REVLON RVFB7032

REVLON Invigorating Pedicure Foot Spa

Model: RVFB7032

User Manual

INTRODUCTION

Thank you for choosing the REVLON Invigorating Pedicure Foot Spa. This foot spa is designed to provide a soothing and invigorating massage experience for your feet, helping to relax and rejuvenate them after a long day. It features relaxing bubbles, a massaging roller, a removable pumice stone, and a 5-piece pedicure kit for a complete foot care solution. Please read this manual thoroughly before use to ensure safe and optimal operation.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of burns, fire, electric shock, or injury to persons:

- Always unplug this appliance from the electrical outlet immediately after using and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- An appliance should never be left unattended when plugged in.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been

dropped or damaged, or dropped into water. Return the appliance to a service center for examination and repair.

- Keep the cord away from heated surfaces.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not operate under a blanket or pillow. Excessive heating can occur and cause fire, electric shock, or injury to persons.
- Do not carry this appliance by supply cord or use cord as a handle.
- To disconnect, turn all controls to the OFF position, then remove plug from outlet.
- Do not attempt to repair the appliance. There are no user-serviceable parts.
- This appliance is for household use only.
- Do not stand in the foot spa. Use only while seated.
- Do not fill with water above the maximum fill line.
- Always start with warm water, as the unit is designed to maintain temperature, not heat cold water.

PRODUCT FEATURES

- **Soothing Massage & Bubbles:** Provides an invigorating massage with relaxing bubbles for ultimate foot relaxation.
- **Smart Heat Technology:** Maintains desired water temperature for soothing relief.*Note: This feature maintains temperature and does not heat cold water. Always start with warm water.*
- **Removable Pumice Stone:** Helps to soften and smooth rough skin on your feet.
- **Rolling Massager:** Integrated roller for targeted foot massage.
- **Toe-Touch Controls:** Easy operation without bending down.
- **5-Piece Pedicure Set:** Includes essential tools for a complete at-home pedicure.

Image: An icon illustrating the "Smart Heat" feature, indicating its ability to maintain desired water temperature.

PACKAGE CONTENTS

- REVLON Invigorating Pedicure Foot Spa Unit
- Removable Pumice Stone
- 5-Piece Pedicure Kit (typically includes toe separators, nail brush, nail clipper, etc.)

Image: The REVLON Foot Spa unit displayed alongside its 5-piece pedicure kit, which includes toe separators, a nail clipper, and a nail brush, all contained within a purple drawstring bag.

SETUP

1. **Placement:** Place the foot spa on a flat, stable, and waterproof surface. Ensure it is near an electrical outlet and away from any areas where water spills could cause damage.
2. **Fill with Water:** Fill the foot spa with warm water up to the indicated maximum fill line. Do not overfill.
3. **Plug In:** Plug the power cord into a standard electrical outlet.
4. **Seating:** Sit comfortably in a chair before placing your feet into the foot spa.

OPERATING INSTRUCTIONS

1. **Power On:** With your feet comfortably placed in the water, use your toe to press the power button located on the top of the unit. The bubbles and massage function will activate.
2. **Temperature Maintenance:** The Smart Heat feature will work to maintain the temperature of the warm water you added. It will not heat cold water.
3. **Using the Roller Massager:** Gently move your feet back and forth over the integrated rolling massager at the bottom of the spa for targeted relief.
4. **Using the Pumice Stone:** The removable pumice stone can be used to gently exfoliate and smooth rough areas on your feet while soaking.
5. **Duration:** Enjoy your foot spa experience for a comfortable duration, typically 15-30 minutes.
6. **Power Off:** When finished, use your toe to press the power button again to turn off the unit.
7. **Unplug:** Always unplug the foot spa from the electrical outlet immediately after use.

MAINTENANCE AND CARE

1. **Emptying:** After unplugging, carefully pour out the water from the foot spa. Avoid spilling water on the control panel or power cord.
2. **Cleaning:** Wipe the interior and exterior of the foot spa with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals.
3. **Drying:** Ensure the unit is completely dry before storing.
4. **Storage:** Store the foot spa in a cool, dry place, away from direct sunlight and out of reach of children. Do not wrap the power cord around the unit.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not turn on.	Not plugged in; power outlet not working; unit damaged.	Ensure unit is securely plugged into a working outlet. Check household fuse/circuit breaker. If still not working, contact customer support.
Bubbles are weak or absent.	Water level too high; air vents blocked.	Ensure water level is not above the maximum fill line. Check for any obstructions in the air vents at the bottom of the unit.

Problem	Possible Cause	Solution
Water is not heating up.	Unit is designed to maintain, not heat, water temperature.	Always start with warm water. The Smart Heat feature will maintain this temperature, but it will not warm up cold water.
