## mophie Power Boost XXL 20.8K

# mophie Power Boost XXL Power Pack User Manual

Model: Power Boost XXL (20,800 mAh)

## INTRODUCTION

---

The mophie Power Boost XXL is a high-capacity portable power pack designed to charge your mobile devices on the go. With a 20,800 mAh internal battery and dual USB-A charging ports, it provides extended power for smartphones, tablets, and other USB-enabled devices. This manual will guide you through the proper use and care of your Power Boost XXL.

## WHAT'S IN THE BOX

---

- mophie Power Boost XXL Power Pack
- USB-A to Micro USB Charging Cable
- Quick Start Guide (refer to this manual for detailed instructions)

## SETUP

---

### Charging Your Power Boost XXL

Before initial use, fully charge your mophie Power Boost XXL. This ensures optimal battery performance and longevity.

1. Connect the included USB-A to Micro USB charging cable to the Micro USB input port on the Power Boost XXL.
2. Plug the USB-A end of the cable into a compatible USB wall adapter (not included) or a computer's USB port.
3. The integrated four-light LED power indicator will illuminate to show the charging status. All four LEDs will be solid when the Power Boost XXL is fully charged.

*Charging time may vary depending on the power source. A full charge can take several hours.*

## OPERATING INSTRUCTIONS

---

### Charging Your Devices

The Power Boost XXL features dual USB-A output ports, allowing you to charge two devices simultaneously.

1. Connect your device's charging cable (USB-A end) to one of the USB-A output ports on the Power Boost XXL.
2. Connect the other end of your device's charging cable to your smartphone, tablet, or other USB-enabled device.
3. The Power Boost XXL will automatically begin charging your device. If charging does not

start, press the power button on the Power Boost XXL once.

4. The LED power indicator lights will show the remaining battery life of the Power Boost XXL during charging.

*The Power Boost XXL provides up to 2.1A output per port for efficient charging.*

## Checking Battery Level

To check the remaining battery level of your Power Boost XXL, simply press the power button once. The LED indicators will light up, with each light representing approximately 25% of the battery capacity.

**4 LEDs:** 75-100% charged

**3 LEDs:** 50-75% charged

**2 LEDs:** 25-50% charged

**1 LED:** 0-25% charged (recharge soon)

## MAINTENANCE

---

- Keep the Power Boost XXL dry and away from moisture.
- Do not expose the device to extreme temperatures (hot or cold).
- Clean the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- Store the Power Boost XXL in a cool, dry place when not in use.
- For optimal battery health, fully charge the Power Boost XXL at least once every three months if stored for extended periods.

## TROUBLESHOOTING

---

### Power Boost XXL Not Charging

- Ensure the Micro USB cable is securely connected to both the Power Boost XXL and the power source.
- Try using a different USB wall adapter or computer USB port.
- Verify that the power source is active and providing power.
- Check the Micro USB cable for any damage. Try a different cable if available.

### Device Not Charging from Power Boost XXL

- Ensure your device's charging cable is securely connected to both the Power Boost XXL and your device.
- Press the power button on the Power Boost XXL once to initiate charging.
- Check if the Power Boost XXL has sufficient charge (refer to "Checking Battery Level").
- Try using a different USB-A output port on the Power Boost XXL.
- Ensure your device's charging cable is not damaged.
- Confirm your device is compatible with USB charging.

### Slow Charging

- Ensure you are using a high-quality charging cable.
- If charging the Power Boost XXL, use a wall adapter with a higher output (e.g., 2.1A or higher) for faster charging.
- If charging a device, ensure the device's cable supports fast charging if applicable.

## SPECIFICATIONS

Feature	Detail
Internal Battery Capacity	20,800 mAh
Output Ports	2 x USB-A (up to 2.1A per port, 4.2A total)
Input Port	Micro USB
Dimensions	3.35 x 0.87 x 6.1 inches
Weight	1 pound
Model Number	4061_PWR-BOOST-20.8K-BLK
