ASAKUKI AD004

ASAKUKI 700 ml Premium Essential Oil Diffuser User Manual

Model: AD004

PRODUCT OVERVIEW

The ASAKUKI 700 ml Premium Essential Oil Diffuser is a multi-functional aromatherapy device designed to enhance your living space. It combines the benefits of an essential oil diffuser, humidifier, and night light, offering a comprehensive solution for a pleasant and comfortable environment.

Key features include a large 700 ml water tank for extended operation, multiple mist diffusion modes, and 7 LED light colors to create various ambiances. For safety and convenience, it is equipped with an automatic shut-off switch that activates when the water level is low.

SAFETY PRECAUTIONS

To ensure safe operation and prolong the life of your diffuser, please adhere to the following guidelines:

- Always use essential oils as directed.
- Keep the diffuser out of reach of children and pets.
- Avoid direct skin contact with undiluted essential oils.
- Ensure proper ventilation in the area where the diffuser is used.
- Do not ingest essential oils.
- If you experience any adverse reactions, discontinue use and consult a healthcare professional.
- Do not exceed the maximum water fill line to prevent overflow.
- Only use the provided power adapter.

SETUP GUIDE

Follow these steps to set up your ASAKUKI Essential Oil Diffuser:

1. Unpack all components: 1 x 700ml Oil Diffuser, 1 x AC Power Adapter, 1 x User Manual, 1 x Measuring Cup.
2. Place the diffuser on a flat, stable, and water-resistant surface.
3. Remove the top cover of the diffuser.
4. Connect the AC power adapter to the DC socket at the bottom of the diffuser.
5. Fill the water tank with clean tap water using the measuring cup. Do not exceed the maximum water level line (700 ml).
6. Add 5-10 drops of your preferred essential oil directly into the water tank. Adjust the amount based on desired fragrance intensity.
7. Replace the top cover securely.
8. Plug the power adapter into a standard electrical outlet.

Long Lasting Mist

Works through the night

700ml
Large Capacity

20 H
Run Time

The diffuser features a 700ml large capacity water tank, allowing for up to 20 hours of continuous operation.

OPERATING INSTRUCTIONS

Your ASAUKI diffuser offers various settings for mist and light control:

Mist Control

- Press the **MIST** button once to turn on continuous mist.
- Press the **MIST** button a second time to switch to intermittent mist (30 seconds on, 30 seconds off).
- Press the **MIST** button a third time to turn off the mist.

Timer Settings

- Press the **MIST** button repeatedly to cycle through timer options: 1 hour, 3 hours, 6 hours, or continuous ON. The corresponding indicator light will illuminate.

Light Control

- Press the **LIGHT** button once to turn on the LED light, which will cycle through 7 colors automatically.
- Press the **LIGHT** button again to fix the light to your desired color.
- Press and hold the **LIGHT** button to adjust the brightness (dim/bright) of the current color.
- Press the **LIGHT** button repeatedly to cycle through the 7 individual colors.
- Press and hold the **LIGHT** button again to turn off the light.

Unique Square Design

Perfect for different house styles

The diffuser features intuitive buttons for mist, timer, and light control.

7 LED Mood Lights

The diffuser offers 7 LED mood light colors, with options to fix a color, adjust brightness, or turn lights off.

MAINTENANCE

Regular cleaning of your diffuser is essential for optimal performance and longevity. Follow these steps for proper maintenance:

Daily Maintenance

- After each use, empty any remaining water from the tank.
- Wipe the inside of the water tank with a clean, soft cloth or paper towel.

Weekly Cleaning

- Unplug the diffuser from the power outlet.
- Remove the top cover.

- Pour out any remaining water from the DRAIN SIDE of the tank.
- Add a small amount of neutral detergent to the water tank and wipe gently with a soft cloth.
- Rinse the tank with clean water, ensuring no detergent residue remains.
- Wipe the ultrasonic vibration plate (the small disc at the bottom of the tank) gently with a cotton swab dipped in white vinegar to remove any mineral buildup. Do not scrub or use abrasive materials.
- Allow all parts to air dry completely before reassembling or storing.

Note: Do not immerse the base of the diffuser in water.

Easy to Clean

The large opening water tank can easily be cleaned with towel

The large opening of the water tank allows for easy cleaning with a towel or soft cloth.

TROUBLESHOOTING

If you encounter any issues with your diffuser, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No mist or low mist output	Insufficient water in tank; Water level too high; Ultrasonic plate dirty; Air inlet blocked.	Add water to appropriate level; Empty excess water; Clean ultrasonic plate; Ensure air inlet is clear.
Diffuser does not turn on	No power connection; Adapter not properly connected; Diffuser overheated.	Check power outlet; Reconnect adapter securely; Unplug and let cool for 15 minutes before restarting.
Unusual odor from diffuser	Dirty water tank; Old essential oil residue.	Clean the water tank thoroughly; Use fresh water and essential oils.
Water leakage	Overfilled water tank; Top cover not properly secured.	Ensure water is below max line; Securely place the top cover.

If the problem persists after trying these solutions, please refer to the official user manual or contact customer support.
