› BAOYOUNI 4-Tier Tension Pole Shower Caddy with Towel Rail (Model DQJ006) - Instruction Manual

## BAOYOUNI DQJ006

# BAOYOUNI 4-Tier Tension Pole Shower Caddy with Towel Rail

Model: DQJ006 | Brand: BAOYOUNI

## INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your BAOYOUNI 4-Tier Tension Pole Shower Caddy. Please read this manual thoroughly before installation and use to ensure proper function and longevity of the product. This shower caddy is designed to organize bath essentials in a corner of your shower or bathtub, utilizing vertical space efficiently.

## SAFETY INFORMATION

- Ensure all parts are securely assembled before placing items on the shelves.
- Do not overload the shelves. Each tray can bear up to 5 kg (11 lbs).
- Verify the tension pole is firmly secured between the floor/tub and ceiling to prevent accidental collapse.
- Keep small parts away from children during assembly.
- Avoid using abrasive cleaners or materials that could damage the finish.

## PACKAGE CONTENTS

Please check that all the following components are included in your package:

- Tension Pole Sections (various lengths)
- 4 x Triangular Storage Trays
- 1 x Towel Bar
- Adjustable Rubber Rings
- End Caps (top and bottom)
- Hooks for trays

Figure 1: Overview of all included components, including pole sections, trays, towel bar, and small parts.

## SPECIFICATIONS

Feature	Detail
Product Dimensions	9.44"D x 11.8"W x 122.04"H (Maximum)
Adjustable Height Ranges	185cm-240cm (6ft 0.8in - 7ft 10.44in) or 255cm-310cm (8ft 4.39in - 10ft 2.04in)
Material	430 Stainless Steel Composite Pipe, PP, ABS
Color	Ivory
Number of Tiers	4
Weight Capacity per Tray	5 Kilograms (11 lbs)
Mounting Type	Tension Mount
Special Features	Portable, Rust Resistant, Adjustable Shelves, Towel Bar, Hooks, Drainage Holes

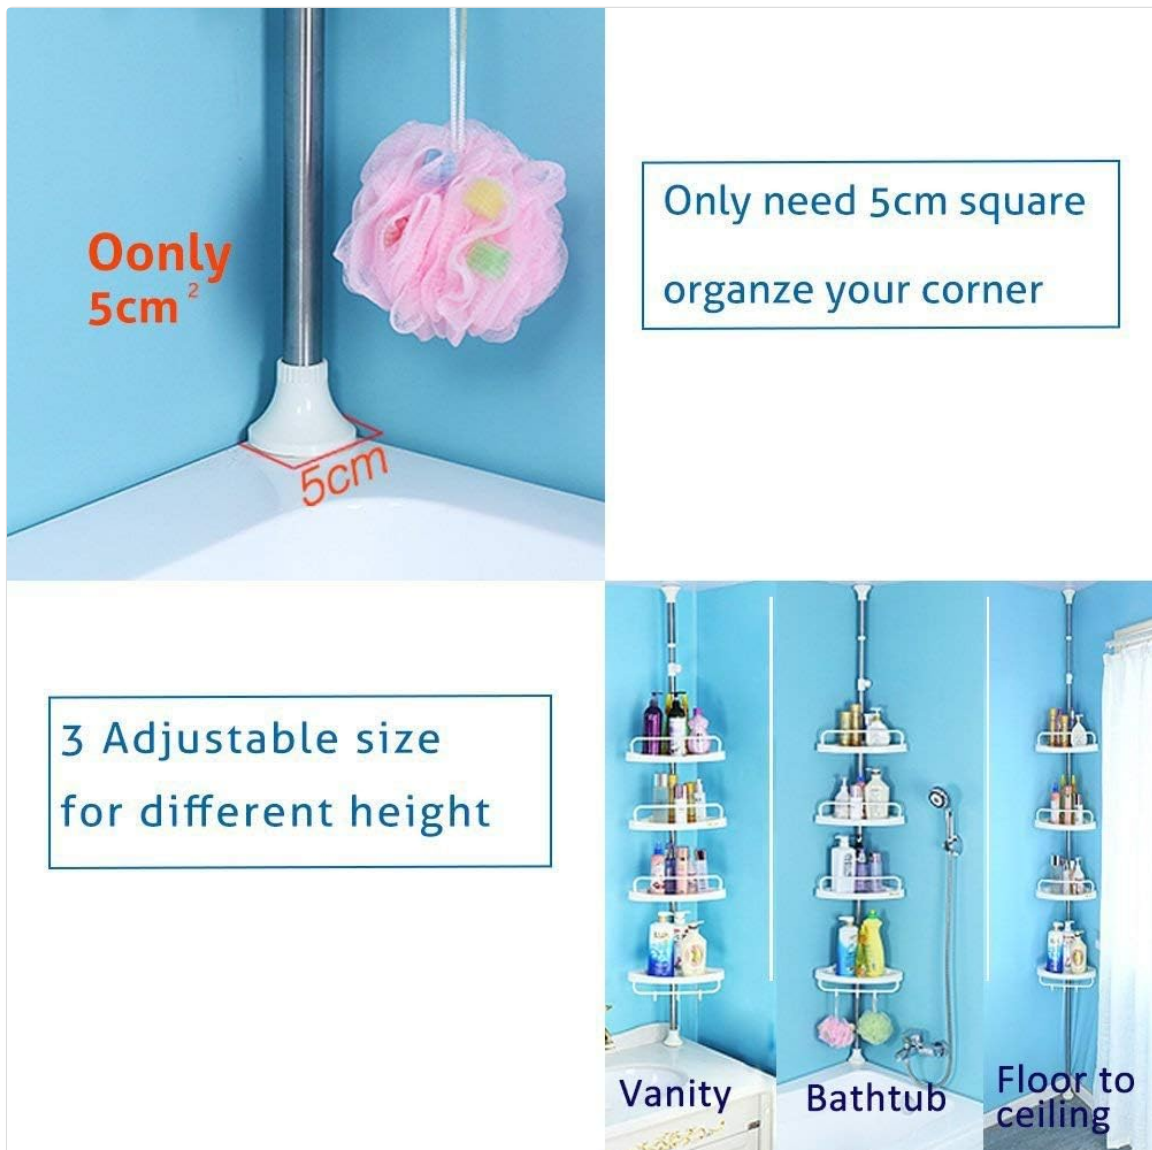

**Figure 2:** The tension pole offers two adjustable height ranges to fit various bathroom ceiling heights.

## ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your BAOYOUNI Shower Caddy. No tools are required for assembly.

1. **Prepare the Pole:** Connect the pole sections to achieve the desired height for your shower or bathtub area. The pole features an inner spring mechanism for tension.
2. **Attach End Caps:** Securely attach the top and bottom end caps to the assembled pole.
3. **Install Trays:** Slide the triangular trays onto the pole. Each tray includes a handle/guard rail. Ensure the drainage holes are facing downwards.
4. **Secure Trays:** Use the rubber rings to fix the position of each tray. Slide a rubber ring below each tray and push it upwards to create friction, holding the tray in place.
5. **Attach Towel Bar and Hooks:** Insert the towel bar into its designated slot on one of the trays. Attach the small hooks to the underside of the trays as desired for hanging items.
6. **Position the Caddy:** Place the assembled caddy in the corner of your shower or bathtub. Extend the pole by twisting or pulling the sections until it creates a snug fit between the floor/tub and the ceiling. Ensure it is stable and upright.

**Video 1:** A step-by-step guide demonstrating the assembly process of the BAOYOUNI Shower Caddy.

**Figure 3:** The compact design allows the caddy to fit into small corner spaces, requiring only 5cm of surface area.

Figure 4: Key features such as the drying design for trays, internal spring for easy installation, special TPE rubber for stability, and thick, rust-proof trays with 20kg capacity.

## OPERATING INSTRUCTIONS

The BAOYOUNI Shower Caddy is designed for ease of use and adjustability.

- **Adjusting Shelf Height:** To adjust a tray's height, gently slide the rubber ring downwards to loosen the tray, reposition the tray to your desired height, then slide the rubber ring back up firmly against the bottom of the tray to secure it.
- **Using the Towel Bar:** The integrated towel bar can be used to hang small towels or washcloths for easy access.
- **Utilizing Hooks:** The included hooks can be attached to the underside of the trays to hang loofahs, razors, or other shower accessories.

## MAINTENANCE

To ensure your shower caddy remains in optimal condition:

- **Cleaning:** Regularly wipe down the pole and trays with a soft cloth and mild soap or bathroom cleaner. Rinse thoroughly to prevent soap scum buildup.
- **Drying:** The trays feature drainage holes to prevent water accumulation. Ensure these holes remain clear for proper drying.
- **Inspection:** Periodically check the tension of the pole and the security of the trays. Re-adjust if necessary to maintain stability.

## TROUBLESHOOTING

- **Caddy is unstable:** Ensure the pole is fully extended and creating sufficient tension between the floor/tub and ceiling. Check that the end caps are properly seated.
- **Shelves slide down:** Make sure the rubber rings are pushed firmly against the bottom of each tray to create enough friction. Avoid overloading the shelves beyond the recommended weight capacity.
- **Difficulty adjusting height:** The pole has an internal spring mechanism. Ensure you are twisting or pulling the sections correctly to engage or disengage the tension for adjustment.

## WARRANTY AND SUPPORT

For warranty information or customer support, please refer to the product packaging or contact BAOYOUNI customer service directly through their official channels. Keep your purchase receipt for any warranty claims.
