

## Cat CT9011

# Cat CT9011 600-Lumen LED Rechargeable Spotlight Flashlight User Manual

Model: CT9011

## INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Cat CT9011 600-Lumen LED Rechargeable Spotlight Flashlight. Please read this manual thoroughly before operating the device and retain it for future reference.

**Image 1:** Cat CT9011 600-Lumen LED Rechargeable Spotlight Flashlight. This image displays the yellow and black flashlight, highlighting its rectangular LED light panel and ergonomic handle.

## PRODUCT FEATURES

The Cat CT9011 flashlight is designed for durability and performance, featuring:

- **Advanced LED Technology:** Utilizes new COB LED technology for bright illumination.
- **Dual Brightness Modes:** Offers High (600 Lumens) and Low (300 Lumens) settings.
- **Rechargeable Battery:** Integrated Lithium-Ion battery, rechargeable via any USB port.
- **Magnetic Base:** Allows for hands-free operation by attaching to metallic surfaces.
- **Rotating Hook:** Provides versatile hanging options for various work environments.
- **Rugged Construction:** Durable ABS body designed for demanding use.
- **Charge Indicator Lights:** Visual cues for battery charging status.
- **Water Resistance:** Designed to withstand splashes and light rain.

## SETUP: INITIAL CHARGING

---

Before first use, or when the battery is low, fully charge your Cat CT9011 flashlight.

1. Locate the USB charging port on the flashlight.
2. Connect the provided USB charging cable to the flashlight's port.
3. Plug the other end of the USB cable into any standard USB power source (e.g., computer, wall adapter, car charger).
4. The charge indicator lights will illuminate to show charging progress.
5. A full charge typically takes approximately **3.5 hours**. The indicator lights will change or turn off once charging is complete.
6. Disconnect the charging cable once fully charged.

**Note:** Do not attempt to use the flashlight while it is charging to ensure optimal battery life and safety.

## OPERATING INSTRUCTIONS

---

Follow these steps to operate your flashlight:

- **Power On/Off:** Press the power button once to turn the flashlight on. Press it again to cycle through brightness modes or turn off.
- **Brightness Modes:**
  - First press: High mode (600 Lumens)
  - Second press: Low mode (300 Lumens)
  - Third press: Off
- **Using the Magnetic Base:** The integrated magnet allows you to attach the flashlight to ferrous metal surfaces for hands-free illumination.
- **Using the Rotating Hook:** Extend the rotating hook from the body of the flashlight to hang it from various objects, providing directional light.

## MAINTENANCE

---

Proper maintenance ensures the longevity and performance of your flashlight.

- **Cleaning:** Wipe the flashlight with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Battery Care:** To maintain battery health, recharge the flashlight regularly, even if not in frequent use. Avoid fully depleting the battery for extended periods.
- **Storage:** Store the flashlight in a cool, dry place away from direct sunlight and extreme temperatures.

- **Water Resistance:** While water-resistant, avoid submerging the flashlight in water. Ensure the charging port cover (if present) is securely closed when not charging to maintain water resistance.

## TROUBLESHOOTING

---

If you encounter issues with your Cat CT9011 flashlight, refer to the following common problems and solutions:

- **Flashlight does not turn on:**
  - Ensure the battery is charged. Connect to a USB power source and check indicator lights.
  - Verify the power button is functioning correctly by pressing it firmly.
- **Flashlight is dim or flickers:**
  - The battery may be low. Recharge the flashlight fully.
  - Ensure the LED surface is clean and free from obstructions.
- **Flashlight does not charge:**
  - Check the USB cable for damage and ensure it is securely connected to both the flashlight and the power source.
  - Try a different USB power source or charging cable.
  - Ensure the charging port is clean and free of debris.

If these steps do not resolve the issue, please contact customer support.

## SPECIFICATIONS
