AILKIN PT-WC-13

AILKIN 2.1A Dual Port USB Wall Charger Instruction Manual

Model: PT-WC-13 | Brand: AILKIN

1. INTRODUCTION

The AILKIN 2.1A Dual Port USB Wall Charger is designed to provide efficient and safe charging for a wide range of USB-powered devices. Its compact and portable design makes it suitable for home, office, or travel use. This manual provides essential information for the proper setup, operation, and maintenance of your charger.

2. PRODUCT FEATURES

- **Dual-USB Output:** Provides a total current of 5V/2.1A, allowing simultaneous high-speed charging for two mobile devices.
- **Universal Input Voltage:** Supports 100-240V input, making it suitable for international travel.
- **Safety Assurance:** Equipped with a protection system against overcharging, over-currents, and overheating. The charger automatically stops charging when the device battery is full.
- **Compact and Portable:** Designed to be lightweight and easy to store, ideal for travel and everyday use.
- **Universal Compatibility:** Compatible with a wide range of USB-A cable/cords and devices, including various iPhone, Samsung Galaxy, Google Pixel, LG, Moto, Kindle Fire models, and more.

Universal compatibility

Maximize your charging time. Power up a wide range of devices from earbuds to laptops.*

*Widely compatible with iPhone, Samsung Galaxy, Google Pixel, Vivo, Honor, BLU, Pad, Kindle, Earbuds and Any USB Cable Connect Devices

3. WHAT'S IN THE BOX

- 2 x AILKIN Dual Port Power Adapters (Model PT-WC-13)

4. SETUP INSTRUCTIONS

1. **Plug into Wall Outlet:** Insert the charger into a standard wall outlet (100-240V).
2. **Connect USB Cable:** Connect your device's USB-A charging cable to one of the two USB ports on the charger.
3. **Connect to Device:** Plug the other end of the USB cable into your electronic device.

Dual USB Ports

The dual USB port design could charge 2 devices simultaneously at full speed.

*Compatible with all standard USB Cables.

5. OPERATING INSTRUCTIONS

Once connected, the charger will automatically begin charging your device(s). The intelligent design ensures optimal charging speed while protecting against common electrical issues.

- **Dual Device Charging:** You can charge two devices simultaneously. The total output current is 2.1A. If only one port is used, it can deliver up to 2.1A. If both ports are used, the 2.1A total output is shared between them.

- **Automatic Shut-off:** The charger is designed to stop charging automatically once your device's battery is full, preventing overcharging and extending battery life.

6. MAINTENANCE

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a dry, soft cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures. Its compact size (1.25 x 1.25 x 2.16 inches) makes it easy to store in bags or drawers.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts, as this may damage internal components.

7. TROUBLESHOOTING

If you encounter any issues with your AILKIN USB Wall Charger, please refer to the following common questions and answers:

- **Q: Is the 2.1A output for each port or total?**

A: The 2.1A is the maximum output if only one port is used. When both ports are in use, the total maximum output is 2.1A, shared between the two ports.

- **Q: Is this a quick charger?**

A: This charger does not support Qualcomm Quick Charge technology. It provides faster charging than a standard wall charger. For example, an iPhone may charge fully in up to 2 hours, and an iPad in up to 2.8 hours.

- **Q: Will this work with my device?**

A: This wall charger features standard USB-A ports and is compatible with almost all USB phones and tablets, including various models of iPhone, Samsung Galaxy, Google Pixel, LG, Moto, and Kindle Fire, provided you use a compatible USB-A charging cable.

- **Q: Does the charger overheat?**

A: The AILKIN charger has a built-in protection system against overheating. If you notice excessive heat, discontinue use and ensure proper ventilation.

8. SPECIFICATIONS

Feature	Detail
Model Number	PT-WC-13
Product Dimensions	1.25 x 1.25 x 2.16 inches
Item Weight	0.388 ounces
Input Voltage	100-240 Volts
Amperage	2.1 Amps (Total)
Total USB Ports	2 (USB-A)
Color	White
Special Features	Lightweight Design, Fast Charging, Travel, Short Circuit Protection

9. WARRANTY AND SUPPORT

The AILKIN 2.1A Dual Port USB Wall Charger comes with a 12-Month warranty. For any support inquiries or warranty claims, please contact AILKIN customer service through your purchase platform.
