CAROTE 8" Classic Granite Frying Pan

CAROTE 8-Inch Nonstick Frying Pan Skillet Instruction Manual

Model: 8" Classic Granite Frying Pan

INTRODUCTION

Thank you for choosing the CAROTE 8-Inch Nonstick Frying Pan Skillet. This pan features an eco-friendly non-stick granite material, free from PFOS and PFOA, ensuring safer and healthier cooking. Its design allows for quick and even heating, making it suitable for all cooktops, including induction. This manual provides essential information for the proper use and care of your new frying pan.

SETUP AND FIRST USE

1. **Unpacking:** Carefully remove the frying pan from its packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the pan thoroughly with warm soapy water and a soft sponge. Rinse and dry completely.
3. **Seasoning (Optional but Recommended):** For optimal non-stick performance, lightly coat the interior of the pan with a small amount of cooking oil (e.g., vegetable oil, canola oil). Heat the pan over low heat for 1-2 minutes, then let it cool. Wipe off any excess oil with a paper towel. This process helps to condition the non-stick surface.

OPERATING INSTRUCTIONS

Cooking with Your Pan

- **Heat Settings:** The pan heats up quickly and evenly. Use low to medium heat for most cooking tasks. High heat is generally not necessary and can damage the non-stick coating over time.
- **Oil Usage:** Due to its superior non-stick properties, less oil is needed for cooking. This contributes to

healthier meals and reduced smoke.

- **Compatible Cooktops:** This pan is suitable for all cooktops, including gas, ceramic, electric, and induction. The high magnetic conductive stainless steel base ensures efficient heating on induction stoves.
- **Recommended Uses:** Ideal for frying, sautéing vegetables, pan-frying meats or fish, griddling pancakes or eggs, searing steaks, and cooking omelets.

MAINTENANCE AND CARE

- **Cleaning:** The pan is easy to clean. Simply wipe it with a paper towel or rinse with water. For stubborn food residue, use warm soapy water and a soft sponge or cloth. Avoid abrasive cleaners or scouring pads, as these can damage the non-stick coating.
- **Dishwasher Safety:** This pan is **NOT** dishwasher safe. Hand washing is recommended to preserve the

non-stick surface and the handle's integrity.

- **Avoid Dry Heating:** Do not heat an empty pan for extended periods, as this can damage the non-stick coating and potentially warp the pan.
- **Utensils:** Use wooden, silicone, or plastic utensils to avoid scratching the non-stick surface. Metal utensils are not recommended.
- **Storage:** When storing, place a soft cloth or pan protector between pans if stacking to prevent scratches.

TROUBLESHOOTING

While the CAROTE frying pan is designed for durability and performance, here are some common issues and solutions:

- **Food Sticking:** Ensure the pan is clean and properly seasoned. Use a small amount of oil or butter. Avoid excessively high heat, which can degrade the non-stick properties over time.
- **Uneven Heating:** Verify that the pan is centered on the heat source. For induction cooktops, ensure the burner size matches the pan's base diameter for optimal heat distribution.
- **Handle Loosening:** If the handle becomes loose, gently tighten the screw located on the underside of the

handle. Do not overtighten.

SPECIFICATIONS

Feature	Detail
Brand	CAROTE
Model Name	A00010
Model Number	8" Classic Granite Frying Pan
Material	Aluminum, Non Stick Granite
Special Feature	Easy to clean, Non Stick
Color	Black
Capacity	0.56 Kilograms (Item Weight)
Recommended Uses	Frying, Sautéing
Compatible Devices	Gas, Induction, and all cooktops
Maximum Temperature	482 Degrees Fahrenheit
Oven Safe	No
Dishwasher Safe	No
Handle Material	Bakelite
GTIN (UPC)	637045094369
