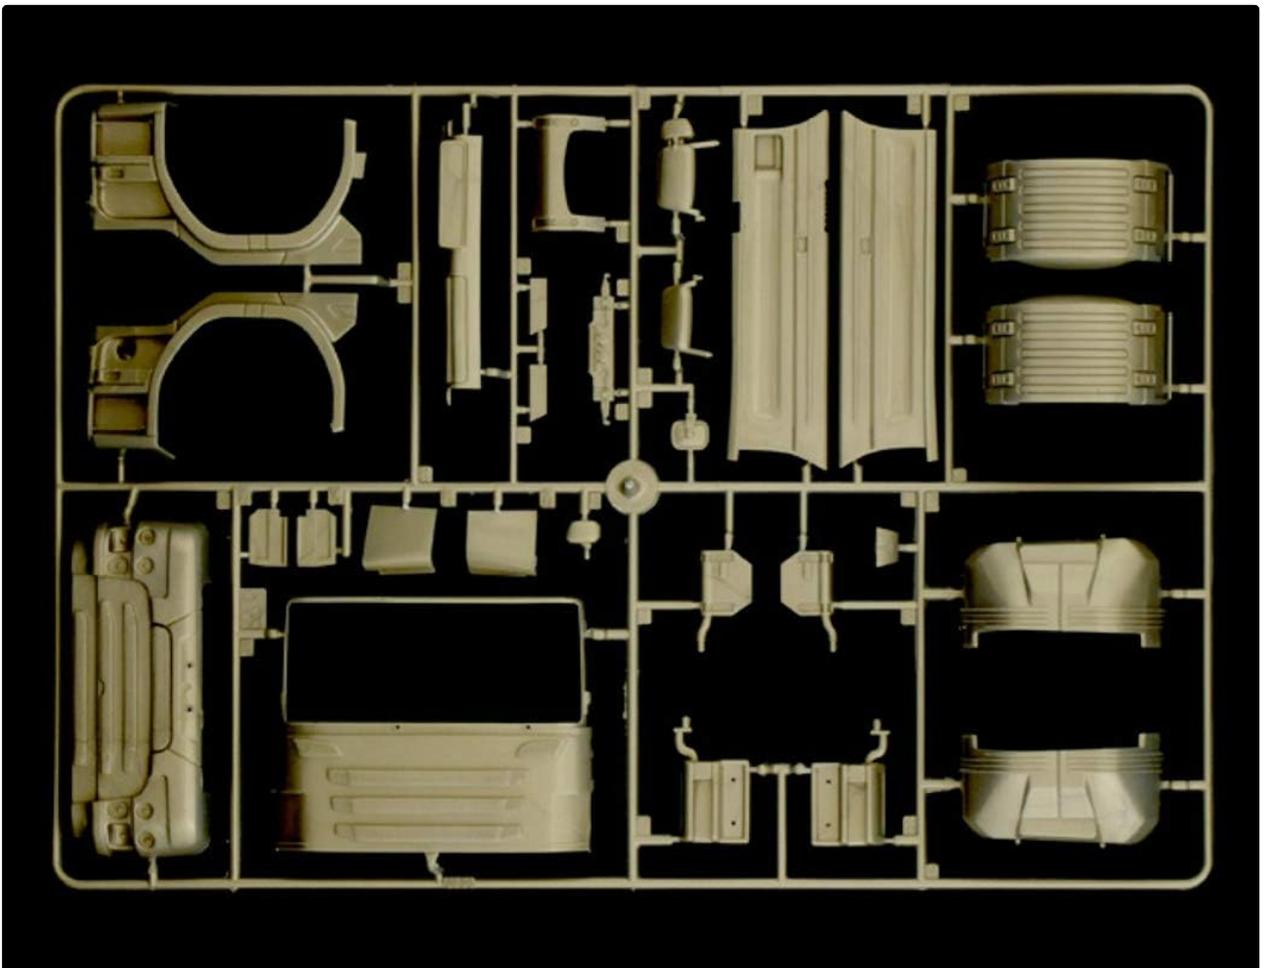

Figure 11: Sprue containing additional body panels, fenders, and side skirts.

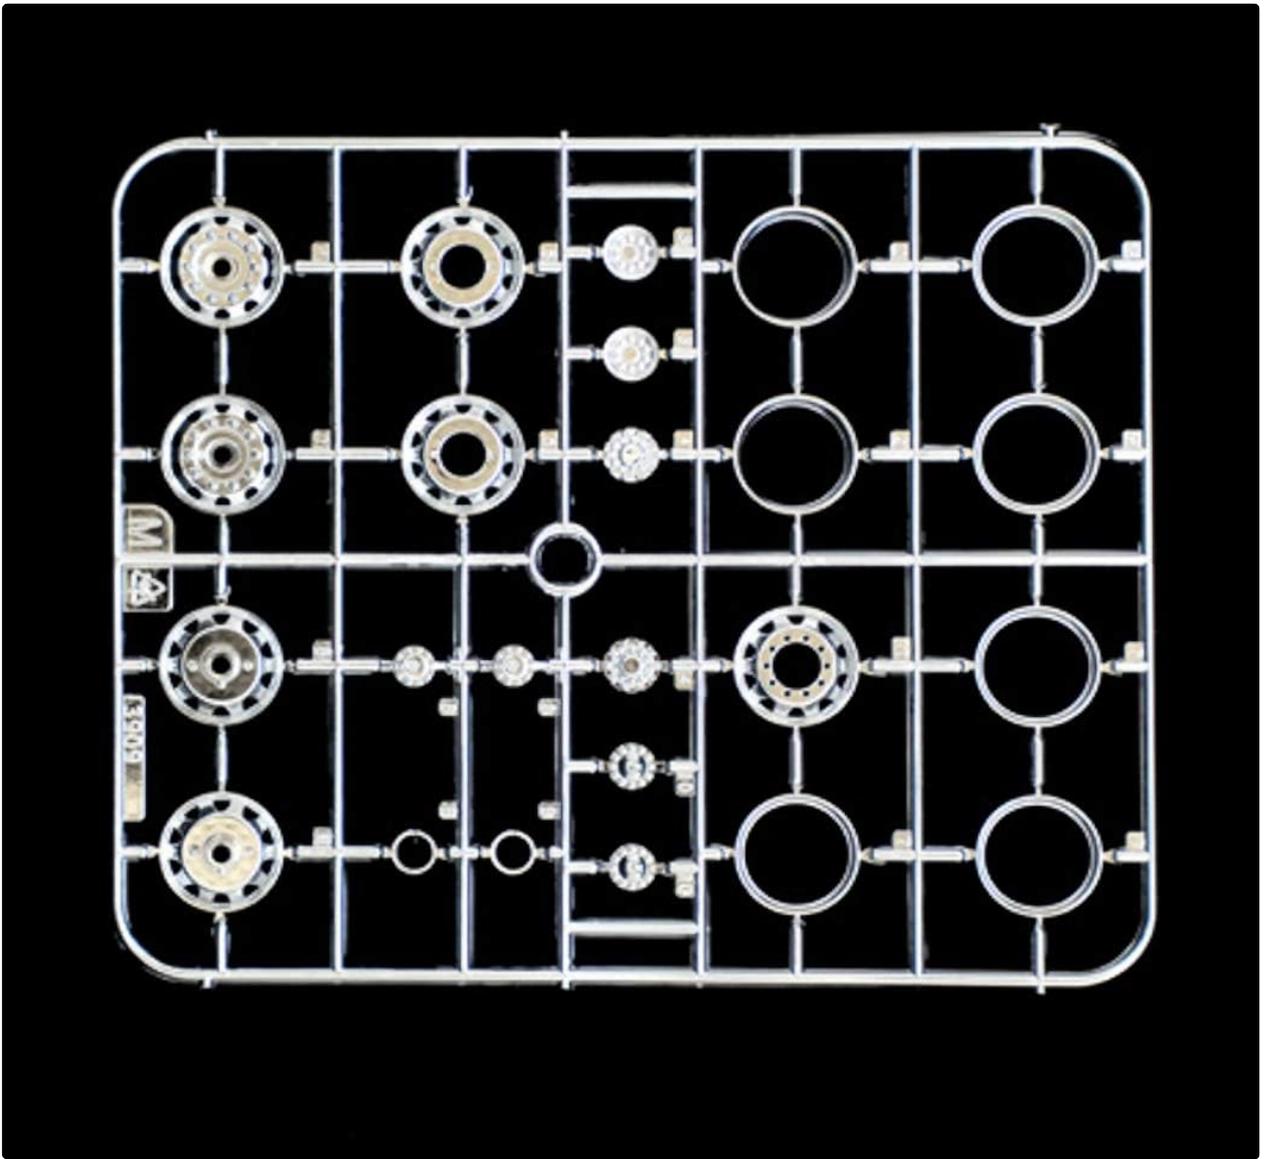

Figure 12: Sprue with chrome-plated wheel rims and hubcaps.

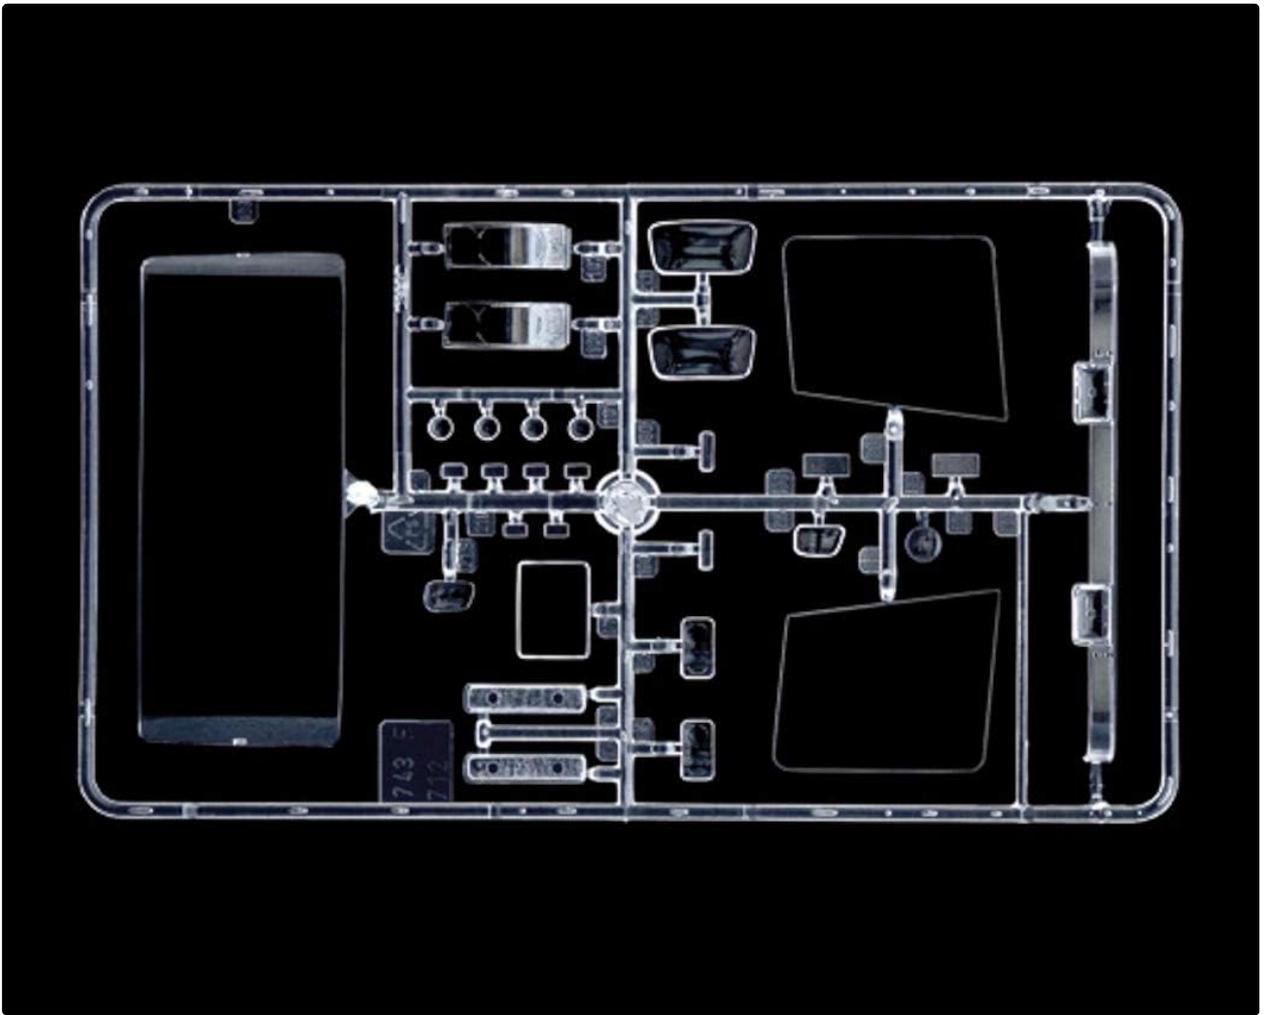

Figure 13: Sprue containing clear plastic parts for windows, headlights, and taillights.

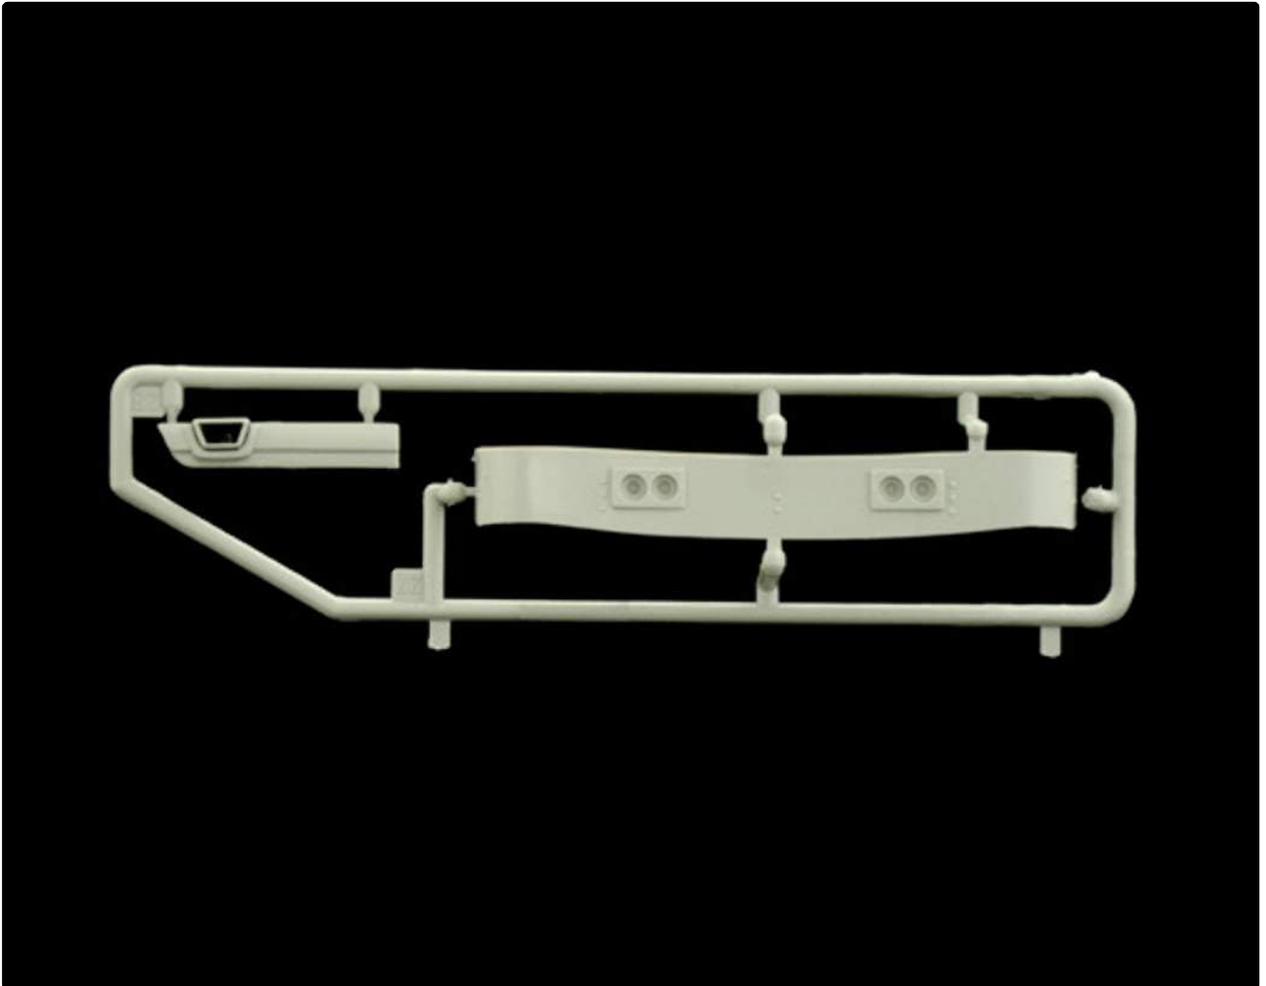

Figure 14: Sprue with bumper components and other small, detailed parts.

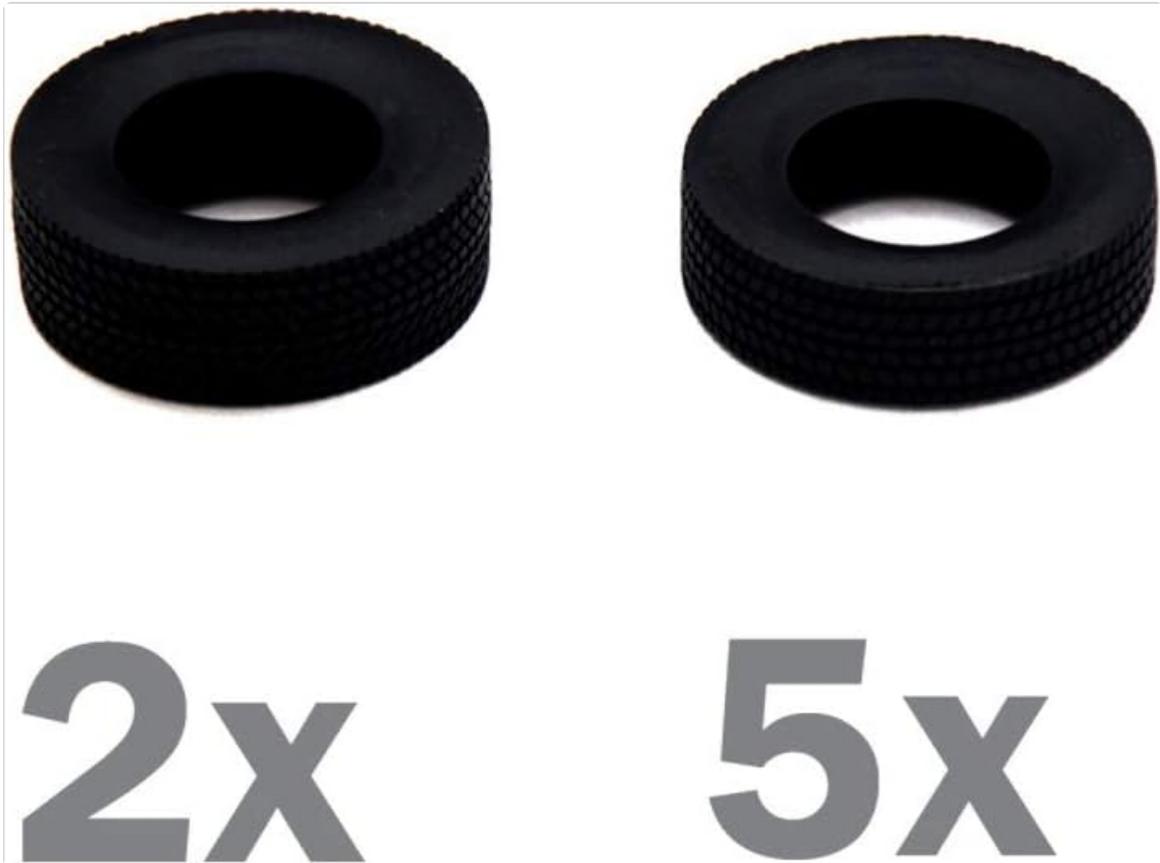

Figure 15: Rubber tires for the model, designed for realistic appearance.

## ASSEMBLY (SETUP)

Follow the step-by-step diagrams in the included physical instruction booklet. Each step will guide you through attaching components, ensuring proper fit and alignment. Use plastic cement sparingly and allow adequate drying time between steps.

1. **Part Preparation:** Carefully remove parts from the sprues using a hobby knife or sprue cutters. Clean any excess plastic (flash) with a file or sandpaper.
2. **Sub-Assemblies:** Begin by assembling smaller sections, such as the engine, interior cabin, and chassis frame, as indicated in the instructions.
3. **Painting:** Paint individual components or sub-assemblies before final attachment, especially for hard-to-reach areas. Refer to the paint guide (Figure 2) for color codes.
4. **Main Assembly:** Once sub-assemblies are complete and painted, proceed with joining the main sections of the truck, including the chassis, cab, and body panels.
5. **Clear Parts:** Attach clear parts (windows, lights) using a clear-drying adhesive to avoid fogging.
6. **Decal Application:** Apply decals (Figures 4 & 5) after all painting is complete and dry. Use decal setting solution for best results.
7. **Final Details:** Attach smaller details, mirrors, and other exterior accessories.

## OPERATING (DISPLAY AND HANDLING)

Once assembled, your Italeri Scania R730 Streamline Chimera model is intended for display. Handle the model with care to prevent damage to delicate parts or paintwork. Avoid exposing the model to direct sunlight or extreme

temperatures, which can cause warping or fading.

## MAINTENANCE

---

To maintain the appearance of your model, occasional cleaning is recommended.

- **Dusting:** Use a soft, dry brush or a can of compressed air to gently remove dust from the model's surface.
- **Cleaning:** For stubborn dirt, lightly dampen a soft cloth with water (and a tiny amount of mild soap if necessary) and gently wipe the affected area. Avoid harsh chemicals or abrasive materials.
- **Storage:** If storing the model, place it in a dust-free environment, ideally in a display case or a sealed container, to protect it from environmental elements.

## TROUBLESHOOTING

---

Encountering issues during assembly is common. Here are some tips for common problems:

- **Parts Not Fitting:** Ensure all flash is removed from the parts. Sometimes, a small amount of sanding or filing may be needed for a perfect fit. Do not force parts together.
- **Decals Not Adhering:** Ensure the surface is clean and smooth. Use decal setting solution to help decals conform to irregular surfaces and adhere better.
- **Paint Issues:** If paint is not adhering or appears uneven, ensure the surface is clean and properly primed. Apply paint in thin, even coats.
- **Missing Parts:** Double-check the sprues and packaging. If a part is genuinely missing, contact Italeri customer support.

## SPECIFICATIONS

---

Feature	Detail
Brand	Italeri
Model Number	3930
Model Name	Scania R730 Streamline Chimera
Scale	1:24
Material	Plastic
Recommended Age	10 years and up
Paint Type	Acrylic (recommended)
Special Features	Show Truck, Detailed Exterior Design, High-End Interiors
