NUWAVE Brio 7-in-1 Air Fryer Oven User Manual

Model: 37061

Brand: Nuwave

1. INTRODUCTION

Welcome to the world of healthier cooking with your new NUWAVE Brio 7-in-1 Air Fryer Oven. This versatile appliance utilizes super-heated air and an efficient air-flow design to cook a wide variety of foods, from crispy fried favorites to roasted meats and baked goods, with little to no added oil. Its intuitive digital controls and pre-programmed settings make cooking simple and convenient, allowing you to enjoy delicious meals with less guilt.

2. IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed, including the following:

- Read all instructions before operating the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electric shock, do not immerse cord, plugs, or the appliance housing in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.

- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

3. PRODUCT OVERVIEW

The NUWAVE Brio 7-in-1 Air Fryer Oven is designed for ease of use and efficient cooking. Below are its main components and control panel features.

3.1 Components

- **Main Unit:** The primary housing containing the heating element and control panel.
- **Air Fryer Basket:** A removable, non-stick basket for holding food during air frying.
- **Air Circulation Riser:** An ultra-non-stick, perforated component placed at the bottom of the basket to promote optimal air circulation and allow fat to drip away.
- **Reversible Rack:** A premium stainless steel rack that allows for multi-layer cooking.

Figure 3.2: Key components of the NUWAVE Brio Air Fryer: the main unit, the air fryer basket, the air circulation riser, and the reversible rack.

3.2 Control Panel

The Brio features intuitive digital controls with a cool white LED display for easy readability. The control panel allows for precise temperature and time adjustments, as well as access to various pre-programmed settings.

- **Temperature Controls:** Adjust temperature from 50°F to 400°F in 5°F increments.
- **Time Controls:** Set cooking time as needed.
- **Menu Button:** Access 100 pre-programmed menu presets for various dishes.
- **Preheat Button:** Activates the preheat function to ensure the cooking chamber reaches the perfect temperature.
- **Reheat Button:** Warms food at 360°F for 4 minutes for crispy leftovers.
- **Start/Pause Button:** Initiates or pauses the cooking process.
- **On/Off Button:** Powers the unit on or off.

A HEALTHIER WAY TO FRY

Enjoy deliciously crispy results made healthier by frying with little to no oil!

4. SETUP AND FIRST USE

4.1 Unpacking

Carefully remove all contents from the packaging. Ensure all packing materials, including any protective films or inserts, are removed from the appliance and its accessories.

4.2 Cleaning Before First Use

Before using your NUWAVE Brio for the first time, clean all removable parts thoroughly:

- Wash the air fryer basket, air circulation riser, and reversible rack with warm, soapy water. Rinse thoroughly and dry completely. All these components are dishwasher safe for easy cleanup.
- Wipe the exterior of the main unit with a damp cloth. Do not immerse the main unit in water or any other liquid.

4.3 Placement

Place the NUWAVE Brio on a stable, heat-resistant surface. Ensure there is adequate space (at least 6 inches) around the appliance for proper air circulation, especially at the rear where hot air is vented.

5. OPERATING INSTRUCTIONS

The NUWAVE Brio is designed for simple and efficient cooking. Follow these steps for optimal results.

5.1 Basic Operation

1. Place the air circulation riser (and reversible rack if needed) into the air fryer basket.
2. Place your food into the basket. Do not overfill to ensure even cooking.
3. Slide the basket firmly into the main unit.
4. Press the **ON/OFF** button to power on the unit.
5. Adjust the temperature using the temperature up/down arrows.
6. Adjust the cooking time using the time up/down arrows.
7. Press the **START/PAUSE** button to begin cooking.
8. The unit will automatically pause when the basket is pulled out and resume when pushed back in.
9. Once cooking is complete, the unit will beep and automatically shut off. Carefully remove the basket and transfer food.

5.2 Pre-programmed Settings and Features

- **100 Pre-programmed Menu Presets:** Use the **MENU** button to cycle through various presets for grilling, air frying, baking, broiling, roasting, dehydrating, reheating, toasting, and more. The Brio also offers 50 memory slots to save your favorite custom recipes.
- **Linear Thermal (Linear T) Technology:** This patented technology continuously monitors temperature fluctuations and makes constant power adjustments every second to maintain the set temperature, ensuring precise and perfect cooking results.
- **On-the-Fly Adjustments:** Easily adjust temperature or cooking time during the cooking process without needing to restart. Simply use the temperature or time arrows, and the unit will adapt immediately.
- **Preheat Function:** Use the **PREHEAT** button to ensure the cooking chamber reaches the desired temperature before adding food, leading to more consistent results.
- **Reheat Function:** The dedicated **REHEAT** button warms food at 360°F for 4 minutes, perfect for making leftovers crispy again.

6. MAINTENANCE AND CLEANING

Proper cleaning and maintenance will ensure the longevity and optimal performance of your NUWAVE Brio Air Fryer Oven.

6.1 Cleaning Components

- The air fryer basket, air circulation riser, and reversible rack are all ultra-non-stick and dishwasher safe. For best results, wash them in the dishwasher or by hand with warm, soapy water after each use.
- Avoid using abrasive cleaning pads or harsh detergents that could damage the non-stick coating.

Reversible Rack

The premium stainless steel reversible rack allows for multi-layer cooking.

Figure 6.1: The air fryer basket and circulation riser are non-stick, and the reversible rack is never-rust stainless steel. All are dishwasher safe, making cleanup easy.

6.2 Cleaning the Main Unit

- Wipe the exterior of the main unit with a soft, damp cloth.
- Never immerse the main unit in water or any other liquid.
- Ensure the appliance is unplugged and completely cool before cleaning.

7. TROUBLESHOOTING

If you encounter issues with your NUWAVE Brio, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outlet malfunction; basket not fully inserted.	Ensure the power cord is securely plugged into a working outlet. Push the air fryer basket completely into the main unit until it clicks into place.
Food is not cooked evenly.	Basket is overcrowded; food not shaken/flipped.	Cook food in smaller batches. For best results, shake or flip food halfway through the cooking time.
White smoke coming from the appliance.	Grease residue from previous use; high fat content food.	Clean the air fryer basket and air circulation riser thoroughly after each use. For high-fat foods, drain excess fat from the basket during cooking.
Food is not crispy.	Not enough cooking time; temperature too low; too much moisture.	Increase cooking time or temperature. Pat food dry before air frying. Ensure not to overcrowd the basket.

8. SPECIFICATIONS

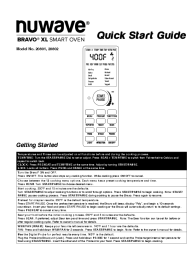

Feature	Detail
Brand	Nuwave
Model Name	Air Fryer
Item Model Number	37061
Capacity	7.25 Quarts
Product Dimensions	15.1"D x 16.5"W x 13.1"H
Item Weight	15 Pounds
