KLIM KLIM eSports

KLIM Esports Gaming Chair User Manual

Model: KLIM eSports

INTRODUCTION

Thank you for choosing the KLIM Esports Gaming Chair. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new gaming chair. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

Warning: This chair is designed for adults and has a maximum recommended weight capacity of 150 kg (330 lbs).

Assembly is required. Incorrect assembly may lead to instability or injury. Always follow the assembly instructions carefully and ensure the chair is fully assembled and all components are securely fastened before use. Do not exceed the maximum recommended weight to ensure the safety and stability of the chair.

PACKAGE CONTENTS

Before beginning assembly, please verify that all the following components are present in your package:

- KLIM Esports Gaming Chair components
- Instruction Manual
- Tool kit for assembly

- Lumbar cushion
- Cervical (neck) pillow

ASSEMBLY INSTRUCTIONS

The KLIM Esports Gaming Chair is designed for straightforward assembly, typically taking around 15 minutes. Follow these steps carefully to ensure proper setup.

1. Attach the chair mechanism to the seat base.
2. Connect the backrest to the seat base using the provided screws.
3. Install the armrests to the seat base.
4. Insert the gas lift cylinder into the chair mechanism.
5. Attach the five-star base to the gas lift cylinder.
6. Place the wheels into the five-star base.
7. Attach the lumbar cushion and cervical pillow as desired.

For a visual guide, an assembly video may be available on the manufacturer's official YouTube channel.

OPERATING INSTRUCTIONS

The KLIM Esports Gaming Chair offers multiple adjustment options to customize your seating experience for optimal comfort and ergonomic support.

- **Seat Height Adjustment:** Use the lever located under the seat on the right side to raise or lower the chair. To raise, lift the lever while taking your weight off the seat. To lower, lift the lever while seated.
- **Backrest Recline:** The backrest can be reclined up to 160 degrees. Use the lever on the right side of the chair, below the seat, to adjust the angle. Recline positions include:
 - 90° for work
 - 120° for gaming
 - 160° for relaxation
- **Armrest Adjustment (4D):** The armrests are multi-directional and can be adjusted in six positions. This includes height adjustment, forward/backward movement, left/right swivel, and inward/outward angle. Adjust them to support your arms and shoulders comfortably.
- **Lumbar and Cervical Support:** The included lumbar cushion and cervical pillow are adjustable. Position them to provide support to your lower back and neck as needed.

MAINTENANCE

To ensure the longevity and appearance of your KLIM Esports Gaming Chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the chair with a soft, damp cloth. For more stubborn stains on the PU leather, use a mild soap solution and then wipe dry. Avoid harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the PU leather to fade or crack. Position the chair away from direct sunlight when possible.
- **Weight Limit:** Adhere strictly to the maximum weight capacity of 150 kg (330 lbs) to prevent damage to the chair's components.

TROUBLESHOOTING

If you encounter any issues with your KLIM Esports Gaming Chair, please refer to the following common solutions:

- **Chair feels unstable:** Ensure all assembly screws are securely tightened. Check that the five-star base is properly attached to the gas lift cylinder.
- **Gas lift not working:** Verify that the height adjustment lever is fully engaged or disengaged. If the issue persists, the gas lift cylinder may need replacement.
- **Squeaking noises:** Apply a small amount of lubricant to moving parts, such as the chair mechanism or wheel axles. Ensure all connections are tight.
- **Armrests are loose:** Check the screws attaching the armrests to the seat base and tighten them if necessary.

If these steps do not resolve the issue, please contact KLIM customer support for further assistance.

SPECIFICATIONS

Feature	Detail
Brand	KLIM
